# MESSAGE FROM OUR Parish President

Welcome to Livingston Parish! We have truly experienced an awesome year and are looking forward to another year of progress for 2011. We remained below the national average on unemployment and above average on our schools, home sales and values. Below are a few highlights of what our parish has pulled together to accomplish during the year 2010.

Although we have endured years of traffic congestion and continue to see higher traffic volume, we are excited to see progress along the I-12 corridor. The Louisiana Department of Transportation and Development projects the interstate widening will be completed by 2013. This project includes the widening of overpasses from the O'Neal Lane exit in Baton Rouge to Walker and replacement of the Amite River bridge. They are also working to rebuild two other bridges over the Amite River: Hwy. 190 and Hwy. 64.

There are numerous other projects going on such as Eden Church Road improvements and the roundabout at Hwy. 190 and Eden Church Road to assist with better traffic flow at peak hours.

We will have increased options for health care in 2011. The North Oaks Medical Complex has opened at the Satsuma I-12 exit, and Our Lady of the Lake Medical Center is building a facility at the Walker exit. Funding was secured and progress has been made to upgrade interchanges in the parish along I-12. Livingston/Frost has been completed, with the Satsuma exit next on the list, then Holden and Springfield.

Other exciting news is the continued growth of the retail market. Livingston Parish recently received the "green light" on the new Wal-Mart along Hwy. 16 in Watson and a new Sam's Club near Bass Pro. A new Albertson's Supermarket will be landing in Denham Springs at the old Winn-Dixie building to provide the local market another option of shopping for groceries, and Juban Crossing is continuing to secure more strongly-branded department stores to bring to our community.

Due to the size of these projects, along with market and economy changes, it sometimes takes longer than most other projects to get them under construction and completed. However, we will eventually be able to provide retail services like we never have experienced in our parish before. This will also help continue to boost our market value and allow for a stronger financial future. Just like the Bass Pro project,

it took everyone pulling together to make it happen, and now we all feel a bit of the "ownership" of the success. We anticipate the same public support and expectations for many more upcoming projects.

When Livingston Parish had nothing else, we had our great school system. Well, we still do! Most people relocating to our parish will say that is why they came and stayed. We have one of the strongest school systems in Louisiana and continue to rank nationally. We are proud of our schools, teachers, service workers and school board administration. If you don't believe me, just ask anyone in our parish.

We also believe the schools are why our real estate market has remained strong even through the tough economy. Home values and sales have seen a slight decrease, yet seem to be fairing very well compared to other parishes and other states.

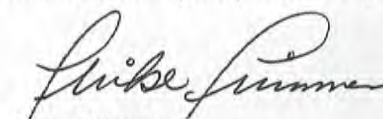

The parish recently purchased more building space for courthouse expansion to help alleviate overcrowded courtrooms. We are planning to build a new governmental complex in the near future to provide a safer environment for the public, as well as conserve energy and provide cost savings to the parish. The current courthouse will be preserved as a part of history.

For all of the above reasons and many more, our parish NEEDS a comprehensive master plan. Our administration will continue to pursue the best firm for our parish to move forward and protect our residents' land use. The more we grow, the higher the need rises to make sure we are protected.

Tourism continues to increase in volume. We have many wonderful places to visit and see throughout our parish. Just to name a few, we have: Tickfaw State Park; two first class golf courses – Greystone Country Club in Denham Springs and Carter Plantation in Springfield; wonderful waterways along the Amite River, Diversion Canal and Lake Maurepas; great shopping in the antiques district of Denham Springs, along with wonderful hotels and dining.

In closing, I want to personally thank the people of this parish for working together, staying engaged, and bringing to fruition our goals and dreams. Livingston Parish is truly the place to be!

Special thanks to our Chamber of Commerce, Economic Development Council, Board of Realtors and many others for their tireless efforts made to continue our progress for Livingston Parish. May God bless each of you, and I look forward to another great year for our parish.

  
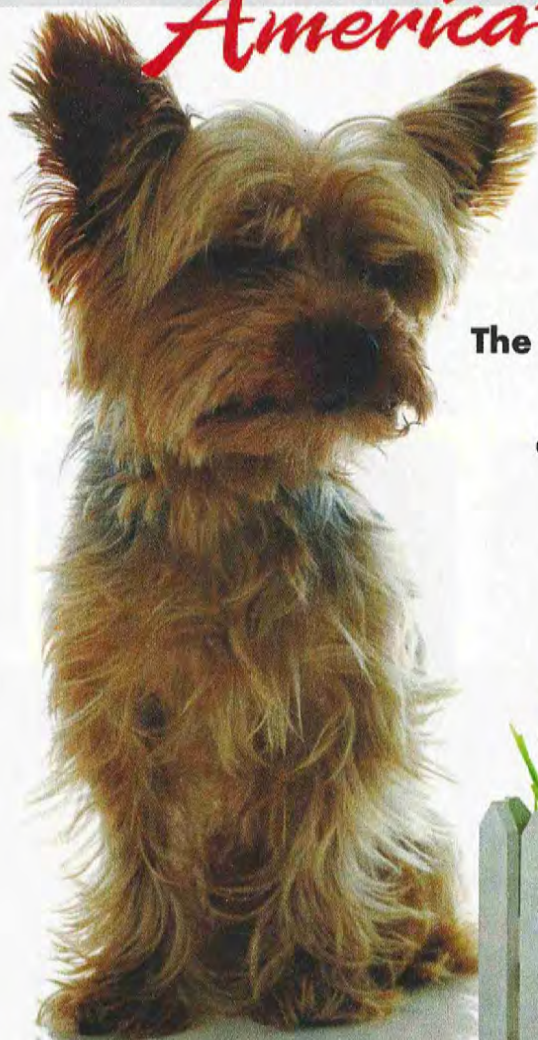

Mike Grimmer  
Livingston Parish President

## To our Chamber of Commerce Partners:

What an honor it is to represent the members of the Livingston Parish Chamber of Commerce. Our mission is to help our members' businesses grow and succeed and help enhance the parish's economy.

To all of you, thank you for your continuing support and dedication to making this parish a major commercial hub. Livingston Parish continues to be one of Louisiana's fastest growing parishes, and the Chamber is proud to be part of that growth.

Membership participation is the heart of the Chamber of Commerce. If you're not already involved with one of our many worthwhile committees, I invite you to call the Chamber office and volunteer in an area you are interested in and can contribute to.

This directory is designed to give you easy access to member information through alphabetical and categorical listings. Other useful information includes government information, community profiles, a listing of schools, parish attractions and a calendar of events. For your convenience, it is also published on the Chamber's website.

I hope you will take time to consult this year's directory whenever you need goods or services and that you continue to choose and support your fellow Chamber businesses whenever possible. Please take note of the advertisements in this directory which showcase the businesses whose support is essential to the Chamber's directory.

I challenge all our members to learn about and utilize all the services of the Chamber that can help better their businesses and our community. I also invite any non- members to join us at a monthly networking event and see just what the Livingston Parish Chamber of Commerce can do for them.

I look forward to another banner year as we continue to open doors for local commerce and development. Remember, we are here for you!

# Serving the community, advancing education and promoting commerce

Congressman Bill Cassidy was the feature speaker for the March 2010 general membership meeting. The topic of biggest concern to the audience was the newly-enacted national healthcare legislation.

At the Livingston Parish Chamber of Commerce, we strive to aggressively promote a healthy economic climate for local businesses, encourage all levels of education and enhance our status as a vibrant and thriving Chamber and community. We accomplish this in many ways:

**Annual Directory:** Our magazine-style directory is a comprehensive guide to Livingston Parish as well as to the businesses that are our members. It's a valuable marketing tool that is distributed to members, non-members, visitors, and companies interested in the parish. It's also available at the Chamber office and through the parish president's office, the Livingston Economic Development Council, the Livingston Parish Convention and Visitor's Bureau, each municipality office in the parish and is distributed at various events. Each business member is listed in both the alphabetical and category sections, and the entire directory is available online at the chamber website, [www.livingstonparishchamber.org](http://www.livingstonparishchamber.org).

**Website:** Visit

[www.livingstonparishchamber.org](http://www.livingstonparishchamber.org) for

information about the Chamber, the Chamber calendar, the Board of Directors, Chamber news

our Business Spotlight

which focuses on a different member business each month. Members can access and update their own information as needed.

