Mission: To bridge the gap between aspiring individuals and local businesses to advance the growth of Sullivan County. Your age and profession do not matter, all are welcome for fun & value-added networking!

Vision: Our vision, though simple, is vital to the longevity of Sullivan County: connect the aspiring youth of the county with local business professionals. By fostering these relationships and exposing the great jobs available in our backyard.

Who are the SCYP's?: SCYP's are a task-force of the Sullivan County Chamber of Commerce. You may be wondering, what exactly does that mean? It's quite simple: young professionals + seasoned businessmen and women + networking = success. We come together for fun and value-added networking and raise money to support the youth in our community.
