# Message from Livingston Parish President Layton Ricks

We're glad to see you in Livingston Parish!

Whether you are looking to move here, start a new business or you are just visiting, let me be the first to say welcome to one of the best communities in all of Louisiana.

It is no accident that Livingston Parish is one of the fastest growing parishes in the state. It's our great location...our great school system...and our great quality of life that attracts families to our parish. While we are growing, we are also maintaining our small town values that people cherish. Our commitment to these values is one of the driving forces in parish government.

As you look around our parish, you will see we have quite a bit to offer. For the outdoor fans, we have wonderful waterways along the Amite River, the Diversion Canal and Lake Maurepas. Livingston Parish has two of the finest, first-class golf courses at Carter Plantation in Springfield and Greystone Country Club in Denham Springs. We also have outstanding youth sports programs in all of our cities and towns where young people learn the benefits of team work and good sportsmanship.

For shopping enthusiasts, there is our Antique District in downtown Denham Springs, nationally known retailers such as Bass Pro, Sam's Club and the developing Juban Crossing. Additionally, there are many other locally owned specialty stores located all across our parish.

If you are looking to start a business in our parish, you will find we are a very business-friendly community. As parish president, I want to see your business succeed and prosper. The Livingston Parish Chamber of Commerce and Livingston Parish Economic Development Council are there to help you. Please call on them with any questions you may have.

Finally, our families make Livingston Parish the great place it is. Our families are committed to a superior school system and Livingston Parish is continually ranked as one of the top school districts in the state. Our parents are involved in the education process and our students excel in and out of the classroom. Additionally you will find the nicest people in Livingston Parish. From families with a strong history to families just moving to our community, they all want a superior quality of life, and I believe they have found it here in Livingston Parish.

Again, welcome to Livingston Parish. If there is anything I can do to help you, please feel free to call or stop by my office because we are glad to see you in Livingston Parish.

Layton Ricks  
Livingston Parish President

# Message from Chamber of Commerce Executive Director

In April of 2011, I was honored to be selected as the Executive Director of the Livingston Parish Chamber of Commerce. After meeting with many leaders, stakeholders, board members, residents, elected officials and others in this community, I can attest to their commitment, professionalism and readiness to progress the Chamber while staying sensitive to the long standing traditions of the parish. I echo their sentiments.

With a passion for business and the community we represent, the Chamber embraces its role of providing information, leadership, skills, resources and opportunity in Livingston Parish. As one of the longest standing organizations in the parish, the Chamber provides stability and credibility to its membership plus the benefits of a solid organization to its community, promoting the entire parish with a proud, positive spirit.

In the past nine months, we grew to 370 members, provided affinity programs with exclusive discounts to our members, launched a new website, hosted events with impressive attendance, held numerous ribbon cuttings and grand openings, presented a formal installation banquet, increased media exposure of our organization and sponsors, supported the local school system through our education committee and attended legislative functions, to name a few.

Continuing the progress of 2011, the Chamber has big plans for 2012 and beyond! Our plans include adding a Business Expo to our events calendar allowing our members to showcase their products and services to the community. We plan to include all industries and combine our previous health fair with the business expo. The expo will also serve as a "shop local" opportunity showcasing the offerings of businesses here in the parish and those that support the parish through their chamber membership.

Chamber members will receive second-to none-advocacy this year. With a dynamic membership/ambassador committee plus additional office staff, we are prepared to increase our contacts, referrals and support to our current and new members. Plans to offer Chamber 101 will provide each with the tools to utilize their member benefits fully, allowing their membership to promote their business and the chamber membership collectively.

Leadership programs are typically provided by chambers and a role that we will embrace in 2012. We are in the planning stages and intend to offer a 9-month program that follows some of the most successful, informative and innovative models in the area. Participants will graduate from this program with a new, unmatched understanding and appreciation of Livingston Parish and all it offers plus the leadership skills to promote their increased admiration for the parish.

Further bold ambitions include the introduction of a Community Ambassador Program. Ambassadors from each municipality and community will be identified and provided with the resources to present local community businesses the opportunities and benefits of the Chamber. These extensions will serve to solidify our status as a full parish chamber.

Continuing our current programs will be a mainstay of the Chamber, including active, effective committees. Networking engages and enriches our members who seek additional interaction and volunteer efforts. Of course, we advocate for all members, present or not. After all, we are in business for business! Contact the chamber and find out how to engage, enhance and enrich your business and community.

Sincerely,  
April Wehrs  
Executive Director  
Livingston Parish Chamber of Commerce

# Message from Chamber of Commerce Chairman of the Board

Dear Chamber Members:

As we look to the promise of 2012, I wish to thank you for the opportunity to lead our Livingston Parish Chamber of Commerce, an organization with a solid history of supporting the growth and prosperity of area businesses and industries.

Our prime location positions us for continued growth in both population and economic influence. Through our synergy, we can help to sustain our valued community atmosphere as we welcome those attracted to our demographics and entrepreneurial spirit.

In the coming year, I challenge all members to take full advantage of the wide variety of resources we offer for business development and community involvement. With a fully engaged membership, relationships will form and strengthen that will positively influence our business climate and quality of life for generations to come.

Again, thank you for the confidence placed in me to serve as your chairman. I am committed to the smart growth of our Chamber while never losing sight of the values and ethics that drive our energized and forward-thinking membership.

Sincerely,  
Regina Scott, Chairman of the Board

# Livingston Parish Chamber, the Largest Business Organization in the Parish!

Incorporated over 50 years ago, the Chamber of Commerce has a long history of local business leaders working together to promote both business and community. Originally named the Denham Springs Chamber of Commerce, the Chamber's Board of Directors, with the support of parish and municipal officials, voted to change the name to the Livingston Parish Chamber of Commerce in 2007 and began a promotion to serve the entire parish. A full parish chamber allows all businesses in the parish the opportunity to make joining their local chamber part of their business plan. What started as a small group of business owners has grown into a vibrant organization of over 400 businesses with impressive growth anticipated in coming years. The Chamber welcomes and values your membership!

## Chamber Partnerships

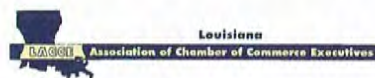

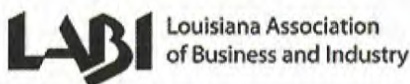

**SOUTHEASTEN LOUISIANA UNIVERSITY SMALL BUSINESS DEVELOPMENT CENTER**  
**SOUTHEASTEN LOUISIANA UNIVERSITY LITERACY AND TECHNOLOGY CENTER**  
**DIXIE BUSINESS CENTER**  
**UNITED STATES SMALL BUSINESS DEVELOPMENT**

**SUCCESSFUL PROJECTS** The Chamber actively campaigned, in partnership with other parish organizations, to bring BASS PRO SHOPS to Livingston Parish. Engaged in the process from the beginning, the Chamber diligently marketed the potential economic impact of the project by providing information to the business and residential community.

The Chamber helped secure funds from the state for the widening of I-12 by participating in the Northshore Focus at the state legislature and meeting with businesses and state representatives and senators.

# Chamber Committees Offer You an Opportunity to Get Involved

## BUSINESS EXPO COMMITTEE

**NEW FOR 2012**, the Business Expo has quickly generated an excitement and interest that lets us know its time has come! Plans are to have the event in May and combine the Expo with past health fair events of the Chamber. The public is invited to attend the event at no charge, and exhibitors will benefit from the face-to-face opportunity to get to know potential customers. The Chamber is dedicated to bringing an Expo to parish that will display the business community at its best!

## CHRISTMAS PARADE COMMITTEE

Love a parade?! The Chamber facilitates the Denham Springs Christmas Parade by planning the event and taking entries for this event through the Chamber Business Office. The plans come together on parade day with a smooth rolling event.

## EDUCATION COMMITTEE

The Chamber's Education Committee actively promotes the Livingston Parish school system. Students, teachers, principals and support workers are recognized in the Chamber's Best of the Best program. The Chamber facilitates a scholarship program that is a large part of this committee as well. High school seniors in Livingston Parish schools are encouraged to apply for the scholarships presented at the April general membership meeting. Education is a vitally important to the business community and the Chamber's leadership in support of education reinforces that relationship. Committee members share an interest in support of the Chamber's collaboration with the local school system.

## GALA COMMITTEE

Typically held in January, the Chamber's annual gala has grown into one of the premier events in the parish. Elected officials, local businesses and sponsors quickly reserve their table for this festive event. The gala committee hosts the reception after reviewing locations, bands, menus and other festive options to present a memorable evening. Members who enjoy the fun and excitement of hosting a gala should consider signing up for this committee.

## GOLF COMMITTEE

Another important event for the Chamber is the golf tournament. Teams sign up to compete and enjoy the day on the course. The tournament is held in October. Players and sponsors are treated to a welcome lunch and an awards dinner as the event progresses. Committee members can expect to be involved from planning to completion of the event.

## LEGISLATIVE AND GOVERNMENTAL AFFAIRS

Committee members host forums and meet-and-greets in election years. Members of this committee should stay abreast of legislative actions involving the business community throughout the year. An annual event in May, Northshore Focus, brings several

Chambers throughout the area to the Capitol as a collective voice for business. Attendance at LABI legislative luncheons is recommended.

## LEADERSHIP LIVINGSTON PARISH

**NEW FOR 2012**, The Chamber promotes leadership through its mission, board, members, committees and daily operations. In a natural extension of that role, the Chamber will explore and implement a high quality leadership program for the parish that promises to bring awareness to a whole new level.