**Newsletter:** The Chamber's monthly electronic newsletter includes notices of upcoming events, new-member announcements, the business spotlight and more. Advertising in the newsletter is one more opportunity members have to get the word out about their businesses.

**Grand Openings/Ribbon Cuttings:** Representatives of the Chamber attend grand openings of local businesses to help facilitate the ribbon cutting ceremony and to show their support for every business in the parish. Notices of grand openings are emailed to members and the media.

**Committees:** The Chamber accomplishes its goals through hard-working

committees that are effective and fun to serve on. The committees are Economic Development, Education, Legislative and Governmental Affairs, Membership, Golf Tournament, Christmas Parade, Speakers, Public Relations, Business After Hours, Directory, Annual Gala and Building.

**Education:** Recognizing that today's students are tomorrow's community leaders and workforce, the Education Committee assists education leaders in the development and maintenance of quality educational programs, with emphasis on improving teacher-business relationships and student-business relationships. The committee recognizes outstanding students through its Student of the Month awards and scholarships to parish high school seniors. School educators and staff are also honored.

**Partnerships:** The Chamber works closely with the Livingston Economic Development Council, the parish president's office, the municipalities in the parish and other civic organizations to achieve a common goal of promoting the parish, supporting local businesses and attracting new development.

To improve the education of Livingston Parish students and encourage students to attend college, the Chamber each year awards 20 scholarships of \$500 each. Any student who is a senior at a Livingston Parish high school and is on track for graduation is eligible to submit an application.

## Networking opportunities for members

• **General membership meetings:** Monthly luncheon meetings provide networking and education opportunities.

The Chamber provides guest speakers, health fairs, political forums and other timely events.

• **Breakfast on the Run:** Run in for a quick continental breakfast and run back out with great contacts before your business opens. This casual, open-door policy is networking with flexibility and is held once a month.

• **Leads for Lunch:** Networking is the name of the game at the monthly Leads for Lunch meetings. Attendees each share a few words about their business over lunch, thus raising their profile and ultimately increasing their business as well as making contact with businesses.

• **Chamber After Hours:** A quarterly social event held after business hours, usually on the premises of the host's business.

Chamber members relax, enjoy refreshments, meet new people, share business news and get to know fellow members on a more casual level. The host has a wonderful opportunity to present themselves and their business to other chamber members.

TOP: U.S. Chamber of Commerce Regional Manager John Gonzales spoke to the general membership meeting in July 2010 and spoke bluntly about his dissatisfaction with the Obama administration.

BOTTOM: Chamber members enjoyed the casual social setting of the Business After Hours at GMFS.

# Livingston Parish government

Livingston Parish is second fastest-growing parish in Louisiana, and the I-12 corridor running east-west through the center of the parish is the site of accelerated commercial development. As of the 2010 census, there were 128,026 people residing in the parish.

The parish seat is located in the town of Livingston roughly in the center of the parish. Other incorporated communities in the parish are Albany, Denham Springs (largest municipality), French Settlement,

Killian, Port Vincent, Springfield (oldest community) and Walker. Livingston's neighboring parishes are Tangipahoa to the east, St. Helena to the north, St. John on the south, East Baton Rouge to the west and Ascension to the southwest.

The parish has a total area of 703 square miles and is approximately 32 miles long by 30 miles wide. The northern part of the parish consists of rolling terrain covered by pine and hardwood forests. In the southern end of the parish, the land merges into rich cypress forests and

marshes that border Lake Maurepas and the Amite River.

The Livingston Parish Council is the legislative body and operates under the authority of a Home Rule Charter. One council member is elected from each of nine districts, and the parish president is elected at-large by all voters of the parish. All nine council members and the president are elected every four years, and 2011 is an election year for them.

# Albany grew from Hungarian roots

The rural community of Albany near the eastern border of Livingston Parish was originally developed as a railroad stop, and, later became a business district at the crossroads of U. S. Hwy. 190 and LA Hwy. 43.

The first settlement near the area was actually about three miles south of the present town at a sawmill community known as Maxwell, established by the Brakenridge Lumber Company in 1890. Settlers of Hungarian heritage moved into an area close to what is now the Albany-Springfield exit of I-12. Some Hungarian-Americans moved north toward Albany or south toward Springfield, but most stayed in the general area. The area known today as Hungarian Settlement, originally called Arpadhon, is the site of the largest Hungarian commu-

nity in the United States. Louis Bartus Hungarian Sausages and the Olde World Bakery are two local businesses owned by Hungarian descendants who make and sell authentic Hungarian foods.

The Albany post office was established on October 15, 1908, with William Faust as the first postmaster. Albany was incorporated as a village on October 7, 1953, and the town's first mayor, Grady Stewart, was appointed.

The village remains a small, close-knit community with most activities centered around the schools. The town has one of the parish's largest Christmas parades; it rolls on the second Monday of December and is presented by the Albany Volunteer

Fire Department, with assistance from the town and local businesses.

Veterans Plaza is being built on the grounds of Albany High School as a parish memorial to armed service veterans. Bricks can be purchased by the public and will be engraved with the name of

any U.S. veteran. The town is governed by Mayor Thomas "Dillard" Stewart and Aldermen Gene Glasscock, Edmond Harris and Bee Martin.

As the owner and operator of Louis Bartus Hungarian Sausages, Bartus helps keep Hungarian culture alive.

# Denham Springs is parish's "flagship" community

Though Denham Springs didn't have its first mayor until 1903, original land claims indicate the community was established in the early 1800s, using a variety of names. Natural groundwater springs have figured in the city's name since the 1850s. Situated on the most western side of Livingston Parish along the Amite River, Denham Springs is the parish's largest municipality and presently its only city, gaining that designation in 1957. With large areas of commercial and residential development, the city is a growing population of approximately 10,500 residents.

The Historic Preservation District and Train Station Park are home to annual, crowd-drawing spring and fall festivals that feature arti-

sans, crafters, musicians, dancers, children's rides and activities, antiques, collectibles, arts, food and even a pet costume and talent contest.

Denham Springs is an official Tree City and has also been designated a Main Street Community. This is a community where family values are encouraged, and residents and visitors enjoy numerous sports and civic activities in superior parks and recreational facilities. Residents are proud of their clean, safe city with its blend of old traditional neighborhoods,

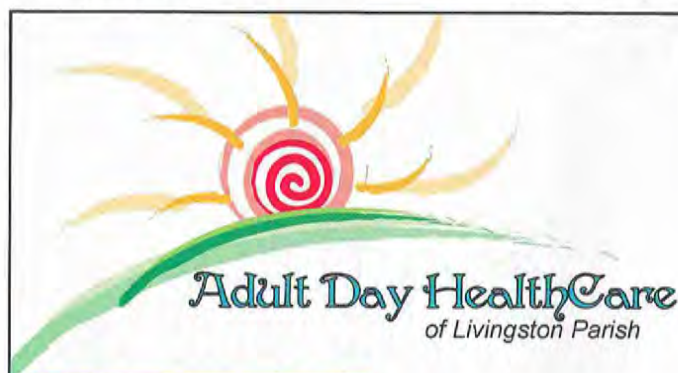

Denham Springs state-of-the-art, award-winning Wastewater Treatment Facility.

transitional housing trends, numerous churches and schools, and retail and commercial establishments.

While Denham Springs has many wonderful shopping opportunities spread throughout our community, there are two distinctive areas not to be missed. Take a downtown walking tour beginning at the Old City Hall Welcome Center & Museum, then browse the eclectic mix of art and antique galleries, unique

shops, boutiques and cafes in the Antiques & Arts Village on the Range Avenue corridor. The Chamber of Commerce and Arts Council offices are in this area and the municipal complex is only blocks away, where you will find City Hall, the mayor's office, fire and police departments, the marshal's office and City Court.

The downtown sidewalk project was recently completed with beautiful sidewalk pavers replacing the concrete, and curb cuts

and Recreation Department will open a state-of-the-art aquatic and fitness center at North Park and unveil splash pavilions and other improvements at other parks.

Head south of I-12 for a unique experience at the Bass Pro Shop, where you'll find one-of-a-kind décor and shopping, a fudge shop and lakeside dining at the Islamorada Fish Company Restaurant. Other delightful shops and restaurants will be found in the continually expanding and diversified shopping center. A Sam's Club will soon be under construction in this area, as well as two new hotels.

