CHAMBER BENEFIT REMINDER!

All active Chamber members are eligible to nominate employees to the Clinton Chamber Ambassadors Program. Have you nominated anyone from your business yet?

A group of professional volunteers from varied industry backgrounds, Ambassadors represent their individual businesses while acting as liaisons between the Chamber and its membership. Ambassadors are invited to attend monthly luncheons for networking and speaker sessions, as well as represent the Chamber at a host of community events, including Ribbon Cuttings and Appreciation Banquets. In addition, Ambassadors have the opportunity to mingle with complimentary business services through our new member outreach initiatives, and they hear first about upcoming programs and events with the Chamber at our meetings and in our private forum.

For more information or an application, contact Emily Pace Hunt at (601) 924-5912 or pr@clintonchamber.org.

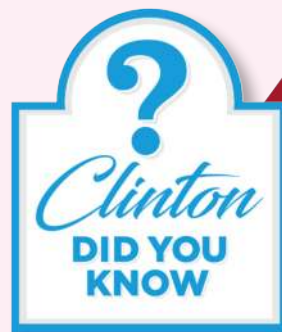

AMBASSADORS

Welcome Home!

Whenever a new person or family moves to Clinton and goes to get their water supply turned on at the Clinton Public Works Department, a welcome pack is dispensed to the new citizens during this time. These welcome packs, known as "New Residents' Bags", are provided by the Clinton Chamber as a way to introduce these new neighbors to our community and the many businesses, organizations, churches, and groups that operate here. Containing everything from business cards, magnets, pens, and keychains to cups, wine totes, and free vouchers, these New Residents' Bags offer a friendly reference point for new Clintonians looking to discover their next favorite places.

The Chamber creates a stock of 50 new bags every 6 weeks for Public Works to have on hand. Chamber members are encouraged to include a small contribution that represents their business for these bags whenever we make them, so stay tuned for alerts when the current stock runs low. New Residents are always eager to learn about your businesses!

COMING SOON!