## MEMBERSHIP/AMBASSADOR COMMITTEE

Members can be assured their investment in the Chamber is an investment in the community. While each member has their individual reasons for joining, collectively, the membership enriches each

of the committees of the Chamber and the business community as a whole. Chambers are powerful voices for the business community. The Chamber's position is that each and every business throughout the parish, and businesses wishing to serve the parish, has an opportunity to become a part of the Livingston Parish Chamber. The Chamber recommends that all businesses make joining the Chamber part of their business plan. The membership/ambassador committee ensures all are offered the opportunity and provides support to existing members by working closely with the Chamber business office.

## MEMBERSHIP DIRECTORY COMMITTEE

For those whose interests include publicity and displaying the parish's unique offerings in a one-of-a-kind publication, the membership directory committee is for you. The guide presents the community with the opportunities, shopping, attractions, hidden treasures and important contacts throughout Livingston Parish. This relevant publication is presented and solely funded by the membership of the Livingston Parish Chamber of Commerce.

## SPONSORSHIP COMMITTEE

Like all local chambers of commerce, the Livingston Parish Chamber shares a strong relationship with its sponsors. Members have the opportunity to sponsor the Chamber and enhance their presence through a mutually beneficial partnership. Recognizing the Chamber as THE powerful voice for business and community, sponsors increase and strengthen the Chamber's growth, vitality and essential resources. Sponsors are recognized for their support of the Chamber and its successful efforts to connect and engage local businesses with other businesses, customers, elected officials and community.

As one of Louisiana's largest and most progressive community hospital organizations, North Oaks Health System has long served the residents of Livingston Parish. Starting 8 years ago, North Oaks strengthened their commitment to Livingston Parish by opening several new facilities, including Walk-In and Specialty Clinics in Walker, and the Livingston Parish Medical Complex (LPMC) -- a major outpatient medical complex at the I-12 Satsuma/Colyell Exit in 2011. LPMC offers residents close-to-home cardiology, radiology and laboratory testing; physical, occupational and speech therapy; hearing testing; and a second Walk-In Clinic. LPMC also houses a growing number of physician practices, including a Primary Care Clinic for family and internal medicine, and specialists in the areas of cardiology; ear, nose, throat; allergies and sinus problems; general surgery; obstetrics & gynecology; orthopaedics; adult psychiatry & counseling; and rheumatology. Should emergency services or hospitalization be needed, North Oaks Medical Center is located in nearby Hammond.

For more information on services and facilities, visit [www.northoaks.org/livingston](http://www.northoaks.org/livingston) <<http://www.northoaks.org/livingston>> or call (225) 686-4885.

Richard Price Contracting, founded in 1972, specializes in earthwork, decorative site grading, excavation of detention ponds, installation of geotextile fabric, erosion control, storm drainage, water & sewer, asphalt paving and concrete paving for both private commercial developments and public entities. The company's experience enables them to assist clients in site selection by preparing sitework budgets prior to expenditures for surveys and other expenses.

Richard Price Contracting Company is committed to surpassing the expectations of clients, subcontractors, and suppliers by developing relationships through integrity, professionalism and service, which yields the highest quality construction projects.

Walmart, a chain of discount stores started by Sam Walton in 1962, is the nation's largest retailer. The chain's low-pricing policy allows households of all levels to better afford everything from electronics to toys to groceries.

Walmart Foundation strives to provide opportunities that improve the lives of individuals including customers and associates in communities where their stores locate. Through financial contributions, in-kind donations and volunteerism, the Walmart Foundation supports initiatives focused on enhancing education, workforce development/economic opportunity, environmental sustainability, health and wellness.

The newest Walmart in Livingston Parish is located on Hwy. 16 in the Watson community. It plans to open in spring 2012.

## OUR LADY OF THE LAKE LIVINGSTON

Our Lady of the Lake Regional Medical Center (OLOL) is committed to growing with our community. Our Lady of the Lake Livingston is on schedule to open in September of 2012. The new medical complex includes the area's only free-standing emergency room.

In addition to the emergency room, Our Lady of the Lake Livingston will have a lab, imaging services including CT, ultrasound, X-ray and MRI and physician offices. Primary care doctors, pediatricians and many specialists such as cardiology, orthopedics, ear nose and throat, eye specialists, and pain management doctors will occupy the physician office space.

Our Lady of the Lake Livingston will add to OLOL's already existing family of services in Livingston Parish, which include Primary Care of Denham Springs - Pediatrics; Primary Care of Live Oak - Family Practice; Baton Rouge Physical Therapy - Lake; and Lake After Hours - Urgent Care.

For more information visit [www.ololrmc.com/livingston](http://www.ololrmc.com/livingston).

## FIRST GUARANTY BANK

For 75 years, First Guaranty Bank has proudly served the people of Louisiana. With today's ever changing economy, there is one thing that they pledge will not change, and that is their commitment to their customers.

With the power to make loan decisions on a local level, branches have the strength to help meet the needs and expectations of the community. First Guaranty Bank is committed to the success of the areas they serve, and their stated goal is to participate in making the communities better places in which to live, work and play.

First Guaranty Bank continues to have the power and reliability of three generations of banking trust.

# Livingston Parish Government

Livingston Parish is the second-fastest-growing parish in Louisiana, and the I-12 corridor running east-west through the center of the parish is the site of accelerated commercial development. As of the 2010 census, there were 128,026 people residing in the parish.

The parish seat is located in the town of Livingston, roughly in the center of the parish. Other incorporated communities in the parish are Albany, Denham Springs (largest municipality), French Settlement, Killian, Port Vincent, Springfield (oldest community) and Walker.

Livingston's neighboring parishes are Tangipahoa on the east, St. Helena to the north, St. John on the south, East Baton Rouge to the west and Ascension to the southwest.

The parish has a total area of 703 square miles and is approximately 32

miles long by 30 miles wide. The northern part of the parish consists of rolling terrain covered by pine and hardwood forests. In the southern end of the parish, the land merges into rich cypress forests and marshes that border Lake Maurepas and the Amite River.

The Livingston Parish Council is the

legislative body and operates under the authority of a Home Rule Charter. One council member is elected from each of nine districts, and the parish president is elected at-large by all voters of the parish. All nine council members and the president are elected every four years. 2015 is their next election year.

## Watson Community Seeing More Growth

Watson, an unincorporated community about five miles north of Denham Springs, is also often referred to as Live Oak. That name originated with the Live Oak Store and post office that was established in 1869 at Live Oak Plantation owned by John Easterly, just north of the present-day Watson community. The area schools all take the Live Oak name. The area is a popular residential area for many people who work in Denham Springs, Baton Rouge and other areas.

Most of the businesses are locally-owned and located primarily along LA 16 and its intersection with LA 1019. Oak Point Supermarket has been one of the largest businesses, but that distinction will soon go to a new Super Walmart on LA 16 at LA 1024 when it opens in the spring of 2012.

The Amite River just to the west has served as a source of transportation and recreation over the years, and it currently supports a large gravel industry and is the site of Tiki Tubing and Tiki Zip Line, popular leisure activities. The Live Oak Sports Association sports complex is the center of many community events and recently underwent a major expansion.

A new Super Walmart on LA 16 at LA 1024 will open in the spring of 2012.

## Satsuma Profile Raised by New Medical Clinic

Located one exit east of the town of Livingston on I-12 is the unincorporated community of Satsuma. The development of Suma Crossing at the I-12 Satsuma interchange spans 1,037 acres on both sides of the Interstate and includes a community center, retail and office space, condominiums, restaurants and residential areas north of the Interstate.

Suma Hill strip mall in the northwest quadrant of I-12 in this comprehensive development includes the Suma Hill Community Center which features a large stage and is the site of music concerts, plays and other large gatherings. The strip mall has retail and office tenants, and space is available for several more businesses.

A large baseball complex is located just west of the Suma Hill Community Center, and a new apartment complex is just east.

The North Oaks-Livingston Parish Medical Complex opened in 2011 and anchors other planned development of retail and restaurants on the opposite side of the interstate. It's expected that the clinic will attract more mixed-use development to the south side of I-12.

Developers have donated property near North Oaks for the construction of a new school.

Suma Hill Community Center, above, features a large stage and is the site of music concerts and plays.

## Holden Remains Small Country Community

Holden is an unincorporated community located west of Albany at the intersection of U.S. Hwy. 190 and LA Hwy. 441. The small rural community has several small businesses and a few large ones, including Weyerhaeuser timber operation, Ferrara Fire Apparatus and Gainey Concrete Products.

Much of the community activity involves Holden School which houses grades K-12, with basketball being a popular sport for boys and girls.

The Micajah Spiller family received property in a Spanish land grant and was probably the earliest landholders in Holden. The area was largely settled after the east-west railroad line came through in 1907. One of the property owners who sold land to the railroad was James Mahlon Holden, for whom the community was later named.

James F. McCarroll established a sawmill around 1909. Sinclair Cooper constructed a railroad spur from the main line to the sawmill, and the area was known for a time as Cooper's Spur. The Holden post office was established December 8, 1909, with Bunyan Drumwright as the first postmaster.

Holden School houses grades K-12 and is located directly in the middle of the unincorporated community.

## Maurepas Island One of Three Unincorporated River Communities

Maurepas is on Maurepas Island which is surrounded by Lake Maurepas, the Amite River, Bayou Pierre, Petite Amite and Blind River. Originally part of Ascension Parish, the island was transferred to Livingston Parish in 1850. Other nearby unincorporated communities include Whitehall, Bear Island and Head of Island. The only post office in the area, established in 1875, is at Maurepas.