Whether you're seeking breakfast, lunch, dinner or a refreshing beverage, Denham Springs has a wide assortment of restaurants and cafes where you will enjoy fresh seafood, traditional, Southern and ethnic foods and drinks.

Denham Springs was a national produce-shipping hub in the middle of the Twentieth Century, and that tradition continues with a Farmers Market open 7 a.m.

until noon every Saturday along the Range Ave. corridor at Florida Ave. and Hummell St. where regional farmers peddle fresh produce, meats and food products, and craftsmen display original wares.

The June 2010 Farmers' Market enjoyed good attendance and good sales of fresh and canned produce.

At the end of the day, many comfortable hotels convenient to I-12 are waiting for you to take your rest. You can relax in a city that takes pride in its people, government, environment, emergency response and infrastructure. The city has safe and highly-regulated utility and water systems, and their state-of-the-art facilities provide for a growing population and ongoing development.

Mayor Jimmy Durbin and City Council Members Arthur Perkins, Annie Fugler, Chris Davis, Lori Lamm-Williams and John Wascom welcome you to their city where they strive to continually improve quality of life for local residents.

**CLICK.** It's just that simple to discover Denham Springs.

**CityofDenhamSprings.com** is your one-stop resource for Livingston Parish's largest city. The gateway for the I-12 corridor, the City has been on the grow since 1903. Forward-thinking leaders insure an ever improving infrastructure. Denham Springs is tops in every category:

- Business Oriented
- Exceptional Utilities
- Superior Schools
- Award-winning Antiques District
- Developed Arts Initiatives
- Public Parks
- Certified Tree City
- Nat'l Main Street
- Festivals and Much More

*We set the standard for City living.*

# French Settlement celebrates French/Creole heritage

The Village of French Settlement was incorporated June 13, 1965. The village limits follow a line 1,000 feet either side of Hwy. 16 from Colyell Bay to the Amite River. The population is about 1,000, although their weekend population swells with people drawn to the river for recreational boating and fishing.

The area around French Settlement was settled in the early 1800s by French,

German and Italian emigrants who used the Amite River for transportation and as a source of cypress lumber, fish and other wildlife.

The area was first named Londell but later called La Cote Francaise (French Settlement) by steamboat crews making the trip from New Orleans, even though only a portion of the settlers were French. St. Joseph Catholic Church was established there in 1839. The town's Creole House Museum is behind the Village Hall and houses historical information and artifacts. The building itself was built in 1898 by settlers, and it is the site of the annual Creole Festival, held the third Sunday in October, that features live music, food, craft demonstrations and other activities.

French Settlement is primarily a residential community, and most businesses are

grocery/convenience stores, restaurants, gas stations or other service enterprises. Many residents commute to work in Baton Rouge and other surrounding cities. It has seen modest growth in the way of businesses or residents in the last several years and has thus remained a quiet, friendly river village. Many activities are centered around the schools and churches.

In 2009, French Settlement Elementary was named a National Blue Ribbon school by the U.S. Department of Education; the honor recognizes schools that are either academically superior or have made dramatic gains in student achievement and have helped close gaps in achievement among minority and disadvantaged students. French Settlement High School was named one of "America's Best High Schools" by U.S. News and World Report and earned a bronze medal ranking.

The village has a mayor, Toni Guitrau; three aldermen, Sean Guitrau, Teresa Miller and Glen Newell; and an elected police chief, Harry Brignac.

The village doesn't have a sales or property tax; their source of revenue is occupational license fees, traffic fines and grants. Grants allowed them to install an electronic sign powered by a generator that can notify citizens of emergency situations even when electricity is out, and to renovate their town hall which will be used as a command center in the event of a hurricane.

Additional grants in 2009 allowed the village to build a storage building to house emergency disaster supplies and purchase two police units and a rescue boat for emergency river events.

**U.S. News** & WORLD REPORT

# Holden remains small country community

Holden is an unincorporated community located between Livingston and Albany at the intersection of U.S. Hwy. 190 and LA Hwy. 441. The small rural community has several small businesses and a few large ones, including Weyerhaeuser timber operation, Ferrara Fire Apparatus and Gainey Concrete Products.

Much of the community activity involves Holden School which houses grades K-12, with basketball being a popular sport for boys and girls.

The Micajah Spiller family received property in a Spanish land grant and was probably the earliest landholders in Holden. The area was largely settled after the east-west railroad line came through in 1907. One of the property owners who sold land to the railroad was

James Mahlon Holden, for whom the community was later named.

James F. McCarroll established a sawmill around 1909. Sinclair Cooper constructed a railroad spur from the main line to the sawmill, and the

area was known for a time as Cooper's Spur. The Holden post office was established December 8, 1909, with Bunyan Drumwright as the first postmaster.

The first Holden post office was established December 8, 1909, with Bunyan Drumwright as the first postmaster.

# Killian is parish's smallest municipality

The small community of Killian lies south of Springfield alongside LA 22 and the Tickfaw River. Many people chose to make their homes or camps here because of the river and Lake Maurepas and the many water sport activities that are available.

The village has few businesses – mostly marinas – but is a popular weekend destination for people who come to get away from it all and the natural

beauty of the area. There is residential growth being seen, with subdivisions, condos and commercial development along LA Hwy. 22.

One of the most recognizable buildings that people think of being in Killian is not really in Killian at all. Visible from the bridge high over the Tickfaw River, Tin Lizzy's Landing is literally on the Tickfaw River, and because it's built over the river on pilings, it's not within the Killian town limits –

but its parking lot is.

Killian is named for John S. Killian whose land claims are documented on maps from 1854. A post office was established on June 19, 1891, with Robert J. Dunwoody as postmaster, but was discontinued in 1954. Incorporated in 1968, it's the newest municipality in Livingston Parish.

Several schools were located in the Killian area at one time. These include Rome School, Daisy School, Carthage School and Killian School. None of these are still in use, and children in the area attend Springfield schools.

One of the oldest churches in Livingston Parish is the Huff Chapel which was first organized in 1893. The present sanctuary for was built after the previous one was destroyed by Hurricane in Betsy in 1964.

The mayor is Gillis Windham, and aldermen are Jerry "J.J." Barnum Jr., Vince Deliberto, Dean Sharpe, Peter Bock and Craig McGehee.

This waterfront development hints of the popularity of water sports in the Killian community.

# Livingston growing along with parish government

The town is situated on U.S. 190 near the center of the parish, about 25 miles east of Baton Rouge. The parish fairgrounds located on the west side of town host the annual parish fair, parade and rodeo each October.

The parish courthouse and all parish governmental offices are located in Livingston. The parish president's office shares space in the Parish Health Unit building on LA Hwy. 63 in Livingston about a mile north of Interstate 12. The state Motor Vehicle Bureau operated by the parish, the parish council meeting rooms

The parish president's office shares space in the Parish Health Unit building on LA Hwy. 63.

and the Livingston Economic Development Council occupy the new two-story parish governmental building behind the health unit.

One of two observatories sponsored by the National Science Foundation with the mission of detecting gravitational waves is located just north of Livingston, off LA Hwy. 63. The Laser Interferometer Gravitational Wave Observatory (LIGO) became operational in 2002 and is open to visitors.

In recent years, the real estate boom in the western part of the parish moved eastward, and numerous subdivisions have been established. The two main thoroughfares in Livingston are U.S. Hwy. 190 running east and west, and LA Hwy. 63, running north and south. Livingston has seen several new businesses come to town in the last two years, particularly along LA Hwy. 63. Being the parish seat continues to play a major role in the economic life of the town.

The town of Livingston was first established

Laser Interferometer Gravitational-Wave Observatory invites students to experience its many interactive scientific exhibits.

as a logging community adjacent to the settlement of Doyle. Much of the commerce in the Doyle area eventually died out, but the schools retain the Doyle name. The logging company also eventually pulled out, and the town was reinvigorated when it became the parish seat in 1941. Livingston was incorporated on November 4, 1955, with Winson Hoover as the first mayor.

The mayor is Derral Jones, and aldermen are David Bencaz, Brent Bencaz, Randy Morgan, Joey Sibley and David McCreary.

# Maurepas Island home to small, close-knit communities

The communities are small but the boats and houses are large in many of the new developments along Diversion Canal.

