MAXIM®

GSC *Germicidal Spray Cleaner*

Features:

Disinfectant

Virucide

Tuberculocidal

Description

This product is designed specifically as a general non-acid ready-to-use, non-abrasive cleaner and disinfectant for use in hospitals, nursing homes, locker rooms, public restrooms, schools, office buildings, manufacturing facilities, lodging establishments, and athlete/recreational facilities where housekeeping is of prime importance in controlling the hazard of cross contamination.

Directions

DISINFECTION, DEODORIZING AND CLEANING:

1. Remove gross filth or heavy soil prior to application of the product.
2. Hold container six to eight inches from surface to be treated.
3. Spray area until it is covered with the solution.
4. Allow product to penetrate and the surface to remain wet for 3 minutes (for Bloodborne Pathogens: allow surface to remain wet for HIV-1 1 minute and for HBV and HCV 5 minutes).
5. No scrubbing is necessary.
6. Wipe off with a clean cloth, mop or sponge.
7. The product will not leave grit or soap scum.