As in other small parish communities, activities center around the school and school sports, especially basketball. Maurepas High houses grades K-12.

Maurepas takes its name from the nearby Lake Maurepas. The lake was named by the French explorer Iberville in 1699 while exploring routes from the Mississippi River to the Gulf of Mexico. It was named for Jerome Maurepas, the son of Count Pontchartrain, the French minister of marine and colonies.

Trappers, fishermen and farmers settled the area as early as 1778. Logging thrived due to the abundance of timber. Although settlers were French, German and Spanish, the French culture and Catholic religion had the strongest influence and is still in evidence today.

Maurepas is on Maurepas Island which is surrounded by Lake Maurepas, the Amite River, Bayou Pierre, Petite Amite and Blind River.

## Head of Island/ Diversion Canal Seeing Mega Development

The Head of Island area includes many recent developments along LA 22 south of its intersection with LA 16 and leading to Diversion Canal. It carries a Maurepas address even though this area is about 10 miles southwest of Maurepas and is only a couple miles southeast of French Settlement. Two of the largest businesses are Brian's Supermarket and Kevin's Cajun Seafood Restaurant. It boasts numerous other restaurants and service businesses, particularly in the Plaza 22 strip mall and on Diversion Canal. An abundance of upscale homes along the Diversion Canal waterway have attracted local residents as well as people from Baton Rouge and New Orleans and points between looking for

Chris's Pharmacy is the first of many new business's to come to Pointe of Isle mixed-use commercial development.

luxury waterfront living in the country.

Work continues on the Pointe of Isle mixed-use commercial development. The \$40 million, 33-acre mixed-use develop-

ment is located at 18785 La. Highway 22 in Head of Island, between La. Highway 16 and the Diversion Canal bridge that connects Livingston and Ascension parishes.

# Albany Remains Small Rural Community

The town of Albany near the eastern border of Livingston Parish was originally developed as a railroad stop and later became a business district at the crossroads of U.S. 190 and LA Hwy. 43.

The first settlement near the area was actually about three miles south of the present town at a sawmill community known as Maxwell, established by the Brakenridge Lumber Company in 1890.

Settlers of Hungarian heritage moved into an area close to what is now the Albany-Springfield exit of I-12. Some Hungarian-Americans moved north toward Albany or south toward Springfield, but most stayed in the general area. The area known today as Hungarian Settlement, originally called Arpadhon, is the site of the largest Hungarian community in the United States.

The Albany post office was established on October 15, 1908, with William Faust as the first postmaster. Albany was incorporated as a village on October 7, 1953, and the town's first mayor, Grady Stewart, was appointed.

Mayor Thomas "Dillard" Stewart

Photo Credit: Livingston Parish Fire Protection District #2

Albany has one of the parish's largest Christmas parades; it rolls on the second Monday of December and is presented by the Albany Volunteer Fire Department, with assistance from the town and local businesses.

The town remains a small, close-knit community with most activities centered around the schools. The town has one of the parish's largest Christmas parades; it rolls on the second Monday of December and is presented by the Albany Volunteer Fire Department, with assistance from the town and local businesses.

The town is governed by Mayor Thomas "Dillard" Stewart and Aldermen Gene Glasscock, Edmond Harris and Bee Martin.

# Killian is Parish's Smallest Municipality

The small village of Killian lies just south of Springfield alongside LA 22 and the Tickfaw River. Many people chose to make their homes or camps here because of the river and Lake Maurepas and the many water sport activities that are available.

The village has few businesses – mostly marinas - but is a popular weekend destination for people who come to get away from it all and the natural beauty of the area. There is residential growth being seen, with subdivisions, condos and commercial development along LA Hwy. 22.

Killian is named for John S. Killian whose land claims are documented on maps from 1854. Incorporated in 1968, it's the newest municipality in Livingston Parish.

Several schools were located in the Killian area at one time. These include Rome School, Daisy School, Carthage School and Killian School. None of these are still in use, and children in the area attend Springfield schools.

One of the oldest churches in Livingston Parish is the Huff Chapel which was first organized in 1893. The present sanctuary for was built after the previous one was destroyed by Hurricane in Betsy in 1964.

The mayor is Gillis Windham, and aldermen are Jerry "J.J." Barnum Jr., Paul Canik, Vince Deliberto, Peter Bock and Craig McGehee.

Mayor Gillis Windham

This waterfront development hints of the popularity of water sports in the Killian community.

Mayor Gillis Windham  
28284 Hwy. 22, Springfield, LA 70462; 225-695-6785

# Springfield is the Oldest Municipality in the Parish

The town of Springfield has the distinction of being the oldest municipality in Livingston Parish and the third oldest in the state.

Situated at the intersection of LA Highways 22 and 42, it occupies the west bank of the Natalbany River, which flows into the Tickfaw River, which, in turn, flows into nearby Lake Maurepas. Although rivers, swamps and bayous surround the area, the town is on a low bluff that sits 16 feet above sea level.

Springfield hosts an annual Civil War Battle Re-enactment during the fall that draws visitors from across the country. It is also home to Carter Plantation, a world class golf resort. Other

Mayor Charles E. Martin

Springfield hosts an annual Civil War Battle Re-enactment during the spring and fall that draws visitors from across the country.

major businesses in the area include Carter's Supermarket, Peoples First Bank and Trust, Gator Trax boat manufacturer and numerous retail stores and restaurants.

Tickfaw State Park is nearby and offers camping, cabins, canoeing, hiking and other outdoor activities. The abundance of recreation opportunities on the Tickfaw River and other nearby bodies of water draws new residents and visitors to the area.

The first settlers are believed to have been colonists who ventured here under the direction of the Company of the Indies in the 1700-1800s. The settlement became known as Bookter's Landing for a landing on the Natalbany River, then became known as Springfield, probably due to the many groundwater springs in the area. In 1810, a fort was erected on the Natalbany River at Springfield.

The Springfield post office was established March 10, 1828. The New Orleans Gaslight and Banking Company established a bank there sometime during 1835, apparently the first bank in Livingston Parish. Also in 1835, Springfield was chosen as the parish seat. The bank failed in the early 1840s but the building was taken over for use as the parish courthouse, and it still stands today. The town was incorporated on March 12, 1838.

Before the Civil War, Springfield was a shipping center for cotton and lumber during the 1890s. As cotton and lumber declined, Springfield became a "bedroom" community for folks who worked in Baton Rouge, Hammond, New Orleans and other towns but prefer to live in a rural community.

Town officials are Mayor Charlie Martin and aldermen Tommy Abels, Mary Ann Bissel, Mildred Cowsar, Marsha Sherburne and John Vicknair.

Mayor Charles E. Martin

# Livingston Developing Along with I-12

The town is situated on U.S. 190 near the center of the parish, about 25 miles east of Baton Rouge. The parish fairgrounds located on the west side of town hosts the annual parish fair, parade and rodeo each October.

Mayor Derral Jones

The parish courthouse and all parish governmental offices are located in Livingston. The parish president's office shares space in the Parish Health Unit building on LA Hwy. 63 in Livingston about a mile north of Interstate 12. The state Motor Vehicle Bureau operated by the parish, the parish council office and meeting rooms, the office of Homeland Security and the Livingston Economic Development Council occupy the new two-story parish governmental building behind the health unit. Construction of a new courthouse on adjacent property is expected to begin in 2012.

One of two observatories sponsored by the National Science Foundation with the mission of detecting gravitational waves is located just north of Livingston, off LA Hwy. 63. The Laser Interferometer Gravitational Wave Observatory (LIGO) became operational in 2002 and is open to visitors.

In recent years, the real estate boom in the western part of the parish moved eastward, and numerous subdivisions have been established. The two main thoroughfares in Livingston are U.S. Hwy. 190 running east and west, and LA Hwy. 63, running north and south. Livingston has seen several new businesses come to town in the last two years, particularly along LA Hwy. 63.

Being the parish seat continues to play a major role in the economic life of the town which has seen a 39 percent increase in population over the past decade. The town will soon begin work on approximately \$5 million of improvements to its wastewater system.

Mayor Derral Jones expects the town to continue to experience both commercial and residential growth as the I-12 corridor continues to expand.

"Our excellent fire rating, 24 hour police patrol, reasonable zoning regulations and access to safe potable water makes Livingston a great place to raise a family," Jones said.

The town of Livingston was first established as a logging community adjacent to the settlement of Doyle. Much of the commerce in the Doyle area eventually died out, but the schools retain the Doyle name. The logging company also eventually pulled out, and the town was reinvigorated when it became the parish seat in 1941. Livingston was incorporated on November 4, 1955, with Winson Hoover as the first mayor.

The Laser Interferometer Gravitational Wave Observatory

The current mayor is Derral Jones, and aldermen are David McCreary, Randy Morgan, Joey Sibley, Wade Wilson, and James Nesom.

Mayor Derral Jones

# Denham Springs is Parish's Flagship Community

The City of Denham Springs is Livingston Parish's largest and most western municipality, separated from Louisiana's capital, Baton Rouge, by the Amite River. An early 1800s community, Denham Springs was designated a city in 1957 and has continually grown with large sections of commercial and residential development and a population of approximately 11,000. Old traditional neighborhoods, transitional housing trends and numerous churches, schools and parks are harmoniously blended with retail and commercial establishments.

This I-12 corridor gateway has garnered acclaim for innovative infrastructure systems, receiving state awards for environmental leadership in pollution prevention and also community achievement for its state-of-the-art, \$20 million mechanical sewage treatment facility. Governmental leaders and environmental students frequently come to Denham Springs to tour the model plant. The city continues to improve quality of life while preparing for the future with construction of a new \$24 million Denham Springs Sewerage District, opening areas for new development in and outside city boundaries.

