

How much do you think you know about Clinton?

Having lived in Clinton for most of my life, I am still amazed by the many hidden treasures that make our community so special. In 2018, the Clinton Chamber of Commerce hopes to share with you a variety of interesting facts about the various Clinton businesses that make our community great. Follow “Clinton Did You Know?” (#ClintonDYK) where you can learn more of these interesting facts throughout the year.

The Clinton Chamber understands that to have a strong economic environment, we must have strong pride in our community. When someone has pride for their community, they become intentional in their efforts to preserve its heritage and find opportunities to improve it for future generations.

We need your help to continue to make Clinton a place where people belong and want to do business. If you are not a member of the Clinton Chamber of Commerce, please consider joining today. Your membership will benefit your business and our community.

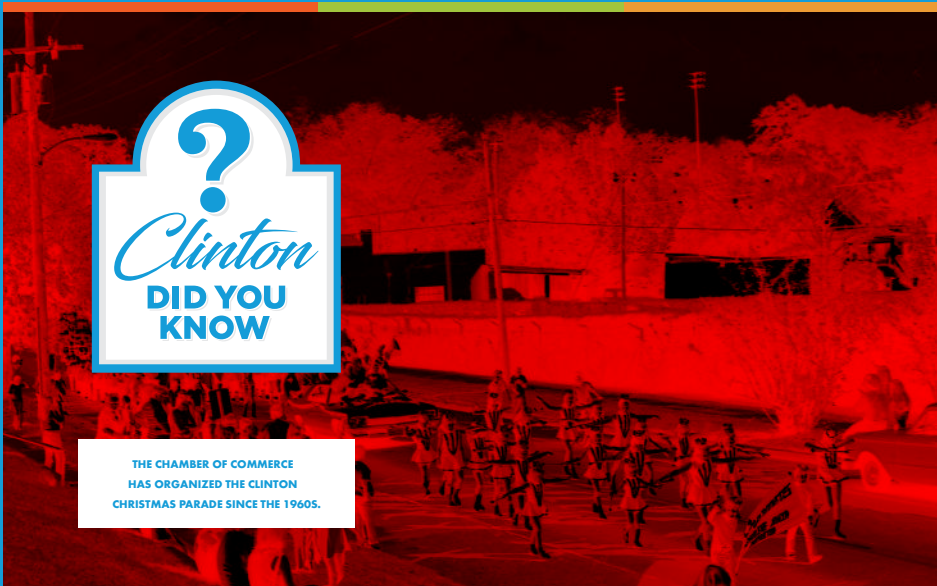

I look forward to serving with you in 2018!

Tracey Harrison,
2018 Chamber President

Director of Public Relations
at Mississippi College
