

# Health Care

As the region's only tertiary referral medical center and Nebraska's only Level II Trauma Center west of Kearney, Regional West offers care that spans more than 32 medical specialties provided by over 28 physician clinics. Its wide array of health care services allows area patients to receive the care they need, close to home.

Regional West's full continuum of care, from emergency medicine and critical care to inpatient and outpatient rehabilitation, is supported by a full complement of surgical services – general, vascular, orthopaedic, bariatric, and more – as well as an imaging services department that offers MRI, CT, PET, and nuclear medicine.

Specialized healthcare services include: cancer treatment, interventional radiology, nephrology, neurosurgery, behavioral health, cardiology, rehabilitation services, and more. The Medical Center offers the region's only birthing center staffed by obstetricians, pediatricians, and specialty trained nurses, as well as a Level II newborn intensive care unit.

Regional West Physicians Clinic is western Nebraska and central eastern Wyoming's largest multispecialty medical and surgical group.

The Medical Center is a Bariatric Surgery Center of Excellence, and has received advanced certification from the Joint Commission as a Primary Stroke Center. Its cardiovascular rehabilitation program is certified by the American Association of Cardiovascular and Pulmonary Rehabilitation (AACVPR).

Regional West's cancer program is accredited by the American College of Surgeons Commission on Cancer. Regional West Medical Center is also proud to be recognized by Blue Cross and Blue Shield of

Nebraska for meeting the rigorous selection criteria for spine surgery set by the Blue Distinction Specialty Care program.

Regional West offers the region's most advanced, complete emergency and trauma care. The Regional West Air Link program is fully accredited by the Commission on Accreditation of Medical Transport Systems (CAMTS). Air Link provides advanced life support and transportation with both rotor and fixed wing air ambulance capability.

Regional West is proud of the recognition it has received nationally for its quality of care by The Joint Commission, Blue Cross Blue Shield, Healthgrades, The Chartis Center for Rural Health/iVantage Health Analytics, HealthStream, Vizient, The American Society for Bariatric Surgery, and others.

Regional West has a longstanding tradition of both providing exceptional healthcare and reaching out to communities to address local and regional healthcare needs. The Medical Center partners with critical access hospitals in support of communities throughout the Nebraska panhandle. Many local providers and staff also travel to regional towns and cities to provide specialty care.