Denham Springs has seven water wells and three water towers. In 2011, its abundant water supply contributed to the city becoming one of only 31 of the 634 La. fire departments to acquire a highly coveted Class 2 Fire Rating. The superior rating helps decrease homeowner insurance premiums, while enticing economic development. Ever-improving infrastructure and services, along with incentives in two Economic Development Districts, makes business-friendly Denham Springs ready to provide what businesses need while protecting investments.

Diverse shopping opportunities abound throughout the city, but two distinctive retail areas are not to be missed. Begin at Old City Hall Welcome Center & Museum and then browse more than 25 eclectic galleries, shops, boutiques and cafes in the downtown Antiques & Arts Village. The Chamber of Commerce and Arts Council are located in this area, and the municipal complex is just blocks away.

More than a shopping experience awaits south of I-12 at the Bass Pro Outdoor World, with unique décor, lakeside dining, sizeable aquariums, fudge shop, marine center and firing range. Numerous restaurants and businesses reside in the adjacent Amite Crossing Mall, as well as in and around the perimeter of the 75-acre complex, including a Sam's Club Store, currently under construction.

Many comfortable and safe hotels are convenient to I-12, and Denham Springs has a variety of restaurants to serve you, whether seeking a meal or a refreshing beverage. A Farmers Market is open until noon every Saturday, where fresh produce, meats and food products are sold and craftsmen display original wares.

Though emerging as a retail hub, Denham Springs invests in historic preservation and maintains a high cultural standard. The Historic Preservation District hosts annual, crowd-pleasing spring and fall festivals on the last Saturday in April and the first Saturday in October and a Pioneer's Day in March. The city's "Main Street USA" program and Antiques

Mayor Jimmy Durbin

Denham Springs' \$19M Mechanical Sewage Treatment Facility received the La. Environmental Leadership Program's Municipality Recognition Award in Pollution Prevention. The plant can treat six million gallons per day and its state-of-the-art design includes nitrogen and phosphorus removal, tertiary treatment, odor control and exceptional quality sludge processes, with a byproduct being high grade fertilizer. A portion of final discharge irrigates Greystone Golf Course and the design allows for additional capacity from future developments. The facility is regularly toured by environmentalists and students.

and Arts Village regularly garner state and regional awards. AAA Southern Traveler, the nation's largest motor travel club, voted Denham Springs Antique District the third best in the entire South! In 2011, Denham Springs acquired a state Cultural District designation, promoting arts initiatives and further improving downtown development. An official "Tree City," Denham Springs focuses on cleanliness and continual plantings of trees and landscaping, regularly receiving state Cleanest City Awards.

A place where family values are encouraged and a top-rated educational system exists, residents and visitors enjoy sports and civic activities in the many parks and recreational facilities. Denham Springs is especially proud of Kidz Korner Playland & Splash Park, one of only three "special needs" parks in Louisiana where children of all abilities can play together. The new waterpark at North Park opened in 2012 and has become a big hit.

For everything Denham Springs, visit [cityofdenhamsprings.com](http://cityofdenhamsprings.com), subscribe to the "At Your Service" e-newsletter, "Like" the 'City of Denham Springs' Facebook Page, and follow 'GoDenhamSprings' on Twitter. At the forefront of communication, Denham Springs is the first parish municipality to have a designated Quick Response Code. With a dedicated QR reader or camera phone with the correct "app," users who scan the QR code image will open the city's web page in their telephone's browser.

Mayor Jimmy Durbin, City Council members Arthur Perkins, Annie Fugler, Chris Davis, John Wascom and Lori Lamm-Williams, and City Clerk Joan LeBlanc welcome you to Denham Springs, where the slogan is, "We set the standard for city living."

# French Settlement Enjoys Relaxed River Living

The Village of French Settlement was incorporated June 13, 1965. The village limits follow a line 1,000 feet either side of Hwy. 16 from Colyell Bay to the Amite

River. The population is about 1,000, although their weekend population swells with people drawn to the river for recreational boating and fishing.

The area around French Settlement was settled in the early 1800s by French, German and Italian emigrants who used the Amite River for transportation and as a source of cypress lumber,

Mayor Toni Guitrau

French Settlement Creole House Museum

fish and other wildlife.

The area was first named

Londell but later called La Cote Francaise (French Settlement) by steamboat crews making the trip from New Orleans, even though only a portion of the settlers were French.

St. Joseph Catholic Church was established there in 1839. The town's Creole House Museum is behind the Village Hall and houses historical information and artifacts. The building itself was built in 1898 by settlers, and it is the site of the annual Creole Festival, held the third Sunday in October, that features live music, food, craft demonstrations and other activities.

French Settlement is primarily a residential community, and most businesses are grocery/convenience stores, restaurants, gas stations or other service enterprises. Many residents commute to work in Baton Rouge and other surrounding cities. It has seen modest growth in the way of businesses or residents

in the last several years and has thus remained a quiet, friendly river village. Many activities are centered around the schools and churches.

The village's elected officials include Mayor Toni Guitrau; Aldermen Danette Aydel, Teresa Miller and Glen Newell; and Police Chief, Harry Brignac.

The village doesn't have a sales or property tax; their source of revenue is occupational license fees, traffic fines and grants. Grants allowed them to install an electronic sign powered by a generator that can notify citizens of emergency situations even when electricity is out, and to renovate their town hall which will be used as a command center in the event of a hurricane.

# Port Vincent is Community Defined by Amite River

The small community of Port Vincent lies adjacent to French Settlement to the west. It is quiet and peaceful during the week, but on weekends, the population swells as boaters and fisherman take to the popular Amite River.

Port Vincent was an important shipping point on the Amite River when Iberville, the French explorer and colonist, used Bayou Manchac and the Amite River as a route between the Mississippi and the Gulf of Mexico in 1699. The settlement was named for Vincent Scivicque, a native of Italy and founder of Port Vincent, who was a merchant and owner of a schooner that sailed the Amite River. He donated land for a community cemetery and built a small chapel. Many Scivicque descendants live in the area.

This inland port and Spanish settlement thrived until General Andrew Jackson closed the Mississippi River's entrance to Bayou Manchac in 1812. Port Vincent was the parish seat from 1872-1881. The courthouse burned October 15, 1875, destroying all parish records prior to that date.

The village was incorporated in 1952, and G. J. Guitreau was appointed mayor. A post office existed under various names from 1835 until its closure in 1954. The village is now served by a rural postal route from Denham Springs. The renovated historic community center is the site of many community events throughout the year.

One of Port Vincent's historic claims to fame is being the location for the filming of the western movie "Nevada Smith," starring Steve McQueen and Suzanne Pleshette, in 1965.

With the last census population tallied at 741, the community is

During week the river is calm and tranquil yet boaters and fishermen take to the popular Amite River during the weekend.

still not in shouting distance of the 1,000 population required for town status, but it still has enjoyed much commercial growth over the past few years while retaining its unique flavor.

Laura Savoy is mayor, and David Carter, J.J. Page and Scotty Martone are aldermen.

# New Year, New Walker

The year 2012 is already shaping up to be yet another big one for the City of Walker.

Business continues to boom in this community that remains one of the fastest-growing in the state.

In 2011, 60-plus new establishments opened their doors in Walker, and sales tax collections outpaced much of the region, with healthy year-over-year growth, even in challenging economic times.

New businesses included K&W Patten's Metal Express' 14,000-square-foot manufacturing facility, Gilchrist Construction Company's asphalt plant and a new Verizon wireless showroom.

Work continues on Our Lady of the Lake Livingston, a 170,000-square-foot medical complex on 236 acres that includes an emergency room. The facility is expected to open in the fall.

"Walker is already a very attractive place for entrepreneurs and larger firms to do business," said Mayor Bobby Font. "But when Our Lady of the Lake Livingston opens, we expect the growth to just explode."

Roadways remain a top priority. Construction on the widening of Interstate 12 from Juban Road through Walker to six lanes is set to begin no later than February and finish by the spring of 2013. The city is also slated this summer for two major intersection improvements this year on U.S. 190—one at La. 1029; the other, at La. 449.

Under Mayor Font's leadership, the city has engaged in numerous significant improvement projects during the past three years, and 2012 will be no different.

Walker is wrapping up its comprehensive master plan, "Blueprint of a City: A Community Vision for Walker." The final draft is currently available for review, and the Walker City Council is expected to consider adoption of the plan in late spring.

Parks and recreation are a top priority for the community, and both parks—Sidney Hutchinson Park and Punk Smith Park are slated for major renovations in 2012.

The walking trail at Sidney Hutchinson Park has been extended to over a mile, and portions of it will be paved early this spring. The city also won a \$35,000 grant from the National Park Service Land & Water Conservation Fund to replace outdated playground equipment with new handicapped accessible structures.

In late spring, Walker also begins the second phase of its efforts to link all of its public schools with sidewalks. This stretch links the Walker Police Department to the Walker Freshman High School. The city has also received a \$576,103 grant from the State of Louisiana to continue the sidewalks all the way to Sidney

Mayor Bobby Font

A new exhibit at The Walker Museum called 'Honoring Those Who Serve' is a unique collection of historical military memorabilia. The exhibit contains items from all four branches of our armed forces, on loan from generous families throughout South Louisiana. See treasures from the military in action at war and in peace throughout history, including uniforms, weapons, enlistment posters, shell casings, flags, medals of honor, photographs and more. The exhibit is made possible in part through a grant from the Livingston Parish Convention & Visitors Bureau.

