A town hall was built in 1882, but burned in the fire of 1893, along with Fifield's whole business district of 60 buildings.

In 1966 a new town hall was built and the old hall was considered for demolition, but instead it was restored and now serves as the Price

A memorial service is held yearly the third weekend in June in conjunction with a celebration of history and culture during the Phillips Czech-Slovak Festival. Directions: 140 Fifield Street, Phillips.

## 7. WISCONSIN CONCRETE PARK

In 1948, at age 65, Price County native Fred Smith began construction of what we know today as the Wisconsin Concrete Park. Smith, a lumberjack, tavern owner, farmer, and dance hall musician, created over 200 figures depicting his vision of the local culture and the world. The collection of his work is considered one of America's most treasured displays of folk art. Smith built his figures on wooden frames wrapped with mink wire. He covered them with hand-mixed cement and decorated them with a variety of broken glass and found objects. He often accepted donations of glass objects for his creations.

Shortly after Fred Smith's death in 1976, the Wisconsin Concrete Park was purchased by the Kohler Foundation and later gifted to Price County. The park is maintained by the Forestry & Parks Department with assistance from the Friends of Fred Smith, Inc., with restorative efforts continuing on a regular basis. Donations are welcome and greatly appreciated. The park is open year-round. Directions: N8236 Hwy 13 South, Phillips.

# FISHING & HUNTING

## PRICE COUNTY IS AN ANGLER'S PARADISE

With unlimited opportunities to fish for walleye, northern pike, bass, musky and many varieties of panfish.

The first Saturday in May marks the opener for many popular game fish including walleye, and the Saturday before Memorial Day marks the opener for musky. Smallmouth bass season opens the third Saturday in June. Price County has a naturally occurring population of lake sturgeon, an unusually large game fish. Sturgeon season begins the first Saturday in September and ends September 30.

With the many fishing options in Price County, anglers can try several waters during their stay including lakes, rivers and trout streams.

Ice fishing is a very popular sport in the area, especially for panfish, walleye and northern pike. Fishing on the "frozen pond" typically begins in early December.

Visit one of our local bait shops for recommendations on lakes to fish, guide services and a great selection of rods, reels, bait and other fishing gear.

Prescribed burning is used to maintain about 4,000 acres of early successional habitat for grouse. Deer, wolves,

coyotes, badgers, foxes, sandhill cranes and numerous other species use these open areas regularly. Over 17 miles of firebreaks have been created, and several small flowages are maintained for waterfowl and wild rice production.

### E. HIGHWAY TO HEAVEN

The steep ascent of the trail is known as the Highway to Heaven by local skiers.

### F. ICE CONTACT SLOPE

The steep slope on the western edge of the trail was formed when glacial material piled against a glacial ice wall.

The trail, located on Price County Forest Land, is very scenic and passes through both pine and aspen timber with gently rolling terrain. This trail is groomed for classic skiing and is a very good trail for beginner skiers. There are (2) loops on the east side of Hicks Landing Road and a 1 1/4

The entire ski trail is groomed for skate skiing while loops 1 & 2 have tracks set for classic skiing. In the winter months please do not hike, snowshoe or fat bike on the groomed ski trails. The single track system offers approximately 4 miles of challenging trails for hiking, running, snowshoeing and fat biking with multiple ups/downs and sharp turns. Trail users are asked not to hike the groomed single track trail system during the winter months without snowshoes. The Phillips School Forest trails are open all year.
