

CIVIL IMPACT

The MIAPBC provides essential leadership to marine businesses because it combines the vital market segment and gives it a voice that speaks louder than individuals and businesses. This collective voice works to address key issues important to boaters and marine businesses in Palm Beach County. The MIAPBC:

- Actively lobbies local, state, and federal agencies and lawmakers on important marine issues.
- Partners with other agencies and organizations to promote the county as an ideal boating destination.
- Supports candidates for local and state office who will best represent the interest of the area's boaters and marine businesses.
- Continues to fund studies to determine the economic impact our industry has in Palm Beach County.

Help support and grow your industry!