Hutchinson Park. That will begin in late 2012 or early 2013.

"Linking our parks and schools with sidewalks will do wonders to improve the safety and quality of life in this community," Font says. "Once everything is completed, children and their families will be able to travel safely all the way from Peaks Lane to their schools or to any of our parks."

Walker, which officially became a city in 2011, is recognized as one of those rare places where residents can still live the charm of a small town, but also enjoy all the conveniences of a city.

The city is noted for its popular free family-friendly events, the largest of their kind in the parish. This includes CityFest, an Independence Day celebration that features fireworks, and Country Christmas, a month-long celebration that includes holiday displays, Movies Under the Stars and the Country Christmas Festival.

The Walker Museum & Community Art Gallery will again offer its Summer Art Camps for Kids and plans a number of special exhibits, including its ongoing Honoring Those Who Serve, a collection of military memorabilia. In 2012, the museum has been chosen to display *Becoming Louisiana: The Path to Statehood*, a special exhibit honoring the state's bicentennial. It opens Nov. 17. Admission is free.

# PUBLIC SCHOOL SYSTEM CONTINUES TRADITION OF EXCELLENCE

Livingston Parish is the second fastest growing parish in Louisiana, due in part to the parish's successful education system. The first question usually asked by people looking into moving to the parish and businesses looking to locate there is about the performance of the local education system.

Superintendent Bill Spear

LIVINGSTON PARISH HAS RANKED AMONG THE STATE'S TOP PERFORMING SCHOOL DISTRICTS SINCE THE STATE BEGAN ITS ACCOUNTABILITY PROGRAM 10 YEARS AGO.

The answer to that question is, Livingston Parish has ranked among the state's top performing school districts since the state began its accountability program 10 years ago. The schools maintain a high graduation rate, and students continue to improve their average ACT scores, outperforming the state's average performances in all testing categories. Livingston Parish's overall average for 2011 is up to 20.9, an increase of two-tenths of a point from 20.7 in 2010, and up a full six-tenths of a point from 20.3 in 2009. Livingston Parish testers outpaced the state's

average this year in each of the four subject areas – reading, science, English and math.

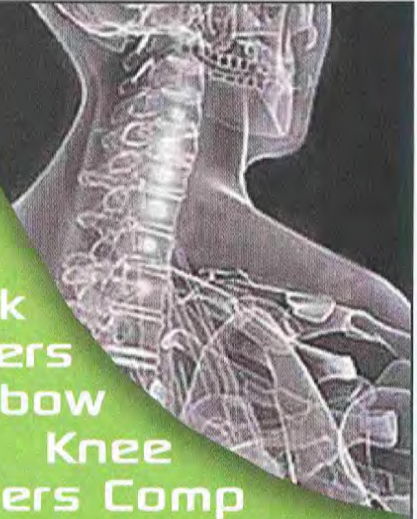

The superintendent of Livingston Parish Schools Bill Spear gives the credit for this excellence to teachers, principals, various

support staff and administrators, and assistant superintendent Thomas Cothorn who are charged with the responsibility of making the hard decisions involved in running a large school system.

Spear said, "We are pleased with our district's ability to grow its overall score. This is a direct result of the success we're seeing at our individual schools. This year's School Performance Scores are reflective of success across the parish, at all levels of learning."

The parish's school facilities are up-to-date and well-maintained, and new schools are being built each year due to the increase in families who come to the parish seeking a quality public education for their children at community schools.

The 2011 school board includes President Malcolm Sibley and members Jeffery Cox, Kellee Hennessey Dickerson, Milton Hughes, Sid Kinchen, Keith Martin, Buddy Mincey, Jr., Karen Wax Schmitt, and James Watson.

## LIGO (Laser Interferometer Gravitational-Wave)

Livingston Parish is the site of the world-class research facility LIGO (Laser Interferometer Gravitational-Wave Observatory), is a joint project between scientists at MIT, CalTech, and many other colleges and universities, and is sponsored by the National Science Foundation.

Education directors conduct tours of the facility and its Science Education Center with 40 hands-on interactive science exhibits. Visitors may also have the opportunity to ask questions of the scientists conducting gravitational wave experiments they hope will detect and map the features of black holes in deep space.

The center is a popular destination for school field trips and other groups. The free tours are available to all ages, and groups are welcome; reservations must be booked 24 hours in advance. It is located on LIGO Lane, 1.5 miles west of Hwy. 63 and about 3.5 miles north of Hwy. 190 in the town of Livingston. For tour information, call 225-686-3193 or see [www.ligo-la.caltech.edu/](http://www.ligo-la.caltech.edu/).

## Livingston Parish Literacy and Technology Center

Opened in fall 2005 as a cooperative venture between Southeastern Louisiana University in Hammond and the Livingston Parish school system, the Livingston Parish Literacy and Technology Center offers a variety of educational programs and resources for adults and children.

With the goal of improving the level of education and quality of life for the citizens of Livingston Parish, the Center offers many unique programs designed to promote lifelong learning. These programs include:

- Career and technical courses for high school students
- Southeastern Louisiana University credit courses
- Career enrichment and personal enrichment courses
- Community Music School
- Family Resource Center
- Dual Language Preschool
- After school tutoring
- Summer academic camps
- Summer credit recovery

For more information call 225.665.3303 or visit [www.selu.edu/livingston](http://www.selu.edu/livingston) to learn more about Southeastern programs. Visit <http://lpltc.lpsb.org/index.html> to learn more about Livingston Parish Public School programs. The Literacy and Technology Center is located at 9261 Florida Blvd. in Walker.

## Colleges and Universities

In addition to the Livingston Parish Literacy and Technology Center in Walker, Livingston Parish students have easy access to three premier four-year universities: Louisiana State University ([www.lsu.edu](http://www.lsu.edu)) and Southern University ([www.subr.edu](http://www.subr.edu)) in Baton Rouge, and Southeastern Louisiana University in Hammond ([www.selu.edu](http://www.selu.edu)), as well as the Northshore Technical Community College ([www.northshorecollege.edu](http://www.northshorecollege.edu)) in Greensburg.

# LIVINGSTON ECONOMIC DEVELOPMENT COUNCIL

CAP Technologies, LLC

LEDC PROUDLY ANNOUNCED CAP TECHNOLOGIES PLANS TO LOCATE TO LIVINGSTON PARISH IN AUGUST 2011.

President & CEO  
Randy Rogers

At year's end, 34 projects with a potential \$2.4 billion capital investment had considered Livingston Parish as a possible location for their business. Sixteen local firms had obtained tax incentives and other assistance for new locations and expansion or improvements to existing facilities.

Two Livingston Parish companies - Teknarus and Labarre Associates - were

among just 32 companies statewide chosen to participate in Louisiana's new Economic Gardening Program, which provides them with free national experts offering intensive market research, growth strategies and other resources they need to expand and succeed. Another four were selected for the Louisiana Ready Supplier Program to get free assistance with government contracts and marketing as a supply chain vendor.

And the parish made national news last year when CNN Money ranked it 11th in the nation for job growth during the past decade.

One of the entities behind the scenes collaborating to help make much of it possible was the Livingston Economic Development Council.

The organization is a best friend to business, recruiting new companies and industry to the parish, assisting existing businesses in expansion and growth, mentoring and providing educational opportunities for entrepreneurs and community leaders, and building relationships between the corporate and public sectors.

"Many people think we're only about attracting new companies to Livingston Parish, but that's just a part of what we do—albeit a very important part," says LEDC President & CEO Randy Rogers. "But we're also assisting existing businesses in obtaining tax incentives and services that can result in significant financial savings and make the difference in whether they can grow and expand. We also offer affordable educational opportunities and occasions to network with other executives and public officials."

For example, LEDC recommended and assisted the two firms selected for the Economic Gardening Program and the four chosen for the Louisiana Ready Supplier Program - Gainey's

Concrete, Gator Trax Boats, Labarre & Associates and Teknarus. At least two more Livingston Parish companies are in line for the benefits provided through the latter.

The organization assisted 16 local firms in obtaining the tax incentives and other assistance. Additionally, LEDC made 15 visits to existing parish manufacturing and regional commercial operations in the past year to discuss future plans.

And the organization collaborated with the Baton Rouge Area Chamber in hosting national site selection consultants at two separate events in 2011. LEDC also hosted six companies last year, and three of them - Brazos Forest Products, K&W Patten's Metal Express and CAP Technologies - announced plans to locate here. Two others have acquired sites and will announce projects in early 2012.

Indeed, despite the continued economic slowdown, all indications are that Livingston Parish will continue thriving in 2012.

Going into 2012, LEDC is working 10 active projects for new firms considering a move to Livingston Parish. Construction continues on Juban Crossing and Our Lady of the Lake Livingston, with the latter planning to open in late 2012.

In the past year, 164 commercial building permits had been issued in Livingston Parish and its municipalities, indicating continued business growth.

Unemployment remained below the national average at 7.3%, and average annual wages continued to climb, to \$31,512.

"All indications are that Livingston Parish is poised for another bright year," says Abigail DePino, vice president of LEDC. "We're going to be working harder than ever to recruit new development, help our existing firms in any way we can, foster a spirit of entrepreneurship and build relationships in the community."

LEDC opened the year with its annual meeting in January, featuring LSU economist Loren Scott with his economic forecast for Livingston Parish and the Capital Region. Quarterly meetings with top public officials from across the region as keynote speakers are planned throughout 2012.

