TAKE OUR SURVEY

The Greater Sandusky Partnership (GSP) is a business-led economic development nonprofit dedicated to driving the economic growth and quality of life in the Greater Sandusky region.

GSP is the result of the integration of several entities including the Erie County Chamber of Commerce and Erie County Economic Development Corporation (ECEDC) and other programs (e.g., Firelands Forward, Destination Sandusky, RISE, The Helm, Huron Chamber of Commerce etc.), which unified to leverage and maximize impact of regional economic development work.

Currently, GSP is working on its inaugural strategic plan to help its leaders focus its work and clarify community priorities as it pursues its mission. GSP has engaged an outside consultant, Strategy Design Partners (SDP), to facilitate the development of the strategic plan. SDP is engaging key stakeholders to gain perspective on our current and future work.

To provide feedback into the planning process, please complete the survey using the link below. The survey is anonymous and should take you 8-10 minutes to complete.

<https://www.surveymonkey.com/r/XDHJ5WZ>

Thank you for your continued support of GSP's mission and for assisting us in setting our course moving forward.

Luxury on the lake: Waterwood Resort looks to bring various upscale living experiences to Vermilion

MARK MESZOROS | WEDNESDAY, MARCH 27, 2024

Spend only a few minutes looking at the renderings for the planned [Waterwood Resort](#) in Vermilion and it becomes easy to lose yourself in thoughts of a life there.

The quartz countertops and waterfall islands.

The inviting communal pool, surrounded by lots of comfortable-looking outdoor furniture.

And, of course, the Lake Erie views from living rooms, balconies and rooftop decks.

“There are so few lakefront living opportunities in Northeast Ohio in general available, let alone new construction, so this is a very special opportunity,” says [Kim Crane](#), the Rocky River-based real estate agent for Howard Hanna handling the sales of Waterwood’s townhomes and condominiums, during a recent phone interview. “There’s just so little lake frontage available – this is a really nice community that’s coming together.”

PATRICK SHEPHERD

Director of Membership Services & Engagement

Patrick Shepherd, a Wellington native and lifelong Ohio resident, has played a pivotal role at the Cleveland International Film Festival (CIFF) since 2001, rising to Associate Director in 2006. He has overseen fundraising, community engagement, and media relations, contributing significantly to CIFF's growth. His extensive community involvement includes leadership roles in the Leadership Cleveland Class and advocacy work, recognized with awards such as the 2007 Human Rights Campaign Leadership Award. With a bachelor's degree in history and political science from Bowling Green State University, he plans to make his downtown Sandusky condo his year-round home, reflecting his deep connection to the area.

RYAN DILLARD

Chief Operating Officer

Ryan Dillard joins the Greater Sandusky Partnership as Chief Operating Officer. Leveraging his career in project management, development, and operations, he will provide strategic direction, operational oversight, and the effective implementation of GSP's mission [to improve economic vitality and quality of life in the Sandusky region]. Ryan and his family committed to making Sandusky their full-time home after witnessing the growth and vision for the community as part-time residents. Since that time, he has served as Corporate Manager of Project Development for Cedar Fair, including the development of local projects such as the Cedar Point Sports Center, BGSU RAAM School, and Sawmill Creek Resort. Additionally, Ryan currently serves on the Board of Directors for Sandusky Central Catholic School, where he also coaches youth baseball and basketball.

Building a Stronger Connection from Columbus to Our Region

On Thursday, March 28th, the Ohio Department of Transportation (ODOT) facilitated a Listening Session to inform the Ohio Transportation Strategic Analysis. Leaders from our region gathered to share ideas and advocate for more efficient and safer travel South to North.

The Ohio House of Representatives recently passed a historic transportation budget, allocating \$10 million for the Strategic Transportation and Development Analysis. This initiative aims to assess Ohio's current and future transportation needs over the next 10, 20, and 30 years, resulting in actionable recommendations to support statewide economic growth. One of the key objectives is to improve highway connections between Columbus and Sandusky. State Representative D.J. Swearingen, serving the 89th District, played a pivotal role in inserting a provision into the transportation bill to explore enhancing the road connection between Sandusky and Columbus.

Enhancing transportation infrastructure between Columbus and Sandusky holds immense potential for job growth, economic development, and improved safety. Currently, drivers from Erie County face challenges with limited-access freeways, unlike those from Cleveland who can easily access Columbus via Interstate 71. By prioritizing this connection, we can unlock opportunities for businesses and residents alike, facilitating easier access to customers and distributors throughout the state.

The GSP in convening local stakeholders and will continue to advocate for this crucial initiative.

LED LIGHTING

Cut down your facility's electricity consumption with LED lighting

Opting for LED lighting installation is a straightforward strategy to trim down electricity consumption. It also is a great option to make your facility more visually appealing and increase safety for your workers.

There are plentiful incentives programs available to help cover the cost of an LED lighting upgrade. You are likely replacing bulbs or fixtures as part of your building maintenance anyways, choosing LED can cut your electricity costs immediately.

We're here to streamline the process by offering competitive lighting quotes. Moreover, our commitment extends to helping you minimize project costs through access to various grants, incentives, and rebates. By skillfully leveraging available funding, your projects could swiftly turn cash positive, aligning seamlessly with your goals for enhanced energy efficiency and cost-effectiveness.

See what our customers have to say...

Fuserashi International Technology, Inc. (FIT) - Valley City, Ohio

"The tax savings that we received from the project allowed us to reinvest those dollars back into our company and to our associates. With Viridi's help, claiming the tax deduction was a very simple and painless process."

Hal Wagoner, President & COO

Clampco Products Inc. - Wadsworth, Ohio

"Very pleased with the shift to LED lighting – the cost savings are substantial, and my energy bills have taken a noticeable dip. Big thanks to the Viridi team for their guidance and support. Upgrading to LED lighting was a practical investment in efficiency and long-term savings, and the added benefit of grants and incentives further cut down the project cost."

Fred Fagan, Quality Systems Manager

As your Chamber's trusted partner, the Chamber Sustainability Program helps members maximize their efficiency project return on investment using a wide array of available rebates, grants, incentives, and other funding options. **With current funding available, your projects could be immediately cash-positive.**

Request a lighting quote and your eligibility for available efficiency incentives by downloading our inquiry form – simply click here!

COSE

MEDICAL MUTUAL

The Erie County Chamber of Commerce has partnered with the Council of Smaller Enterprises (COSE) and Medical Mutual to offer a new type of health insurance coverage for our member businesses, titled the Multiple Employer Welfare Arrangement (MEWA). This coverage is available for businesses with 50 or fewer employees, including business owners with no employees.

What the COSE Benefit Plan Offers:

Attract & Retain Talent

Ensure your most valuable employees are satisfied with both their job and their compensation package to increase longevity and retention.

Gain Tax Savings

Employers and employees pay less for health insurance when it is purchased at a group level because it is paid for with pre-tax dollars.

Network Access Benefits

Group health plans often have access to large networks of doctors and hospitals compared to an individual plan on the public exchange.

Get Broker Help

A broker can guide you through the process and help you find the best health plan for you and your employees.

One-Stop Shop

Dental, vision, group life, accidental death and dismemberment insurance and short-term disability can be added to your health insurance plan.

Cost Savings

In addition to health insurance, as a Chamber member, you can take advantage of savings on electricity and natural gas, office supplies, workers comp and more.

To learn more or sign up for this benefit package, contact the Erie County Chamber of Commerce at info@eriecountychamber.com
