## A BRIEF HISTORY

Transportation routes were the main reason people originally settled in the Moose Lake area. The Old Indian Trail joined the Mille Lacs trail near Moose Lake. In 1856, Military Road was constructed 4 miles east of Moose Lake at the stage stop then called Elkton.

Later, with the development of railroads, more people and business made it to the area. The Northern Pacific Railroad, completed in 1870, brought settlers nearer to Moosehead Lake and Moose Lake, which was incorporated on February 15th, 1889. With the railroad, the logging industry in the area thrived, but near the turn of the 19th century a shift toward farming and recruiting more skilled people took place.

As time went by more transportation routes were built, including the first state highway in the early 1900's, and a second railroad, the Soo Line, which was completed in 1909.

One of the defining events in the history of the area is the fires that swept through northeastern MN on October 12, 1918. To memorialize the 453 people that died in the fire a 27-foot monument is erected just north of town. The Fires of 1918 are annually commemorated by the Moose Lake Area Historical Society at the Soo Line Depot on Folz Boulevard, opened as a fire and railroad museum in 1995.

The years of rebuilding after the fire saw changes in the economy with dairy farming becoming a main industry, followed by building of the state hospital in 1937, which over the years developed into a medium security prison.

Today some of those trails and tracks that originally brought settlers and visitors to the Moose Lake area are now very busy recreational trails, like the Willard Munger and Soo Line trails. With our many rivers and lakes finding activities to fill your time are easy to do and make us "A Community For All Seasons."

## MODERN DAY MOOSE LAKE

The City of Moose Lake welcomes many visitors year-round looking to enjoy the nature, beauty, and adventure that abound in the area. The city, nestled on the shores of Moosehead Lake hosts many events throughout the year, including the Agate Days celebration, which is the third weekend of July each year. Moose Lake is known as the "Agate Capital" and is home to the world's largest agate, weighing in at 108 pounds. Go take a look at the agate on display at First National Bank on Elm Avenue or visit the Agate and Geological Center at Moose Lake State Park.

Moose Lake is a great stop for anyone passing through on Interstate 35, or Highways 27, 73, or the famous Old Highway 61. The city also operates as a municipality, operating its own water, sewer and power companies and is part of the Moose Lake Fire Protection District that provides fire and rescue services, including first responders who can aid in emergency calls.

With many new businesses popping up, the new Essentia Health - Moose Lake, a busy Gateway Family Clinic, and a new K-12 Community school, Moose Lake is poised to welcome new families looking to move here, and provide state of the art facilities to everyone in the area.

Known as a "Community For All Seasons" the Moose Lake area welcomes you to visit any time of year and enjoy what we have to offer!

# RECREATION

## PARKS

### **Art Ohlgren Recreational Area**

Located on Highway 61 and Sand Lake Road, three miles south of Moose Lake, the park features two lighted tennis courts and one pickleball court, a full basketball court, softball field and covered pavilion.

### **Ervid T. Clemons Memorial Rest Area**

Arrowhead Lane and Lakeshore Drive, this park features a 100-foot fishing pier and picnic area. It is situated where the Moosehead Lake feeds into the Moosehorn River.

### **Earl Ellens Park and Recreation Area**

Located centrally in Moose Lake off of Highway 73, this park has plans for expansion. It currently features a large parking area with grass area and a skate board park.

### **General Andrews State Forest**

This forest, located between the cities of Sturgeon Lake and Willow River and on both sides of the I-35 freeway, is crisscrossed with trails used mostly by four-wheelers, snowmobiles, and occasional fat bikers. It is commonly accessed from Dago Lake Road or Laketown Road (Hwy 46E).

### **Halverson Little League Field**

Found behind Moose Lake Schools, Halverson Field offers a regulation softball/baseball field with team dugouts and equipment storage.

### **Moose Lake City Park**

Set on Birch Avenue and Third Street, this park features supervised public swimming, renovated playground, picnic areas, band shell, bathrooms, changing rooms, open pavilion, boat landing and enclosed pavilion with full kitchen and party room available with reservations. For information call (218) 485-4761.