During the year, the organization also plans to sponsor a number of short courses and workshops on subjects ranging from

writing a business plan, developing a disaster preparedness strategy for your company, and succeeding as an entrepreneur.

LEDC can also meet with your company to discuss needs and wants, as well as possible tax incentives and benefits that might be available.

## I-12 IS KEY TO MUCH OF LIVINGSTON PARISH'S GROWTH

Roads continue to be at the forefront of the news. The year 2011 saw the start of many infrastructure projects which, once completed, will draw more people and business to Livingston Parish, an area that has managed to avoid the worst of the recession of the last few years. The widening of I-12 to 3 lanes both east and westbound from Baton Rouge to Denham Springs is well under way, and funds were dedicated to extend the project to just beyond Walker. This new, wider highway will facilitate the further development of the I-12 corridor which has attracted so much attention and development.

A new, wider bridge over the Amite River at Magnolia Beach is also under construction and will greatly improve commerce and the commute time between Livingston Parish and East Baton Rouge Parish. Construction on the two-year, \$20 million project to replace the two-lane bridge with a four-lane one should be completed in late 2012. The state is studying the feasibility of another new bridge across the Amite that would connect Hooper Road to the Watson area north of Magnolia Bridge. Construction was completed on the new U.S. Hwy. 190 bridge over the Amite River in Denham Springs and opened to traffic in early 2011.

Eden Church Road is the most-traveled state road in the parish, and the long-overdue project to improve it is slated to begin in late January or February of this year. Plans call for widening, straightening, overlay and construction of a "roundabout" at the Eden Road intersection with U.S. Hwy. 190.

Talk of a proposed loop around Baton Rouge and through Livingston Parish was resurrected in 2011 by entities in Baton Rouge. Opposition to a northern route through the Watson area remains strong by residents and parish officials who believe proposed routes to be ill-placed and the goals of reducing the intense commuter traffic to be unattainable by means of a loop.

Members of LEDC gain exclusive access to regular reports on economic activity in the region, professional assistance and expertise, and networking opportunities with other top executives in the parish. To join the organization, call 225-686-3982. For more information, visit LEDC's website at [ledc.net](http://ledc.net).

THE WIDER HIGHWAY WILL FACILITATE THE FURTHER DEVELOPMENT OF THE I-12 CORRIDOR WHICH HAS ATTRACTED SO MUCH ATTENTION AND DEVELOPMENT.

Plans are being drawn for the improvement of the I-12/Walker South Road interchange and the widening of the Walker South Road overpass. This project will improve the flow of traffic to and from the new Our Lady of the Lake medical complex currently under construction on the south side of I-12 near the interchange.

The city of Denham Springs undertook a massive sewer project south of the city, bringing sewer service to those residents for the first time. As more people tie into the system, the more improvement is seen in the water quality of area streams, because all city effluent is treated at the city's state-of-the-art sewer treatment plant which is held up as a national example of a modern sewage treatment facility.

Other future projects include the overlay of: La. 42 between La. 16 and La. 63; La. 444 between La. 16 and La. 63; La. 63, between La. 444 and La. 42. The extension of Cook Road between Pete's Highway and Juban Road and the widening of Juban Rd. from two lanes to four between I-12 and U.S. 190 will facilitate the construction of Juban Crossing shopping complex and other commercial and residential development at the Juban Road interchange.

Other projects under consideration are a toll road to connect Walker South Road to Port Vincent and Ascension Parish.

# HEALTHCARE IN LIVINGSTON PARISH

## NORTH OAKS HEALTH SYSTEM

North Oaks Health System has been serving Florida Parishes residents since 1960. North Oaks began strengthening their commitment to Livingston Parish 8 years ago by opening several new facilities, including walk-in and specialty clinics in Walker. In January 2011, the health system's presence in Livingston Parish took a giant leap forward with the opening of North Oaks-Livingston Parish Medical Complex in Satsuma.

The spacious facility offers Livingston Parish residents convenient access to coordinated health care services just off of the I-12 Satsuma Exit at 17199 Spring Ranch Road (less than 10 miles east of Denham Springs). Designed with patient privacy, comfort and convenience in mind, the complex is staffed with an exceptional team of primary care and specialty physicians. Experienced technologists provide advanced cardiology, radiology, laboratory and rehabilitative services. High-tech equipment delivers accurate and quick results, while minimizing wait times for physicians and patients.

Should emergency services or hospitalization be needed, North Oaks Medical Center is located in nearby Hammond and is undergoing a major renovation.

For more information about services and facilities, visit [www.northoaks.org/livingston](http://www.northoaks.org/livingston) [www.northoaks.org/livingston](http://www.northoaks.org/livingston) or call 225-686-4885.

## OUR LADY OF THE LAKE

Our Lady of the Lake Livingston is on schedule to open in September of 2012. The new medical complex is located just south of I-12 at the Walker exit and will house physician offices and a free standing emergency room - the only one in Livingston Parish.

The emergency room will be open to the public 24 hours a day for the treatment of urgent and emergent medical conditions. It will be staffed with the same medical personnel and diagnostic equipment available at the Our Lady of the Lake main campus on Essen Lane in Baton Rouge. Appointments will not be needed to be seen at the facility.

In addition to a free-

OCHSNER MEDICAL CENTER IS A FULL SERVICE HOSPITAL INCLUDING A MATERNITY WING.

NORTH OAKS HEALTH SYSTEM OPENED THEIR NEW TWO-STORY, 47,000-SQUARE-FOOT MEDICAL CLINIC AT SATSUMA IN 2011.

photo credit:ochsner.org

standing emergency room, Our Lady of the Lake Livingston will include outpatient services such as a lab, imaging services such as CT, ultrasound, X-ray and MRI and physician offices.

Primary care doctors, pediatricians and many specialists such as cardiology, orthopedics, ear nose and throat, eye specialists, and pain management doctors will occupy the physician office space.

Our Lady of the Lake Livingston incorporates the original goals of Our Lady of the Lake's founders, the sisters of the Franciscan Missionaries of Our Lady. The original statue of Mary that was on Capitol Lake when Our Lady of the Lake hospital was located downtown is now on the main hospital campus in Baton Rouge. In keeping with tradition, a replica of the statue will be placed on the lake at Our Lady of the Lake Livingston.

LOL already has two physician offices and an urgent care clinic at various locations in Livingston Parish. 225-765-6565; www.ololmc.com.

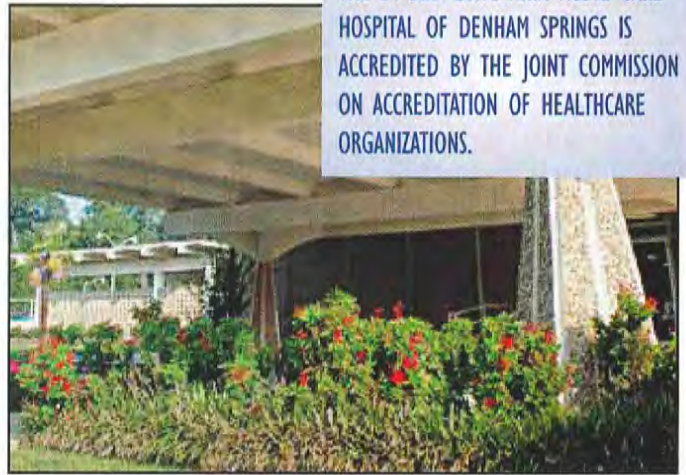

## OCHSNER

Ochsner provides healthcare to Livingston Parish residents via a major clinic and hospital just across the parish line, off O'Neal Lane, and via community clinics within Livingston Parish. The clinic offers appointments with specialists and family practitioners and a complete array of diagnostic tests. Ochsner Medical Center is a full service hospital including a maternity wing. It is the hospital nearest to residents of western Livingston Parish. 225-761-5200; www.ochsner.org.

## LONG TERM ACUTE CARE OF DENHAM SPRINGS

Long Term Acute Care of Denham Springs (LTAC) is a specialized hospital that provides intermediate care to those patients who

THE 59-BED LONG-TERM ACUTE CARE HOSPITAL OF DENHAM SPRINGS IS ACCREDITED BY THE JOINT COMMISSION ON ACCREDITATION OF HEALTHCARE ORGANIZATIONS.

are stable enough to be discharged from a regular hospital but not well enough to go home, to a nursing home or to a rehab hospital because they still need acute care. LTAC provides daily nursing care, visits by a physician and services such as respiratory, occupational and physical therapy. 8375 Florida Blvd., 225-665-2664.

## SOUTHEAST COMMUNITY HEALTH SYSTEMS

Southeast Community Health Systems is federally and state funded to provide primary and preventative care in four rural-based communities in southeast Louisiana, including Livingston Parish. They provide medical and behavioral health and dental services. The Livingston Parish site is at 29565 South Montpelier St., Albany; 225-209-0850; www.southeastcommunityhealthsystems.org.

# LIVINGSTON PARISH TOURISM

LOCAL COUNTRY SINGERS AND MUSICIANS ARE SHOWCASED THE FIRST SATURDAY OF EVERY MONTH

THIS BUILDING IS ON THE NATIONAL REGISTER OF HISTORIC PLACES AND HAS A RECEPTION AREA, A SMALL MUSEUM, PUBLIC RESTROOMS AND A SATELLITE STATION OF THE LP CONVENTION AND VISITOR'S BUREAU.

Executive Director  
Eric Edwards

The past few years have seen a boom in the tourism industry in Livingston Parish. Several new hotels and attractions have opened which insure people who visit the area return again and again.

