

CONSIDER A CAREER IN BANKING

GO TO

for more information on career options.

Do you want a career in a field that aligns with its employees' values, offers opportunities to give back to their **community**, **career advancement**, **education** and **training**, **job flexibility**, **competitive salaries** and **benefits**?

So **WHAT DO BANKS DO** anyway?

Banking is essentially a service business. Bankers identify the financial needs of each segment of society — business, government and consumers — and then develop banking services to meet those needs. The banking industry is innovating just like any progressive industry.

You can be part of this challenging and fulfilling environment. Take a closer look at the many opportunities you can enjoy with a career in banking.

What are the **QUALIFICATIONS FOR A CAREER** in banking?

- ▶ Good academic standing and attendance record
- ▶ Some jobs require a high school degree and good math skills
- ▶ Good credit history
- ▶ Desire to work with people and as a team
- ▶ Communication skills

What **CAREER OPPORTUNITIES** are available in banks?

While you may be most familiar with the tellers and customer service representatives at your own bank, there are many other employees who work in key areas of a bank:

Accounting/Finance
Business Development
Compliance
Credit/Lending
Human Resources

Information Technology
Marketing/Communications
Operations
Security
Training

Banking might be the answer to your career goals.

WHAT'S THE NEXT STEP?

- ▶ Contact your school guidance counselor and see if your skills are suited to a banking career after high school or college.
- ▶ Work with your guidance counselor or contact a bank to set up a job shadow to experience a “day in the life” of a banker.
- ▶ Seek out summer employment opportunities at a bank in your area of interest.
- ▶ Talk to those who already work in a bank.
 - Why did they choose a banking career?
 - What did they do in school to get to this career?
 - What do they enjoy most about working for a bank?
- ▶ Contact your local bank’s human resources department or go online to learn more about their career opportunities.