### **Moose Lake State Park**

Located on majestic Echo Lake, this park offers a well maintained public swimming beach, picnic area, hiking and skiing trails, volleyball, camping and boat landing. On July 19, 2003, the Moose Lake Agate and Geological Interpretive Center opened its doors. State Park pass required.

### **Riverside Arena**

This facility is equipped with artificial ice allowing for skating from October to March. The arena building houses locker rooms, a heated viewing area, concession stand and restrooms as well as abundant seating. During the summer months, this arena is converted to a multi-use community center including farmers and flea market.

### **Roy Peterson Memorial Park**

Updated in 2012, this park is located on Folz Boulevard. As a former bowling alley, this lot made a great location for a playground and basketball court. New equipment was installed in the summer 2012 as well as a new basketball area with underlayment and beautiful retaining wall.

### **Town Square**

Located in the center of Moose Lake's downtown area, this park's gazebo and gorgeous flowers offer a nice, shady place to sit and rest during a busy day.

### **Twilight Field**

This is a great location and a great field. Twilight Field can be found adjacent to the Moose Lake Fire Hall on Highway 73. Proudly hosting the area youth softball/baseball, this field boasts a great concession stand, dug out areas and viewer seating.

### **Veterans' Memorial Park**

Found at the corner of Seventh Street and Birch Avenue, Veterans' Memorial Park honors the men and women who have bravely served our country. Two benches are set to allow for a restful remembrance.

## TRAILS

### **DNR Grant-in-Aid Trails**

The DNR opens up a network of "Grant in Aid" trails in the wintertime throughout the state, including in the Moose Lake area. These trails are mostly used by snowmobilers and occasional fat bikers. The trails can be found on an interactive map at [https://www.dnr.state.mn.us/snowmobiling/interactive\\_map/index.html](https://www.dnr.state.mn.us/snowmobiling/interactive_map/index.html).

### **Moose Lake Woodland Trails**

The Moose Lake Woodland Trails consist of about three miles of rugged trails, for non-motorized use, that pass through a variety of habitats. No permit or fee is required. About a mile of the trails pass very close to the Moose Horn River. Deer, river otters, water fowl, song birds, and other wildlife are often seen from the trails. Some portions of the trails are often wet and muddy while others are mostly high and dry. The trails are very popular with snowshoers and fat bikers in the winter months. (Snowshoes can be borrowed from the Moose Lake Brewing Company.) All trails are signed to minimize the chance of getting lost; and phone service/data are generally available. Pets are welcome but please clean up after them. See ad on the last page.

# RECREATION

## “Soo Line Trail” near the Soo Pits

This part of the Soo Line Trail is located on county land on the north end of Moose Lake. It consists of a gravel road, with various spur trails connecting to it, that is closed to automobiles but open to four-wheelers. The trail is mostly flat, and it passes between two ponds where beaver and waterfowl can be observed. Fat bikes can ride on these trails in the winter months.

### Willard Munger

The nation's longest paved multiple-use trail stretches 72 miles from Hinckley to Duluth. While hiking, bicycling, in-line skating or snowmobiling, you'll have many opportunities to see wildlife and enjoy our scenic rivers, streams and lakes from the many benches along the way. You'll also find plenty of opportunity for shopping, camping and picnicking along the trail. This railroad grade provided escape routes for the Moose Lake victims of the 1918 fires. You will encounter several monuments and museums along the route. In our town, a scenic loop takes you right past the Moose Lake Railroad Depot and Fires of 1918 Museum.

## WATERWAYS

### Fishing

That great Minnesota fish, the walleye, is found in abundance in area lakes. Whether you prefer the warm summer breeze or the cold arctic air you'll find sunfish, crappies, bass and northern pike, as well as Sturgeon during the annual run in May.

### Canoeing

The many rivers that surround the area provide for some spectacular sites not seen by any other means. From Moose Lake's public canoe landing on the Moosehorn River to the various landings on the Kettle River, the quiet exploration of our wilderness is an adventure.

### Boating

Recreational boating and water skiing is available on all area lakes, most of which are equipped with public landings.
