I am the owner of Purity Skin Studio.
I am nominating my business because we have been able to demonstrate every characteristic listed. Below are the examples:

- We had 40% growth in 2020 and that is during a pandemic in which we were closed for 2 full months. We grew in volume so much we added a full time employee to add to the 7 we already had.
- During the shut down we created at home facial kits that we hand delivered to keep our clients' skin healthy.
- Our customer service is our top priority. We want everyone who walks through our doors to have the best experience possible!
- Purity paid for 2 estheticians to complete permanent makeup school and 2 other estheticians to complete

laser school to further their education and career.

- And lastly Purity adopted a 7 child family at Christmas time as well as held a coat drive for CASA for the months of November and December.

At Purity we believe in lifting others up. We invest in our staff and community and would love to be considered for small business of the year!