Maurepas is on Maurepas Island which is surrounded by Lake Maurepas, the Amite River, Bayou Pierre, Petite Amite and Blind River. Originally part of Ascension Parish, the island was transferred to Livingston Parish in 1850. Other nearby unincorporated communities include Whitehall, Bear Island and Head of Island. The only post office in the area, established in 1875, is at Maurepas.

As in other small parish communities, activities center around the school and school sports, especially basketball. Maurepas High houses grades K-12.

The unincorporated community of Maurepas takes its name from the nearby Lake Maurepas. The lake was named by the French explorer Iberville in 1699 while exploring routes from the Mississippi River to the Gulf of Mexico. It was named for Jerome Maurepas, the son of Count Pontchartrain, the French minister of marine and colonies.

Trappers, fishermen and farmers settled the area as early as 1778. Logging thrived due to the abundance of timber. Although settlers were French, German and Spanish, the French culture and Catholic religion had the strongest influence and is still in evidence today.

## Head of Island/ Diversion Canal seeing mega development

The Head of Island area includes many recent developments along LA 22 south of its intersection with LA 16 and leading to Diversion Canal. It carries a Maurepas address even though this area is about 10 miles southwest of Maurepas and only a couple miles southeast of French Settlement. Two of the largest businesses are Brian's Supermarket and Kevin's Cajun Seafood Restaurant. It boasts numerous other restaurants and service businesses, particularly in the Plaza 22 strip mall and on Diversion Canal. An abundance of upscale homes along the Diversion Canal waterway have attracted local residents as well as people from Baton Rouge and New Orleans and points between looking for luxury waterfront living in the country.

## Port Vincent is small community defined by Amite River

The small community of Port Vincent is quiet and peaceful during the week, but on weekends, the population swells as boaters and fisherman take to the popular Amite River.

Port Vincent was an important ship-ping point on the Amite River when Iberville, the French explorer and colonist, used Bayou Manchac and the Amite River as a route between the Mississippi and the Gulf of Mexico in 1699. The settlement was named for Vincent Scivicque, a native of Italy and founder of Port Vincent, who was a merchant and owner of a schooner that sailed the Amite River. He donated land for a community cemetery and built a small chapel.

This inland port and Spanish settlement thrived until General Andrew Jackson closed the Mississippi River's entrance to Bayou Manchac in 1812. Port Vincent was

the parish seat from 1872-1881. The courthouse burned October 15, 1875, destroying all parish records prior to that date.

The village was incorporated in 1952, and G. J. Guitreau was appointed mayor. A post office existed under various names from 1835 until its closure in 1954. The village is now served by a rural postal route from Denham Springs. The renovated historic community center is the

site of many community events throughout the year.

One of Port Vincent's historic claims to fame is being the location for the filming of the western movie "Nevada Smith," starring Steve McQueen and Suzanne Pleshette, in 1965.

With the last census population tallied at 463, the community is still not in shouting distance of the 1,000 population

Like many other communities in Livingston Parish, the Amite River figures largely in the history and the current economy of Port Vincent.

required for town status, but it still has enjoyed much commercial growth over the past few years while retaining its unique flavor.

Laura Savoy is mayor, and David Carter, J.J. Page and Scotty Martone are aldermen.

# Satsuma profile raised by new development

Until recently, about the only thing marking the Satsuma community was a sign, baseball fields and a few homes, but progress is now laying its hand on the area, particularly near I-12. The develop-

ment of  
Suma

Crossing at the I-12 Satsuma interchange spans 1,037 acres on both sides of the Interstate and include a community center, retail and office space, condominiums, restaurants and residential areas north of the Interstate.

An integral part of the original plans was a major health clinic that would anchor other restaurants and more retail shops and residential areas on the opposite side of the highway. The North Oaks-Livingston Parish

The North Oaks-Livingston Parish Medical Complex held its ribbon cutting and grand opening Jan. 21 and opened for patient care Jan. 24.

Medical Complex held its ribbon cutting and grand opening Jan. 21 and opened for patient care Jan. 24. A full complement of outpatient and diagnostic treatment services are available.

It's expected that the clinic will attract retail development to the south side of I-12, such as a pharmacy and restaurants. Suma Hill strip mall in the northwest quadrant of I-12 in the comprehensive development includes the Suma Hill Conference Center which opened in May 2009 and features a large stage and is the site of music concerts and plays. The strip mall has retail and office tenants, and space is available for several more businesses.

The restaurant complex in the northwest quadrant awaits tenants. A groundbreaking for a three-story, 80-room Holiday Inn Express was held in February 2010, but construction has been delayed by the recession. It's anticipated that the project will resume in 2011.

A large baseball complex is located just west of the Suma Hill Conference Center. Developers have donated property near North Oaks for the construction of a new school.

## Springfield is oldest town in the parish

The colorful town of Springfield celebrated its 170th anniversary in 2008, and it has the distinction of being the oldest municipality in Livingston Parish and the third oldest in the state. Situated at the intersection of LA Highways 22 and 42, it occupies the west bank of the Natalbany River, which flows into the Tickfaw River, which, in turn, flows into nearby Lake Maurepas. Although rivers, swamps and bayous surround the area, the town is on a low bluff that sits 16 feet above sea level.

Springfield hosts an annual Civil War Battle Re-enactment during the second weekend of March that draws visitors from across the country. It is also home to Carter Plantation, a world class golf resort. Other major area businesses include Carter's Supermarket, Peoples First Bank and Trust, Gator Trax Boats and numerous retail stores and restaurants.

Tickfaw State Park is nearby and offers camping, cabins, canoeing, hiking and

other outdoor activities. The abundance of recreation opportunities on the Tickfaw River and other nearby bodies of water draws new residents and visitors to the area.

The first settlers are believed to have been colonists who ventured here under the direction of the Company of the

# Walker officially becomes a city in 2011

In 2009, Walker celebrated its centennial with a bang and is planning an equally grand celebration this summer when the 2010 census is validated and Walker is officially elevated from town to city status.

Driving LA Hwy 449 from the interstate to Hwy 190, it becomes obvious that Walker is one the fast growing cities in the state. New businesses are opening frequently and the newly-passed liquor laws are expected to lead to several new restaurants opening in town. Winn-Dixie, LeBlanc's and a Wal-Mart Supercenter provide three large grocery stores, while Stine is a large home improvement/garden center. The city has initiated periodic business-to-business networking events to encourage cooperation and forge strong relationships among local businesses.

The Livingston Parish Industrial Park area just east of Walker houses Sunland Fabricators, the largest private employer in the parish, Waste Management, a Fortune 500 company, and Compressor Engineering Corporation. Co-Mar Industrial Park, a 54-acre commercial development east of the city on U.S. Hwy. 190, recently welcome its newest tenant, Gilchrist Construction Company asphalt plant which brought 30 new jobs to the area.

Our Lady of the Lake Medical Center broke ground January 31 for a large medical clinic near the Walker I-12 exit. The 236-acre facility will have an outpatient diagnostic clinic, physician offices, and, eventually, a 24/7 emergency room.

Walker is one of those rare places where you can live the charm of a small town, but still enjoy all the conveniences of

a city. It's a place where neighbors still know each other by name, where the baseball park is the spot to be on a Saturday, where flags line the main road on the Fourth of July and Veterans' Day, and where children can attend some of the highest-performing public schools in the state. The city's rich history is preserved at the Walker Museum which also serves as a cultural center for the city.

The community stages a large celebration for Independence Day, and their Christmas events in Sidney

Hutchinson Park provide the most ambitious Christmas celebration in the parish. The Pine Tree Festival each September is annual fundraiser for Walker High School and an opportunity for old-fashioned family fun. Some of the best musicians in the South perform at the Old South Jamboree and Country & Gospel Jubilee.

The local government consists of the

The cities' comprehensive interactive website is [www.walker.la.us](http://www.walker.la.us).

mayor and five members of the City Council. Currently serving are Mayor Bobby Font and council members Elton Burns, Scarlett Major, James Phillips, Jack Summerell and Richard Wales. Police chief is Hunter Grimes. The town is in the process of preparing its first master plan, and it is soliciting input from citizens. The city's comprehensive interactive website is [www.walker.la.us](http://www.walker.la.us).

