MONTHLY EDITION

## ***A MESSAGE FROM THE PRESIDENT***

AARON ROSTEN

Greetings!

For any of you who don't know me I am your 2020 Board President Aaron Rosten. I am the regional manager for Grand Forks Abstract & Title Company. I have worked at Grand Forks Abstract for 20 years and have been attending Forx Builder events and participating in this great organization of ours for nearly that long as well. Outside of business I am a husband to my wonderful wife Peni who works at Altru Health Systems and dad to two amazing boys ages 8 and 10. I deeply enjoy the outdoors and spending time with my family. My wife and I both feel very fortunate to raise our family, work and build relationships and friendships in Forx Builders' neck of the woods.

As my first order of business, I would like to thank our past president Nate Applegren for his time and leadership of the board in 2019 and now as president of North Dakota State Board for 2020. Nate is a great voice for this industry and does a fantastic job staying involved with the local, state and national builders associations. Thanks so much for your hard work Nate! I know I will be leaning on your expertise during my term as president!

This year I look forward to the challenge and greatly appreciate the opportunity you all have given me. I will do my best to grow, share and positively represent this great organization. If you are reading this you most likely already know that the Forx Builders Association is a wonderful group of people and this association can help your business in so many ways. So please share that information with someone who is not a member and should be. Together we can spread the word and get this association doing some great things for our builder community and beyond!

Wishing you all the best in 2020!

Aaron Rosten

519 Demers Ave  
Grand Forks, ND 58201

# NEWS UPDATES

LOCAL, STATE AND NATIONAL ISSUES

## Construction Site Coronavirus Safety Tips

The Construction Industry Safety Coalition, of which NAHB is a leading member, has published guidance for construction employers, employees and contractors on coronavirus exposure prevention and preparedness.

The guidance describes how to prevent exposure to coronavirus, protective measures to take on the job site, personal protective equipment, work practice controls, cleaning and disinfecting procedures, and what to do if a worker becomes sick. The documents are specifically tailored to construction job sites. Visit:

# UPCOMING EVENTS

Due to effects of the COVID-19 outbreak the following events have been postponed or cancelled:

- Home Design & Garden Show
- Parade of Homes
- Annual Sporting Clay Shoot

Please check our website and facebook page for updates.

# PROJECT HOUSE UPDATES

Planning is underway for the 2021 Project House; an annual collaboration between the Forx Builders Association and Northland Community & Technical College. Every year we rely on our members to help source materials and supplement the work done by the students.

In an effort to reduce clutter in your inbox, **please contact the Association office if you would like to receive related bid packages for Project House materials and/or labor.**
