OUR STORY...

Family Health Services is a Federally Qualified Health Center with locations in Sandusky and Norwalk. Our mission is to provide quality healthcare services without financial barriers. We continually strive to improve the health of our community by providing a "healthcare home" to address the physical, mental, spiritual, and social well-being of our patients. Our providers are the most experienced, skilled, and empathetic team of medical professionals. We accept Medicare, Medicaid, and most commercial insurances. Additionally, we use a sliding fee scale. No one is turned away due to inability to pay.

In continuing with our vision, we are undergoing a renovation of a newly purchased historic building in downtown Sandusky. At this location, we will offer primary care, behavioral health and an affordable retail pharmacy. This new medical center will expand access to quality care and make Sandusky a healthier community.

The proceeds from this event will benefit the new medical center renovations and a portion of the proceeds will be given to local first responders in remembrance of this day in history.

Thank you for supporting Family Health Services and local first responders! We look forward to a great event!

Membership Benefits: Small Business Health Benefits

Greater Cleveland
 Partnership
COSE

MEDICAL MUTUAL

The Erie County Chamber of Commerce has partnered with the Council of Smaller Enterprises (COSE) and Medical Mutual to offer a new type of health insurance coverage for our member businesses, titled the Multiple Employer Welfare Arrangement (MEWA). This coverage is available for businesses with 50 or fewer employees, including business owners with no employees.

What the COSE Benefit Plan Offers:

Attract & Retain Talent

Ensure your most valuable employees are satisfied with both their job and their compensation package to increase longevity and retention.

Gain Tax Savings

Employers and employees pay less for health insurance when it is purchased at a group level because it is paid for with pre-tax dollars.

Network Access Benefits

Group health plans often have access to large networks of doctors and hospitals compared to an individual plan on the public exchange.

Get Broker Help

A broker can guide you through the process and help you find the best health plan for you and your employees.

One-Stop Shop

Dental, vision, group life, accidental death and dismemberment insurance and short-term disability can be added to your health insurance plan.

Cost Savings

In addition to health insurance, as a Chamber member, you can take advantage of savings on electricity and natural gas, office supplies, workers comp and more.