SPRINGFIELD continued from, p24

landing on the Natalbany River, then became known as Springfield, probably due to the many groundwater springs in the area. In 1810, a fort was erected on the Natalbany River at Springfield.

The Springfield post office was established March 10, 1828. The New Orleans Gaslight and Banking Company established a bank there sometime during 1835, apparently the first bank in Livingston Parish. Also in 1835, Springfield was chosen as the parish seat. The bank failed in the early 1840s but the building was taken over for use as the parish courthouse, and it still stands today. The town was incorporated on March 12, 1838.

Before the Civil War, Springfield was a shipping center for cotton and lumber during the 1890s. As cotton and lumber declined, Springfield became a "bed-room" community for folks who worked in Baton Rouge, Hammond, New Orleans and other towns but preferred to live in a rural community.

Town officials are Mayor Charlie Martin and aldermen Tommy Abels, Mary Ann Bissel, Mildred Cowsar, Marsha Sherburne and John Vicknair.

# Watson growing by leaps and bounds

Watson, an unincorporated community about five miles north of Denham Springs, is also often referred to as Live Oak. That name originated with the Live Oak Store and post office that was established in 1869 at Live Oak Plantation owned by John Easterly, just north of the present-day Watson community. James Turner was the first postmaster. The area schools all take the Live Oak name.

George W. Watson later served as postmaster for several years and founded the Watson post office to the south, nearer the present community of Watson which was named for him, in 1894. He had a small farm and mercan-

tile business on the road that is now LA Hwy. 16. Early settlers were largely Protestant farmers, and several families were large slaveholders.

It was a small, quiet community for decades, but the area has grown rapidly in recent years, with many subdivisions and businesses locating there, and it is a popular "bedroom community" for residents who work in Denham Springs, Baton Rouge and other towns.

Most of the businesses are locally-owned and are located primarily along LA 16 and its intersection with LA 1019. Oak Point Supermarket is one of the largest businesses, and a new Walgreen's at that intersection is one of the

few chain stores in the community.

The Amite River just to the west has served as a source of transportation and recreation over the years, and it currently supports a large gravel industry and is the site of Tiki Tubing and Tiki Zip Line. The Live Oak Sport Association sports complex is the center of many community events and is currently undergoing a major expansion.

The Amite River just to the west has served as a source of transportation and recreation over the years, and it currently supports a large gravel industry and is the site of Tiki Tubing and Tiki Zip Line.

# MORE POWER. TO YOU.

Now, with our recent multi-million dollar expansion, we offer even more reliable power to our ever-growing communities with our same commitment to service.

# School system draws residents and businesses to parish

Livingston Parish is the second fastest growing parish in Louisiana, due in part to the parish's successful education system. The first question usually asked by people looking into moving to the parish and businesses looking to locate there is about the performance of the local education system.

The answer to that question is, Livingston Parish has ranked among the state's top performing school districts since the state began its accountability program 10 years ago. Livingston Parish Public Schools in 2010 improved their overall District Performance Score to 107.0, up 2.4 points from 2009's top-tier score, earning the district the No. 8 ranking among 70 public school districts in the state. The schools maintain a high graduation rate, and student ACT scores also rank in the top 10 statewide year after year, all while the local system remains one of the largest school districts in the state.

The credit for this excellence belongs to teachers, principals, various support staff and administration that are charged with the responsibility of making the hard decisions involved in running a large school system.

The superintendent of Livingston Parish schools is Bill Spear, and assistant superintendent is Thomas Cothorn. Superintendent Spear said, "We are pleased with our district's ability to grow its overall score.

This is a direct result of the success we're seeing at our individual schools. This year's School Performance Scores are reflective of success across the parish, at all levels of learning."

The parish's school facilities are up-to-date and well-maintained, and new schools are being built each year due to the increase in residents who come to the parish and seek a quality public education for their chil-

As the parish continues to grow and bring in new businesses, new schools continue to open.

dren within communities. The 2011 school board includes President Malcolm Sibley and members Jeffery Cox, Kellee Hennessey Dickerson, Milton Hughes, Sid Kinchen, Keith Martin, Buddy Mincey, Jr., Karen Wax Schmitt, and James Watson.

## Higher Education

### The Livingston Parish Literacy and Technology Center

The Livingston Parish Literacy and Technology Center is a joint project between Southeastern Louisiana University and the Livingston Parish School Board. The 39,000 square foot center, located on a 24-acre campus on U.S. 190 at Walker, offers a variety of programs for adults and children.

The Center has experienced tremendous growth in programming over the past two years as Livingston Parish Public School staff and Southeastern Louisiana University staff have worked together and with many community organizations to identify educational and outreach programs based on the original mission of the center and current community needs.

When opened in 2005, the center initially offered Southeastern college courses and career/technical education for high school students. These programs continue to fill the need in Livingston Parish for college or technical education.

In addition, community education programs with little or no admission requirements are the focus of the Center's other programming. These programs address many areas of literacy such as financial, technical, and

artistic in addition to the traditional form of literacy. Programs include: increasing pre-school and primary grades readiness for greater academic success; increasing positive parent-child interaction; increasing math, science and technology achievement of students particularly in the early grades and middle school; increasing percentage of students with high school diplomas; and increasing an understanding of the environment.

Many other services are also offered such as free after-school tutoring, a community music school and dual language programs. The Family Resource Center provides resources and assistance to support parents with their children's education. More information is available at [www.selu.edu/livingston](http://www.selu.edu/livingston).

The Livingston Parish Literacy and Technology Center provides a vast array of educational and community services.

### Colleges and Universities

In addition to the Livingston Parish Literacy and Technology Center in Walker, Livingston Parish students have easy access to three premier four-year universities: Louisiana State University ([www.lsu.edu](http://www.lsu.edu)) and Southern University ([www.subr.edu](http://www.subr.edu)) in Baton Rouge, and Southeastern Louisiana University in Hammond ([www.selu.edu](http://www.selu.edu)).

## Livingston Parish is the place to be in 2011

Starting in January, LEDC and the Livingston Tomorrow Campaign hosted a series of leadership classes that were facilitated by Dr. Sanford Dooley of LSU. Twenty-five future leaders in the parish took part in our Community Leadership & Economic program. The program was a huge success, and we are expecting great things from our graduating class.

We have several new companies locating in the parish. Patten's Metal Express is a local company expanding their sales office to include in-house steel manufacturing processes. They will be located at the Co-Mar Industrial Park on Hwy 190 in Walker. Gilchrist Construction Company will be also be coming to Co-Mar and building a \$2 million asphalt plant on 12 acres. An out of state high-end wood product manufacturer, has located in an 80,000 s.f. building on Magnolia Beach Road in Denham Springs.

The retail industry continues to find Livingston Parish an attractive site. Not only has Juban Crossing broken ground as a major mixed-use development with 1.3 million square feet of retail, we have national brands like Albertson's and Sam's Club coming to Denham Springs. To put the desirability of our parish in perspective, it's notable that the Sam's Club in Denham Springs is one of only a select few that the company plans to build in 2011. These developments illustrate that Livingston Parish is a viable and valuable place for companies to locate.

In addition to these projects, the LEDC is currently working several more projects that we hope will choose to locate in our parish during the coming months. We are happy to welcome all these businesses to Livingston Parish!

Livingston Parish is gaining traction in the healthcare industry here in our fair state. The new North Oaks- Livingston Parish Medical Complex opened in January, bringing new jobs to the area as well as new investment into the parish. In fact, the project brings over \$32 million in investments, along with a 47,000 square-foot outpatient facility. Our Lady of the Lake had their groundbreaking Jan. 31 for their planned development of over 240 acres for a medical center in Walker. Once again, our parish is a very valuable commodity to companies. These are just a few developments that make Livingston parish the place to be in 2011!!

In May, 2010, LEDC hosted a Disaster Preparedness seminar. The program brought together representatives from the Southeastern Louisiana University Small Business Development Center (SBDC) and the LSU SBDC to discuss the steps businesses need to survive and continue to operate during a disaster. The event was such a success that LEDC plans to hold it annually.

Juban Crossing broke ground as a major mixed-use development with 1.3 million square feet of retail on February 15, 2011 and is set to open its 1st phase in Fall 2012.

