Dr. Leah Kaylor is a licensed clinical and prescribing psychologist and nationally recognized sleep expert who has spent over six years serving within the FBI, where she provides specialized consultation on sleep, stress, and human performance. With advanced training in clinical psychology and psychopharmacology, her work focuses on the intersection of sleep, trauma, and high-stress occupations, particularly among law enforcement and first responders. Dr. Kaylor translates complex sleep science into practical, evidence-based strategies designed to optimize cognitive performance, emotional regulation, and overall health. **She is the author of the bestselling book *If Sleep Were a Drug: The Science of Sleep Optimization—Biohack Your Brain, Body, and Performance***, and a frequent speaker across the United States. Through her writing, speaking, and media contributions, she is committed to making the science of sleep accessible, actionable, and relevant for individuals operating in demanding, real-world environments.