Museums continue to be a big draw for visitors to the parish. Walker recently debuted the Walker Museum, and it is home to a vast collection of artifacts documenting South Louisiana's rich history. And the Old City Hall Museum in Denham Springs has become a crowd favorite. The Smithsonian exhibit in 2011 brought record numbers of visitors to the Livingston parish area.

Denham Springs is the largest city in Livingston Parish. The first buildings of this area now provide a perfect ambiance for the Denham Springs Antique Village, which was recently voted in the top 3 "Best Louisiana Main Streets" and also voted in the top 3 "Best Antique Shopping". The village consists of over 27 shops with many unique items. Shoppers will find new and collectible jewelry and accessories, original art, home decor, flower arrangements, books, vases and pottery, as well as silver

items, china, antique linens, new gifts items and many, many more one-of-a-kind treasures.

Denham Springs is also the home of Livingston Parish's largest festivals in the spring and fall which draw over 150 vendors showcasing outstanding crafts, antiques and art including collectibles, children's clothes, jewelry, ironworks, pottery and more. The crowds come early to enjoy the festival treasures, food and entertainment.

A few miles down the road from the Antique District of Denham Springs is the Bass Pro Outdoors World shopping complex. A national leader in sales, the Bass Pro store anchors a shopping experience which now includes several smaller retail shops.

In addition to the Antique District and Bass Pro, Livingston Parish has several new exciting attractions. Tiki Zip Lines recently opened on the banks of the Tickfaw River. This adventurous recreation is a tree canopy tour consisting of a network of cables high above the ground. Riders travel along the wire via a specially-designed safe, secure harness. The force of gravity propels the rider along the cable from platform to platform.

While Louisiana is world renown for legendary cuisine, Livingston parish enjoys more than its fair share of great restaurants. Unique dishes such as gumbo, jambalaya and crawfish pie are just a few of the specialties. Sample some of the original, creative dishes and you'll be sure to come again. On or near the water, mouth-watering tastes are available at Hilltop, Kevin's, Swamp Pops, Val's, Tin Lizzy's and Red's - to name just a few. And don't forget the king cakes at Navarre's Pastries in Springfield.

New restaurants in the area include Porterhouse of LA and Randazzo's Italian Deli, both located in Denham Springs. There's also The "Lil" Peach Cobbler on Main St. in Springfield and Larent's Cajun Cafe in Killian. There's a complete listing of restaurants on the CVB web site, [visitlivingstonparish.com](http://visitlivingstonparish.com).

Our travelers tip: if the restaurant's parking lot is packed, you know it's going to be good. Bring your appetite and be prepared to take home a doggie bag. Livingston Parish restaurants definitely know how to "fill 'er up".

# ONGOING ATTRACTIONS

## SHOPPING

The Denham Springs Antiques & Arts Village located along Range Ave. in the historic downtown district is a treasure trove of antiques and other unique shops. The 27+ shops offer many one-of-a-kind items including antiques, collectibles, new and collectible jewelry and accessories, home décor, flower arrangements, books, vases and pottery, as well as original art, silver items, china, antique linens and many, many more treasures. The district also has a café and a coffee shop.

On the last weekend in April and the first weekend in October, Range Ave. closes to automobile traffic for their major festivals. Thousands attend these street fairs with special sales in the shops and outdoor booths selling antiques, crafts, clothing, food, art and more. Entertainment and kiddie rides are free.

AAA Southern Traveler, the nation's largest motor travel club, has voted the district the third best in the entire South. In 2011, the old downtown Denham Springs area was designed as a Louisiana Cultural District. Original art purchased in the district is sales tax free if the business has applied and been approved for the exemption. 225-667-8308 or [www.denham-springsantiquedistrict.com](http://www.denham-springsantiquedistrict.com).

The Livingston Parish Farmers' Market is held each Saturday, 7 a.m.-noon in the parking lot of New Covenant Church, 215 Florida Blvd. SE, Denham Springs. Market items may include fresh produce, fresh and smoked meats, baked goods, cornmeal, plants, candles, soaps, lotions, crafts and other items. The Livingston Parish Master Gardeners have an information booth at the market the first Saturday each month. 225-505-3993.

The Bass Pro Shops Outdoor World, 175 Bass Pro Blvd., Denham Springs, is unique in that it is both a retail store and a tourist destination. Thousands of visitors trek to the store to shop and to see everything else it has to offer including: hand-painted murals from renowned artists depicting scenes that are typical of southern Louisiana; record wildlife mounts; posters depicting past and present Louisiana residents enjoying sporting adventures; dozens of mounted ducks suspended from the ceiling recreating a realistic flyway; and other museum-quality wildlife dioramas. The bayou theme includes aquariums with a huge live snapping turtle and live ducks paddling about the in-store ponds. The entire store reflects the flavor and atmosphere of the region and is a tribute to the vast diversity of the Livingston Parish landscape and its people. 225-271-3100 or [www.basspro.com](http://www.basspro.com).

## HISTORICAL/MUSEUMS

The Creole House Museum, LA Hwy. 16, French Settlement, behind the French Settlement Village Hall. The museum displays historical items common to homes in the area in the 1800-1900s. The museum is housed in a historic Creole House built in 1898 and made out of cypress, typical of the dwellings built in the area by early Creole settlers. Items on display include antique furniture, housewares, a vintage wedding dress, a antique radio and sewing machine, photographs and many other items. Genealogy charts document the history of the local people. The Creole House is on the National Register of Historic Places. The museum is open the second Sunday of each month in October through March, 1 - 4 p.m. In April through September, it's open every Sunday, 1 - 4 p.m. The Creole Festival is held at the site on the third Sunday in October. Tours are free and appointments are available for special occasions and group tours. 225-698-6100.

Denham Springs' Old City Hall Visitor Center and Museum, 115 Mattie St., Denham Springs. Located in the historic Antiques Village, this beautiful art deco style building is on the National Register of Historic Places and has a reception area, a small museum, public restrooms and a satellite station of the Livingston Parish Convention and Visitor's Bureau. Numerous photographs, artifacts and newspaper articles document the history of Denham Springs. The second floor includes the buildings two original jail cells. Rotating exhibits are on display throughout the year. Pioneer Day is the first Saturday in March and presents demonstrations of olden crafts such making pirogues and displays of pioneer items. Visit the district in October to see the artistic and interesting Scarecrow Row competition. 225-667-5512 or [www.denhamspringsmainstreet.com](http://www.denhamspringsmainstreet.com).

The Walker Museum, 29350 Walker South Road, Walker. The historic Aydeell home, nestled under massive 200-year-old live oak trees, houses a his-

THOUSANDS OF VISITORS TREK TO THE STORE TO SHOP AND TO SEE EVERYTHING

toric collection and community art gallery. The changing display includes a vast collection of artifacts documenting the town's rich history, including photographs documenting the lives of citizens throughout the 100 years of the town, items from the old general merchandise store, the original saw blades from the saw mill and the original post office window and postal boxes. Also on display is a videotape of some of Walker's longtime residents sharing their histories. Open 9 a.m. to 4 p.m. Saturdays. Admission is free.

## ENRICHMENT

The Arts Council of Livingston Parish, 133 Hummell St., Denham Springs, promotes and supports local arts endeavors and provides an avenue of expression to the growing community of area artists. The council sponsors exhibits and arts classes in various media throughout the year. 225-664-1168 or [www.artslivingston.org](http://www.artslivingston.org).

Livingston Parish Public Libraries are first-class, modern facilities. Four new regional libraries opened in 2007 including the Denham Springs-Walker Branch, the Albany-Springfield Branch, the Watson Branch and the South Branch. A new main library is being constructed in Livingston. All libraries have reading rooms, separate book areas for children, a gallery for exhibits and meeting rooms that are available to non-profit groups. The libraries host many free events throughout the year, such as computer classes, book club discussions, demonstrations, story times for children and other activities. 225-686-2436 or [www.mylpl.info](http://www.mylpl.info).

Laser Interferometer Gravitational-wave Observatory, 19100 LIGO Lane, Livingston. LIGO is an extraordinary, world-class research observatory and science education center. Scientists, engineers and other professionals search out and detect gravitational waves from cosmic sources whose existence were first put forward by Albert Einstein. Public tours, on Fridays from 10:00 a.m. to 12:00 noon, include a 20-minute video called Einstein's Messengers and a tour of the control room, where the operation and monitoring of the laser interferometer take place. Visitors can interact with scientists on duty and ask questions about the research. Explore and discover over 40 professionally-developed, hands-on science exhibits that are both fascinating and challenging. Tours are free but by appointment only and must be scheduled at least 24 hours in advance. LIGO is located off Louisiana Hwy. 63-N, 3 1/2 miles north of US Hwy. 190 at Livingston. 225-686-3100 or [www.ligo-la.caltech.edu](http://www.ligo-la.caltech.edu).

## MUSIC

Old South Jamboree, 9554 Florida Blvd. (U.S. Hwy. 190), Walker, presents two shows each month. Local country singers and musicians are showcased the first Saturday of every month, while gospel music with both local and nationally-known acts is presented on the second Saturday each month. For information on country shows, call 225-664-4262, and for gospel shows call 225-324-5371.

Livingston Parish Country & Gospel Jubilee, 9554 Florida Blvd. (U.S. Hwy. 190), Walker, presents family-style shows and performs songs from the golden era of country and gospel music. Twice a year they present their special "Impersonator's of Country Legends Show," and in December they present a Country Christmas special. Shows are the third Saturday of every month in the Old South Jamboree building. Reserved seating is available. 225-567-3516 or [www.myspace.com/livingstonjubilee](http://www.myspace.com/livingstonjubilee).