In 2010, LEDC had changes in staffing. First, Kaylynn Wheat joined us as our office manager. Kaylynn manages the meetings and seminar coordination, along with front desk duties for the LEDC. Secondly, Abigail DePino, formerly of Louisiana Economic Development, joined our group as our project manager and the Livingston Tomorrow Campaign Director. She currently is the Vice President of the LEDC and is continuing her work with projects and the campaign.

Randy Rogers, also formally with LEDC, has visited with numerous companies as part of our pro-active E-Synchronist business retention program and is involved with the Livingston Tomorrow campaign. The E-Synchronist program was a huge success in 2010, with Randy visiting companies to ascertain their needs and wants. LEDC finds this information priceless; it assists us in reaching out to the proper organizations, if needed, on behalf of those companies participating in the program.

Livingston Parish is indeed the place to be; we are thriving and businesses have taken notice. Land value has increased, I-12 is being expanded and more jobs are moving to the parish. There is no better place to live or work. We look forward to what 2011 has in store for our great parish.

## Roads perennially top the wish list for Livingston Parish

The most dire need of Livingston Parish for the last several years has been roads, roads and more roads. As the parish grew at one of the fastest rates in Louisiana, it was a challenge for the parish and state to keep pace with road improvements. A proposed loop around Baton Rouge and through Livingston Parish was opposed by many in the parish as being unfeasible. However 2010 brought a measure of potential road relief to the parish through a bumper crop

of road projects.

The widening of I-12 from O'Neal Lane in Baton Rouge to Juban Road in Denham Springs was put on the fast track and construction began on the \$110 million three-laning of that interstate stretch, and additional funding of \$48 million was obtained to extend the widening from Juban Road to Walker.

Photo Credit by Geaux Wider

A study is being made as the first step in replacing the two-lane Walker South I-12 overpass. Support for this project is being enhanced by the ground-breaking for the construction of a major medical clinic on the south side of I-12 by Our Lady of the Lake Medical Center on January 31.

The opening of North Oaks/Livingston Parish Medical Complex at the Satsuma exit of I-12 on January 21 prompted the promise of improvements of South Satsuma Road leading to the medical center.

Construction continues on the project to replace the U.S. Hwy. 190 bridge over the Amite River. The east and westbound lanes open in February 2011 with minor construction remaining on the approaches to the bridge.

Construction is underway on a two-year, \$20 million project to replace the two-lane Magnolia Bridge over the Amite River with a four-lane one. This bridge connects Lockhart Road to the Central area and Greenwell Springs Road in East Baton Rouge Parish. Construction should be completed in late 2012. The state approved a study of the feasibility for another new bridge across the Amite that would connect Hooper Road to the Watson area north of Magnolia Bridge.

The Livingston Parish Council has approved the expenditure of matching funds required to obtain federal and state grants to improve Eden Church Rd. in Denham Springs. Plans call for widening, straightening, overlay and construction of a "round-about" at the Eden Road intersection with U.S. Hwy. 190. Eden Church Road is one of the busiest parish roads due to commuter traffic and because it leads to the large sports complex at

Photo Credit by La DOTD

La 64 Magnolia Bridge Replacement Project Groundbreaking October 21, 2010.

North Park.

Other future projects include the overlay of: La. 42 between La. 16 and La. 63; La. 444 between La. 16 and La. 63; La. 63, between La. 444 and La. 42. The extension of Cook Road between Pete's Highway and Juban Road and the widening of Juban Rd. from two lanes to four between I-12 and U.S. 190 will facilitate the construction of Juban Crossing shopping complex and other commercial and residential development at the Juban Road interchange.

Other projects under consideration are a toll road to connect Walker South Road to Port Vincent and Ascension parish, and the development of Tate Rd. in Denham Springs into a boulevard with a median and realignment with Veterans Blvd.

# Healthcare in Livingston Parish continues to grow

## North Oaks Health System

North Oaks Health System opened their new two-story, 47,000-square-foot medical complex in January 2011. The design of the facility focuses on convenient and efficient outpatient health care.

Representing a \$32 million community investment that includes construction, furniture, fixtures and equipment costs, the North Oaks-Livingston Parish Medical Complex occupies 30 acres and is located just south of I-12 at the Satsuma-Colyell interchange.

The complex includes: a 24-hour urgent care center, a family medicine clinic, a specialty clinic, an outpatient diagnostic and treatment center and a community conference room. The diagnostic and treatment center offers cardiology, radiology, rehabilitation, and laboratory services for outpatient blood work. It also includes cardiology, radiology and rehabilitation services.

North Oaks employs approximately 100 health care professionals with an estimated \$4.4 million payroll and a projected economic impact of \$13.2 million cycling

The cardiology, radiology and other diagnostic departments at the North Oaks/Livingston health complex have the latest equipment and experienced staff for the diagnosis and treatment of their patients.

through the community.

The North Oaks Medical Center in Hammond is the nearest full service hospital for residents of eastern Livingston Parish.

## Our Lady of the Lake

Our Lady of the Lake Regional Medical Center (OLOL) broke ground January 31 for a healthplex just south of I-12 at the Walker exit. The health clinic will offer diagnostic services and outpatient treatment, including a variety of imaging, radiology, lab, surgical services, and intervention services, including CAT scans and MRI. OLOL offers more than 60 medical specialties. Preliminary plans include a medical office building, a central plant, water treat-

ment facility and a chapel. The 236-acre site includes a 50-60 acre lake. OLOL anticipates a groundbreaking in early 2011.

Their hospital in Baton Rouge was established in 1923 by the Franciscan Missionaries of Our Lady and was named Our Lady of the Lake Hospital because the hospital's original location was located on Capitol Lake across from the state capitol; the site at Walker will allow the OLOL facility to once again be on the water. OLOL already has physicians' offices and urgent care clinics at various locations in Livingston Parish.

Dignitaries took part in the groundbreaking ceremony January 31 for the Our Lady of the Lake health facility at Walker.

## Ochsner

Ochsner provides healthcare to Livingston Parish residents via a major clinic and hospital just across the parish line, off O'Neal Lane, and via community clinics within Livingston Parish. The clinic offers appointments with specialists and family practitioners and a complete array of diagnostic tests. Ochsner Medical Center is a full service hospital including a maternity wing. It is the hospital nearest to residents of western Livingston Parish.

The staff of the new birthing center at Ochsner Medical Center were excited to open the doors of their new facility and anxious to welcome the first birth in April 2010.

# Livingston Parish Attractions

Come visit Livingston Parish and enjoy a wide variety of experiences. For more information about any of these attractions, call the individuals numbers provided or the Livingston Parish Convention and Visitors Bureau, 30340 Catholic Hall Road (P.O. Box 1057), Albany, LA 70711; 225-567-7899 or toll free 1-888-317-7899, email: [info@visitlivingstonparish.com](mailto:info@visitlivingstonparish.com), or see [www.visitlivingstonparish.com](http://www.visitlivingstonparish.com).

## Come see us soon . . . and you'll come back often

The cities and towns of Livingston Parish are as diverse as they are beautiful. Whatever you're in the mood for, you'll find it in Livingston Parish. Shop for hidden treasures in the Denham Springs Antique district and enjoy a unique shopping experience at Bass Pro Shop; sample spicy crawfish at waterfront restaurants; listen to live country, bluegrass or gospel music near Walker; cruise the serene waters of our rivers and Lake Maurepas or thrill to the speeds of the massive power boats on the Tickfaw River for the Tickfaw 200; play golf on championship courses in Denham Springs and Springfield; discover the outdoor adventures at Tickfaw State Park; attend one of our many festivals.

Livingston Parish is 10 minutes from Baton Rouge, home of LSU and Southern University, and 45 minutes from New Orleans, and is convenient to I-12, I-10 and I-55. You'll find excellent hotels and fantastic restaurants, and everything is served up with friendly, down home service.

Be sure to stop by the Livingston Parish Tourist Center located just off I-12 at the Albany/Springfield exit and let us help you discover Livingston Parish. We have a wealth of information, and you can pick up FREE brochures, maps, magazines and local newspapers. Travelers will enjoy our complimentary fresh hot Louisiana coffee or cold drinks. Our center also offers large

shaded outdoor tables for picnics and clean restroom facilities.

Check out our web site for ideas on places to stay, things to do, sights to see – and especially, places to eat where you can sample our wonderful south Louisiana cuisine!

