

Chamber Association Health Plan

Helping Members Save on Healthcare Costs

The Chamber's Association Health Plan (AHP) aims to save members and their employees money, while giving them more options with their healthcare choices. New rules permit chamber of commerce groups to band together to purchase their healthcare coverage and to be subject to a large group rating through association health plans.

Benefits of The Greater Springfield Chamber of Commerce AHP:

- Improved pricing.
- Greater buying power.
- Provides renewal stability.
- Multiple plan choices.

Plan Options

Through the association, you will gain the buying power of a larger employer when it comes to your healthcare options, including exposure to benefit plan choices currently unavailable to traditional small group employers.

Coverage You Can Trust

Health Alliance™, well known throughout the state for high-quality care and excellent service, coordinates essential services, including claims administration, medical management, provider network access and pharmacy benefits for the association. The integrated communications and processes in these key areas help set Health Alliance apart from other plans that employ less effective, piecemeal approaches.

Health Alliance has a large network of doctors, hospitals and clinics that must meet a high standard of care to be considered for participation. This helps ensure members get top-notch care, and competitive provider contracts mean they get it at the best possible price.

Valuable Perks

To help your employees be their best, all association health plans come packed with helpful extras at no additional cost.

- Active&Fit Direct™ fitness program.
- 24-hour Nurse Advice Line.
- Disease management programs.
- Fitness Allowance Program.
- Treatment Cost Calculator to compare prices.
- Travel coverage through Assist America®.

Members can also log in to hally.com to search their network, order ID cards, check the status of claims and more.

Get care anytime, anywhere with virtual visits.

Get care when and where you need it with virtual health coverage. If you need to interact with your primary care provider (PCP) or specialist over the phone or online, you're covered through the telehealth benefit. You don't even need to leave the comfort of your home.

You can also get care for common conditions like allergies, cold, flu and pink eye from anywhere you have phone or internet connection in the U.S. Whether at home or traveling, you can talk to a board certified doctor or counselor by phone or secure video through hally.com at any time of the day, any day of the year.

About The Chamber

The Greater Springfield Chamber of Commerce's mission is to enhance our members' success and advocate on their behalf. Our vision is to be the voice of business and a catalyst that promotes a vibrant community and economy.

We partner with members, investors, volunteers and the community at-large and hold ourselves accountable for:

- Providing superior services to our members.
- Promoting our community as a great place to live and work.
- Advocating for legislative policies and practices conducive for a thriving business community and opposing those that are not.

For more information, please contact The Greater Springfield Chamber of Commerce at (217) 525-1173.