### MILES OF PRISTINE WATERWAYS ARE SITE OF NUMEROUS WATER ACTIVITIES

Louisiana is the Sportsman's Paradise, and Livingston Parish is a microcosm of that paradise. Few other parishes have the hundreds of miles of inland waterways, lush swamp and marshlands and a lake the size of Lake Maurepas (the western half of Lake Maurepas is in Livingston Parish, while the rest is in St. John the Baptist Parish). The Tickfaw River empties into Lake Maurepas along Livingston Parish's boundary with Tangipahoa Parish.

The Amite, Blind and Tickfaw rivers are popular boating and fishing destinations. The Tickfaw River starts out in the northern part of the parish as a quiet, narrow stream and winds its way past Tickfaw State Park in a quiet and pristine state. Before it passes under the Hwy. 22 bridge at Killian, it has widened dramatically and is a popular destination for power boaters, yachts, houseboats, water skiers and boat parades.

The Tickfaw 200 Poker Run is back on for May 4 & 5, 2012, after a year's suspension due to the death of the event's founder, "Crazy" Charlie Albert. The Tickfaw 200 is the largest poker boat run in Louisiana, and part of the proceeds is donated to local fire departments and first responders. 225-294-3876; info@bloodrivermarina.com; www.bloodrivermarina.com.

The lower Amite River in the vicinity of Port Vincent and French Settlement is another popular boating and fishing waterway, while the upper Amite is perfect for tubing. People of all ages flock to Tiki Tubing in the Watson area for hours of lazy drifting with the river's current on an inflatable tube. A new addition to this business is their Tiki Zipline. Enjoy a total different perspective of the outdoors and wildlife as you fly along the treetops on one of their 10 elevated cable rides at the only zip line in Louisiana. 225-223-1156; tikitubing.com, tikizipline.com.

The Amite River meanders southeast, past French Settlement, Head of Island, Maurepas, Clio and Carthage Bluff, and is another outlet to Lake Maurepas. Diversion Canal and the surrounding area have developed into a diverse community in recent years, with shopping centers, restaurants, marinas and other businesses, while luxurious homes line the canal. Boaters use Diversion Canal as a route to Blind River and on to Lake Maurepas. This large, shallow lake connects to Lake Pontchartrain and is attractive for boating, swimming, crabbing and fishing, and is the location of many popular floating music concerts held on barges and accessible only by boat.

### CHAMPIONSHIP GOLF COURSES

Greystone Golf & Country Club, 9214 Greystone Dr., Denham Springs, is a semi-private golf facility that provides the public the opportunity to play on a modern, championship-setting course. Professionals and amateurs alike will appreciate four sets of tees on each hole and a full size practice facility of 300 yards plus a practice tee and pitching green. The golf course plays to over 7,000 yards and incorporates the natural wetlands as well as the gently sloping topography and bottomland hardwood forests. These natural settings and 21 acres of man-made lakes make it a popular destination for all golfers. 225-667-6744 or www.greystonecountryclub.com.

Carter Plantation, 23475 Carter Trace Springfield, is home to PGA champion and Louisiana native David Toms' first signature design, and is a featured stop on the Louisiana Audubon Golf Trail. The course has also been featured as one of Golf Magazine's "Top 10 Courses You Can Play." The spectacular 18-hole, 7,000-plus yard, par-72 golf course

winds through three distinct Louisiana landscapes - live oak flats, cypress wetlands and upland pine forests. 225-294-7555 or www.carterplantation.com.

### PARISH PARKS DRAW DIVERSE VISITORS AND ACTIVITIES

**Springfield:** Tickfaw State Park is located at 27225 Patterson Road, about seven miles west of the town of Springfield. The park borders the Tickfaw River and includes 14 cabins that sleep up to eight, a group camp that accommodates up to 52, campsites, nature trails and canoe rentals. Numerous special activities are scheduled throughout the year. 225-294-5020; toll free 888-981-2020; www.crt.state.la.us/parks/itickfaw.aspx.

**Denham Springs:** Denham Springs North Park on Eden Church Rd. has over 110 acres. A multi-purpose Fitness & Aquatics Facility has swimming pools, a splash park and a fitness center. The park's activity center provides spaces for basketball leagues and other sports. The gym and event rooms are available for community events. The park also has tennis courts, playgrounds, a running track, golf range, playgrounds, covered pavilions, fishing ponds and baseball, softball and soccer fields. It is often the site of state, regional and national baseball and softball tournaments.

South Park with 60 acres offers a horse-riding area, basketball courts, picnic grounds and covered pavilions.

L.M. Lockhart Park, on 11 acres in the center of the city, has a gym, pavilion, playground and picnic area. The major park expansion program currently underway includes plans for adding splash parks at South Park and L.M. Lockhart Park. 225-665-5405 or www.pardsla.com.

Kidz Korner Playland & Splash Park is one of the few parks in Louisiana that is totally handicapped-accessible for children.

**Livingston:** Circle Park on US Hwy 190 provides a covered pavilion, playgrounds and picnic areas and is the site of community celebrations.

**Satsuma:** Gator Park, adjacent to the Suma Hill Conference Center at the Satsuma I-12 exit, has several softball and baseball fields and hosts many tournaments.

**Walker:** The town's main park, Sidney Hutchinson Memorial Park, 13740 Ball Park Rd, boasts five ball fields, a dozen soccer fields, a paved walking trail and playground. The park offers five pavilions, barbecue pits and a small scenic lake that is home to native wildlife. It also serves as a center for many of the city's major events, including Movies Under the Stars, a massive Christmas light show and Santa in the Park.

Punk Smith Park on Burgess Avenue, with swings, a slide, a jungle gym and merry-go-round, is designed for small children. It is surrounded by a short walking park and has two shaded pavilions.

**Watson:** The community has a large sports complex that includes baseball and softball fields. The complex is currently undergoing a large expansion.

## CONFERENCE/MEETING FACILITIES

**Forrest Grove Plantation**, 8743 Stephenson Drive, Denham Springs. Forrest Grove Plantation is a premier full-service catering firm providing first-class facilities as well as food, drink and service. The facilities include a large plantation-style building and an outdoor covered pavilion. Forrest Grove Plantation can assist in every aspect of an event, offering services that include design and decor, entertainment booking, valet service, staffing and tenting. 225-665-4080 or [www.forrestgroveplantation.com](http://www.forrestgroveplantation.com).

**Greystone Country Club**, 9214 Greystone Dr., Denham Springs. Greystone is a perfect choice for receptions, showers, rehearsal dinners, luncheons, corporate outings, business meetings and special functions. Greystone has several venues; their conference room is an excellent resource for a small business meeting or luncheon (up to 15 people), while the Pavilion offers a view of the resort-style swimming pool with lighted dancing fountains. The Clubhouse's main dining room, extensive patios and exterior courtyard can be configured to serve larger groups, and climate-controlled tent options are also available. All venues provide full service on-site catering with menus for various size groups. 225.667.6744 or [www.greystonecountryclub.com](http://www.greystonecountryclub.com).

**Carter Plantation**, 23475 Carter Trace, Springfield. Carter Plantation combines extraordinary service with precise attention to detail. From small business retreats to black-tie galas, Carter Plantation offers a variety of catering, facility, and equipment options for any occasion. With its conference room that accommodates up to 12, meeting space for 70-100 and an atrium for 250-400 persons, Carter has just the right facility and menu needed for wedding, meetings, conferences, luncheon and other events. 225.294.7555 or [www.carterplantation.com](http://www.carterplantation.com).

**Denham Springs North Park**, 30372 Eden Church Rd., Denham Springs. Facilities include a multi-purpose recreational center with rooms for small meetings or a large gym for conferences, receptions, and sports events, including a stage for concerts and plays. 225-665-5405 or [www.pardsla.com](http://www.pardsla.com).

**Hampton Inn**, 201 Rushing Rd., Denham Springs, has a 648 sq. ft. meeting room that can be configured for a classroom, theater, conference and other seating arrangements, and can accommodate up to 45 persons; the dining area can also be utilized for various events. 225-665-0555, 1-877-241-2451 or [www.hamptoninn.hilton.com](http://www.hamptoninn.hilton.com).

**Suma Hill Community Center**, S. Satsuma Rd. at I-12, Satsuma, is an impressive 10,000 sq. ft. facility with a versatile auditorium that can be configured for theater seating for events presented on the large stage or set up with tables and chairs for conferences or receptions. A sound and lighting system is included with rental. The room has a large concession area, and next door is a smaller room suitable for meetings or other smaller occasions. 225-930-9996.

**Wholly Ground Coffeehouse/ Walker Community Ministries**, 27988 Walker South Rd., Walker. The coffeehouse occupies the front of the building, while meeting rooms and an auditorium in the large rear area are available for events. Two small meeting rooms accommodate 8-10 people; the auditorium can seat 300 with auditorium seating and about 175 for table seating. The auditorium can be divided to configure a medium size area for about 11 to 30 people. Catering packages are available. 225-664-1115; [www.walkerministries.net/wholly-ground](http://www.walkerministries.net/wholly-ground).

**Lakeside RV Park**, 28370 Frost Rd., Livingston. Two large lake-view, open-air pavilions are available for group meetings or family gatherings. 225-686-7676; [www.lakeside-rvpark.com](http://www.lakeside-rvpark.com).

*Many of Livingston Parish's numerous restaurants also provide private rooms suitable for a wide variety of events.*