So come visit, kick back your heels and stay a while. No matter which area you explore, you'll leave with unforgettable memories of the interesting places you see and the friendly people you meet. Come see us soon!

## Ongoing Attractions

### Shopping

The Antiques Village, Range Ave. in the historic downtown district of Denham Springs, is a treasure trove of antiques and other unique shops. The 27+ shops offer many one-of-a-kind items including antiques, collectibles, new and collectible jewelry and accessories, home décor, flower arrangements, books, vases and pottery, as well as original art, silver items, china, antique linens and many, many more treasures. The district also has a café and a coffeeshop. Range Ave. closes to automobile traffic for major festivals the last weekend in April and the first weekend in October. Thousands attend these street fairs with outdoor booths selling antiques, crafts, clothing, food, art and more. Entertainment and kiddie rides are also available. 225-667-8308 or [www.denhamsspringsantiquedistrict.com](http://www.denhamsspringsantiquedistrict.com).

## Historical/Museums

**The Creole House Museum, LA Hwy. 16, French Settlement,** behind the French Settlement Village Hall. The museum displays historical items common to homes in the area in the 1800-1900s. The museum is housed in a historic Creole House built in 1898 and made out of cypress, typical of the dwellings built in the area by early Creole settlers. Items on display include antique furniture, housewares, a vintage wedding dress, a antique radio and sewing machine, photographs and many other items. Genealogy charts document the history of the local people. The Creole House is on the National Register of Historic Places. The museum is open the second Sunday of each month in October through March, 1 - 4 p.m. In April through September, it's open every Sunday, 1 - 4 p.m. The Creole Festival is held at the site on the third Sunday in October. Tours are free and appointments are available for special occasions and group tours. 225-698-6100.

**Denham Springs' Old City Hall Visitor Center and Museum, 115 Mattie St., Denham Springs.** Located in the historic Antiques Village, this beautiful art deco style building is on the National Register of Historic Places and has a reception area, a small museum, public restrooms and a satellite station of the Livingston Parish Convention and Visitor's Bureau. Numerous photographs, artifacts and newspaper articles document the history of Denham Springs. The second floor includes the buildings two original jail cells. Rotating exhibits are on display throughout the year, and a traveling Smithsonian exhibit,

The Arts Council of Livingston Parish is located at 133 Hummell St., Denham Springs and shares the building with the Livingston Parish Chamber of Commerce.

## Enrichment

The Arts Council of Livingston Parish, 133 Hummell St., Denham Springs, promotes and supports local arts endeavors and provides an avenue of expression to the growing community of area artists. The council sponsors exhibits and arts classes in various media throughout the year. 225-664-1168 or [www.art-livingston.org](http://www.art-livingston.org).

Livingston Parish Public Libraries are first-class, modern facilities. Four new regional libraries opened in 2007 including the Denham Springs-Walker Branch, the Albany-Springfield Branch, the Watson Branch and the South Branch. A new main library is being constructed in Livingston. All libraries have reading rooms, separate book areas for children, a gallery for exhibits and meeting rooms that are available to non-profit groups. The libraries host many free events throughout the year, such as computer classes, book club discussions, demonstrations, story times for children and other activities. 225-686-2436 or [www.livingston.lib.la.us](http://www.livingston.lib.la.us).

Laser Interferometer Gravitational-wave Observatory, 19100 LIGO Lane, Livingston. LIGO is an extraordinary, world-class research observatory and science education center. Scientists, engineers and other professionals search out and detect gravitational waves from cosmic sources whose existence were first put forward by Albert Einstein. Public tours, on Fridays from 10:00 a.m. to 12:00 noon, include a 20-minute video called Einstein's Messengers and a tour of the control room, where the operation and monitoring of the laser interferometer take place. Visitors can interact with scientists on duty and ask questions about the research. Explore and discover over 40 professionally-developed, hands-on science exhibits that are both fascinating and challenging. Tours are free but by appointment only and must be scheduled at least 24 hours in advance. LIGO is located off Louisiana Hwy. 63-N, 3 1/2 miles north of US Hwy. 190 at Livingston. 225-686-3100 or [www.ligo-la.caltech.edu](http://www.ligo-la.caltech.edu).

Livingston Parish Country & Gospel Jubilee, 9554 Florida Blvd. (U.S. Hwy. 190), Walker entertains their fans with songs from the golden era of country and gospel music.

## Music

Old South Jamboree, 9554 Florida Blvd. (U.S. Hwy. 190), Walker, presents two shows each month. Local country singers and musicians are showcased the first Saturday of every month, while gospel music with both local and nationally known acts is presented on the second Saturday each month. For information on country shows, call 225-664-4262, and for gospel shows call 225-324-5371.

Livingston Parish Country & Gospel Jubilee, 9554 Florida Blvd. (U.S. Hwy. 190), Walker, presents family-style shows and performs songs from the golden era of country and gospel

music. Twice a year they present their special "Impersonator's of Country Legends Show," and in December they present a Country Christmas special. Shows are the third Saturday of every month in the Old South Jamboree building. Reserved seating is available. 225-567-3516 or [www.myspace.com/livingstonjubilee](http://www.myspace.com/livingstonjubilee).

## Accommodations

### HOTEL, MOTELS

The hotels and motels in Livingston Parish present a wide range of services and accommodations. Some of these properties are high-end hotels that provide business centers, exercise rooms, swimming pools, full hot breakfasts and meeting rooms. Guest rooms may include large flat-panel TVs, mini-fridges and microwaves, luxurious linens, desks, sitting areas and suites. At the opposite end, some properties provide a small lobby for check-in and guest rooms with basics – bed, bathroom and television – but few extra amenities.

The one destination hotel in the parish is Carter Plantation in Springfield. This golf resort has villas for overnight lodging, restaurants and banquet facilities. The resort also has tennis and swimming for its guests.

## Conference/Meeting Facilities

**Forrest Grove Plantation**, 8743 Stephenson Drive, Denham Springs. Forrest Grove Plantation is a premier full-service catering firm providing first-class facilities as well as food, drink and service. The facilities include a large plantation-style building and an outdoor covered pavilion. Forrest Grove Plantation can assist in every aspect of an event, offering services that include design and decor, entertainment booking, valet service, staffing and tenting. 225-665-4080 or [www.forrestgroveplantation.com](http://www.forrestgroveplantation.com).

**Greystone Country Club**, 9214 Greystone Dr., Denham Springs. Greystone is a perfect choice for receptions, showers, rehearsal dinners, luncheons, corporate outings, business meetings and special functions. Greystone has several venues; their conference room is an excellent resource for a small business meeting or luncheon (up to 15 people), and the newly-opened Greystone Pavilion offers a view of the resort-style swimming pool with lighted dancing fountains. The Clubhouse's main dining room, extensive patios and exterior courtyard can be configured to serve larger groups, and climate controlled tent options are also available. All venues provide full service on-site catering with menus for various size groups. 225.667.6744 or [www.greystonecountryclub.com](http://www.greystonecountryclub.com).

**Carter Plantation**, 23475 Carter Trace, Springfield. Carter Plantation combines extraordinary service with precise attention to detail. From small business retreats to black-tie galas, Carter Plantation offers a variety of catering, facility, and equipment options for any occasion. With its conference room that accommodates up to 12, its meeting space for 70-100 and its atrium for 250-400 persons, Carter has just the right facility and menu needed for wedding, meetings, conferences, luncheon and other events. 225.294.7555 or [www.carterplantation.com](http://www.carterplantation.com).

**Denham Springs North Park**, 30372 Eden Church Rd., Denham Springs. Facilities include a multi-purpose recre-

ational center with rooms for small meetings or a large gym for conferences, receptions, and sports events, including a stage for concerts and plays. 225-665-5405 or [www.pardsla.com](http://www.pardsla.com).

**Hampton Inn**, 201 Rushing Rd., Denham Springs, has a 648 sq. ft. meeting room that can be configured for a classroom, theater, conference and other seating arrangements, and can accommodate up to 45 persons; the dining area can also be utilized for various events. 225-665-0555, 1-877-241-2451 or [www.hamptoninn.hilton.com](http://www.hamptoninn.hilton.com).

