Date Night

DONE LOCAL

February might be a little cold to go on a picnic or take a walk through Muskingham Park but the Marietta Area has a lot to offer when looking for date night ideas! Here are 14 suggestions, or one for everyday leading up to Valentines Day, if you're extra.

Trivia night at **Over The Moon Pub & Pizza**, handcrafted cocktails at **740 Social**, and amazing artisanal treats at **Putnam Chocolate** are just the tip of the iceberg. Downtown Marietta has a wide variety of sit down restaurants to suite everyone's taste and **Austyn's** makes for a special occasion, for sure! Maybe dinner isn't your thing? Have a cozy visit to to a coffee shop or stop by **Whit's Frozen Custard** for a treat.

A relaxing twist on a Valentine's Day classic is a 60 minute massage and a gorgeous bouquet from **Engles Natural Healing & Massage** paired with **Two Peas in a Pod Florist!** Stop by the **Marietta Wine Cellar** to pick up a special bottle of wine to share with your significant other before heading home to make a lovely dinner. Get a fun & unique gift from **Wit & Whimzy** while you're at it! Their newest addition has work from dozens of local artists.

If you want a unique experience you could go see a live performance with the **Mid Ohio Valley Players** or **River Cities Symphony Orchestra**; or see a musical act at **The Adelpia Music Hall** or **Peoples Bank Theatre**. If you want an experience with something to remember your date night by I'd suggest taking a class at the **BB2C Makerspace**.

Go to the back to see 740 Social Daily Specials, an amazing offer from Engles Natural Healing & Massage and a list of BB2C Makerspace Classes for February!

MOVSC February Update

Floods are among the most frequent and costly natural disasters. Flooding may result from rain, snow, coastal storms, storm surges and overflows of dams and other water systems. Flash flooding can occur suddenly and without warning. Flash floods exhibit a rapid rise of water over low-lying areas.

Flood waters can be extremely dangerous. Just six inches of moving water can knock an adult down. One foot of moving water can sweep away small vehicles, two feet of rushing water can carry away most vehicles, including SUV's and pickup trucks. There were 147 flood related deaths in the United States in 2021. Out of the 147 deaths, 75 occurred in vehicles.

Turn Around Don't Drown Safety Rules:

1. Monitor the NOAA Weather Radio or your local news source for weather information.
2. Get to higher ground if flooding occurs in your area.
3. Avoid already flooded areas.
4. Never drive or walk through flooded roadways, the road base may be washed out.
5. Be especially cautious at night when it is harder to recognize flood dangers.

During a Flood Warning:

1. Listen to local area radio, NOAA Weather Radio, or TV stations for weather updates.
2. Turn off the power and water mains, if instructed to do so by local authorities.
3. Fill sinks, jugs, and bottles with clean water, in case tap water becomes contaminated.
4. Prepare to evacuate.
