

Build your custom insurance package

Health insurance remains one of the most expensive and frustrating employee benefits your business offers. Since the Affordable Care Act (ACA) passed, many have experienced price increases, limited plan options, and a lack of carrier availability.

The Tavern League of Wisconsin heard your concerns and is proud to announce that a new Tavern League of Wisconsin Health Plan, underwritten by WPS Health Insurance, is here. Tavern League of Wisconsin membership is required of the business owner, there is health underwriting, and health insurance must be offered to all eligible employees.

In addition to health insurance, when you team up with WPS Health Insurance and Arise Health Plan, you're eligible for exclusive Tavern League of Wisconsin member pricing on additional services provided by **EPIC Specialty Benefits**. This lets you offer employer-paid ancillary benefits, such as life, short-term disability, and long-term disability, to your employees.