**Suma Hill Conference Center**, S. Satsuma Rd. at I-12, Satsuma, is an impressive 10,000 sq. ft. facility with a versatile auditorium that can be configured for theater seating for events presented on the large stage or set up with tables and chairs for conferences or receptions. A sound and lighting system is included with rental. The room has a large concession area, and next door is a smaller room suitable for meetings or other smaller occasions. 225-930-9996.

*Some of Livingston Parish's numerous restaurants can also provide private rooms suitable for a wide variety of events.*

## Livingston Parish Outdoor Recreation

### Miles of pristine waterways are site of numerous water activities

Louisiana is the Sportsman's Paradise, and Livingston Parish is a microcosm of that paradise. Few other parishes have the hundreds of miles of inland waterways, lush swamp and marshlands and a lake the size of Lake Maurepas (the western half of Lake Maurepas is in Livingston Parish, while the rest is in St. John the Baptist Parish). The Tickfaw River empties into Lake Maurepas along Livingston Parish's boundary with Tangipahoa Parish.

The Amite, Blind and Tickfaw rivers are popular boating and fishing destinations. The Tickfaw River starts out in the northern part of the parish as a quiet, narrow stream and winds its way past Tickfaw State Park in a quiet and pristine state. Before it passes under the Hwy. 22 bridge at Killian, it has widened dramatically and is a popular destination for power boaters, yachts, houseboats, water skiers and boat parades.

The Tickfaw 200 Poker Run is back on for May 7, 2011, after a year's suspension due to the death of the event's founder, "Crazy" Charlie Albert. The Tickfaw 200 is the largest poker boat run in Louisiana, and part of the proceeds is donated to local fire departments and first responders. (225-294-3876; info@bloodrivermarina.com; www.bloodrivermarina.com).

The lower Amite River in the vicinity of Port Vincent and French Settlement is another popular boating and fishing waterway, while the upper Amite is perfect for tubing. People of all ages flock to Tiki Tubing in the Watson area for hours of lazy drifting with the river's current on an inflatable tube. A new addition to this business is their Tiki Zipline. Enjoy a total different perspective of the outdoors and wildlife as you fly along the treetops on one of

The lower Amite River in the vicinity of Port Vincent and French Settlement is another popular boating and fishing waterway.

their 10 elevated cable rides at the only zip line in Louisiana. (225-223-1156; tikitubing.com, tikizipline.com).

The Amite River meanders southeast, past French Settlement, Head of Island, Maurepas, Clio and Carthage Bluff, and is another outlet to Lake Maurepas. Diversion Canal and the surrounding area have developed into a diverse community in recent years, with shopping centers, restaurants, marinas and other businesses, while luxurious homes line the canal. Boaters use Diversion Canal as a route to Blind River and on to Lake Maurepas. This large, shallow

### VANCE MISURACA ORTHODONTICS

The American Association of Orthodontists recommends that every child have their first orthodontic evaluation by age 7 to screen for potential problems.

- Board certified orthodontist
- Braces for the entire family
- Invisalign Preferred Provider
- No interest or finance charges
- Affordable payments
- No referral necessary
- Most insurance accepted
- High-tech, state-of-the-art offices

lake connects to Lake Pontchartrain and is attractive for boating, swimming, crabbing and fishing, and is the location of many popular floating music concerts held on barges and accessible only by boat.

## Championship golf courses

**Greystone Golf & Country Club**, 9214 Greystone Dr., Denham Springs, is a semi-private golf facility that provides the public the opportunity to play on a modern, championship-setting course. Professionals and amateurs alike will appreciate four sets of tees on each hole and a full size practice facility of 300 yards plus a practice tee and pitching green. The golf course plays to over 7,000 yards and incorporates the natural wetlands as well as the gently sloping topography and bottomland hardwood forests. These natural settings and 21 acres of man-made lakes make it a popular destination for all golfers. 225-667-6744 or [www.greystonecountryclub.com](http://www.greystonecountryclub.com).

**Carter Plantation**, 23475 Carter Trace Springfield, is home to PGA champion and Louisiana native David Toms' first signature design, and is a featured stop on the Louisiana Audubon Golf Trail. The course has also been featured as one of Golf Magazine's "Top 10 Courses You Can Play." The spectacular 18-hole, 7,000-plus yard, par-72 golf course winds through three distinct Louisiana landscapes - live oak flats, cypress wetlands and upland pine forests. 225-294-7555 or [www.carterplantation.com](http://www.carterplantation.com).

## Parks draw visitors and activities

**Springfield: Tickfaw State Park** is located at 27225 Patterson Road, about seven miles west of the town of Springfield. The park borders the Tickfaw River and includes 14 cabins that sleep up to eight, a group camp that accommodates up to 52, campsites, nature trails and canoe rentals. Numerous special activities are scheduled throughout the year. 225-294-5020; toll free 888-981-2020; [www.crt.state.la.us/parks/itickfaw.aspx](http://www.crt.state.la.us/parks/itickfaw.aspx).

**Denham Springs: Denham Springs North Park** on Eden Church Rd. is the largest park in the parish with over 110 acres. Opening in

spring 2011 is the park's newest feature, a multi-purpose Fitness & Aquatics Facility which has swimming pools, a splash park and a fitness center. The park's activity center provides spaces for basketball leagues and other sports. The large gym and a smaller event room are available for community events. The park also has tennis courts, playgrounds, a running track, golf range, playgrounds, covered pavilions, fishing ponds and baseball, softball and soccer fields. It is often the site of state, regional and national baseball and softball tournaments.

**Denham Springs South Park** with 60 acres offers a horse-riding area, basketball courts, picnic grounds, covered pavilions. L.M. Lockhart Park, on 11 acres in the center of the city, has a gym, pavilion, playground and picnic area. The major park expansion program currently underway includes adding splash parks at South Park and L.M. Lockhart Park. 225-665-5405 or [www.pardsla.com](http://www.pardsla.com).

**Livingston: Circle Park** on US Hwy 190 provides a covered pavilion, playgrounds and picnic areas and is the site of community celebrations.

**Satsuma: Gator Park**, adjacent to the Suma Hill Conference Center at the Satsuma I-12 exit, has several softball and baseball fields and hosts many tournaments.

**Walker: The town's main park, Sidney Hutchinson Memorial Park**, 13740 Ball Park Rd, boasts five ball fields, a dozen soccer fields, a paved walking trail and playground. The park offers five pavilions, barbecue pits and a small scenic lake that is home to native wildlife. It also serves as a center for many of the city's major events, including Movies Under the Stars, a massive Christmas light show and Santa in the Park.

**Punk Smith Park on Burgess Avenue**, with swings, a slide, a jungle gym and merry-go-round, is designed for small children. It is surrounded by a short walking park and has two shaded pavilions.

**Watson: The community has a large sports complex that includes baseball and softball fields. The complex is currently undergoing a large expansion.**

# LIVINGSTON PARISH

CONVENIENT TO I-12, I-10 OR I-55, LIVINGSTON PARISH IS 10 MINUTES FROM BATON ROUGE, HOME OF LSU AND SOUTHERN UNIVERSITY, AND 45 MINUTES FROM NEW ORLEANS.

LIVINGSTON PARISH HAS OVER 600 WATERWAYS TO EXPLORE AND ENJOY.

THE PARISH HAS A TOTAL AREA OF 703 SQUARE MILES AND IS APPROXIMATELY 32 MILES LONG BY 30 MILES WIDE. THE NORTHERN PART OF THE PARISH CONSISTS OF ROLLING TERRAIN COVERED BY PINE AND HARDWOOD FORESTS. IN THE SOUTHERN END OF THE PARISH, THE LAND SUBMERGES INTO RICH CYPRESS FORESTS AND MARSHES THAT BORDER LAKE MAUREPAS AND THE AMITE RIVER.

# Surgery through an incision this small.

**Your life is too busy to stop on a dime.**

**Robotic-assisted surgery at Our Lady of the Lake  
keeps you moving.**

We are using the remarkable **da Vinci® Surgical System** in revolutionary ways. Our specially trained physicians and surgical teams are the first in the area to use the precision of da Vinci robotic-assisted surgery to remove prostate cancer and perform other advanced urological treatments. In addition, this technology is also now available for a less invasive approach to complex head and neck surgery. Smaller incisions mean shorter recovery time — usually days instead of weeks.

Visit [ololrmc.com/davinci](http://ololrmc.com/davinci) to learn more.
