What is an ESD?

- ESDs are local political subdivisions that may provide fire, rescue, EMS and other emergency services
 - Governed by 5 commissioners appointed by County Commissioners Court - except in Harris, Smith and Orange Counties and most multi-county ESDs, where they are elected
 - Primarily funded by property taxes not to exceed \$0.10

Why are ESDs created?

- ESDs Ensure adequate funding of local fire, EMS, rescue and other emergency services
- ESDs spread funding for emergency services among everyone that might receive those services

History

- Rural Fire Prevention Districts Amendment to Constitution Approved November 1949
 - Tax Cap of \$0.03
 - Enabling Statute Adopted in 1957
- According to the Interpretive Commentary, the Texas farm bloc supported the creation of a special district to purchase modern fire-fighting equipment and reduce insurance rates by decreasing response times in rural areas – even envisioning fire fighting via helicopter response to rural areas

History

- Emergency Services Districts Amendment to Constitution Approved November 1987

Types of ESD Operations

“If you have seen one ESD, you have seen one ESD”

– Don Grogg, Former SAFE-D President

- Volunteer Departments
 - Volunteers have other jobs in local community
- Combined Departments
 - Paid staff to cover shifts when volunteers are out of community at work
- Employee Departments
 - Insufficient volunteer manpower to meet call volume demands of service area

Organization Structure

- **Contracted Service Providers**
 - ESD serves as financing and contract manager for 3rd party service providers, which can be:
 - Volunteer Fire Departments;
 - Volunteer EMS Organizations;
 - For Profit EMS Organizations; and
 - Other Local Government Entities.
- **Interlocal Agreements**
 - Multiple Agencies joining to provide services
- **District Personnel**
 - ESD employs its own personnel to provide services to the community

CONTRACTING FOR SERVICE

- Interlocal Agreements
 - With other governmental entities

- Service Provider Contracts
 - With private entities

The Allure of Forms

Pros

- Quick
- Least costly up front
- Standardized model of operation

Cons

- Likely won't fit your situation
- May be more costly down the road
- May end up confusing
- Cuts off access to a complete understanding of the needs of both parties

The Alternative

- The goal is to:
 - Build consensus about the needs of the community;
 - Create a common vision for success; and
 - Memorialize that common vision in a document for future stakeholders to understand.

Start by Creating a Plan

- Envision What you Want for your Community
 - What do you see?
 - What do others see?
 - What is the common ground?

4301 Westbank Drive, Suite B-130
Austin, Texas 78746
(512) 614-0901
www.carltonlawaustin.com
©2020

Start by Creating a Plan

- Specifically Define your goals
 - What services do you need?
 - Who could provide those services?
 - How do you pay for those services?
 - How do you determine success?

What?

- Determine **What** Services You Need
 - Define your mission
 - Be Specific
 - Consider Community Expectations
 - Establish expectations (aka Performance Measures)

Who?

- Determine **Who** Could Provide Those Services
 - Historical/Community Provider
 - Neighboring entities
 - New entities
 - Current Capability vs Potential

The Cost?

- Determine How Much You Can Afford to Pay
 - What are tax revenues?
 - Property
 - Sales
 - Other Sources of Revenue?
 - Billing
 - Fees
 - BUT don't forget about other District administrative expenses!

Success?

- Determine **How Much Oversight is Necessary**
 - How much time and energy can board commit to oversight?
 - What is leadership of potential providers capable of handling?

Service Providers

- Volunteer Departments/Organizations
 - Usually helped create the ESD
 - Generally have long history of serving the Community
 - Many volunteers who invest time and energy in service
 - Have had to rely upon donations and County handouts
 - Historically make decisions without oversight
 - Sometimes conflicts between multiple service providers
- Transitioning to a Contract Relationship with ESD can be difficult

Service Providers

- Other Governmental Entities
 - Have their own culture
 - Have their own obligations
 - Governed by others whose vision may be different from yours
- Learning to work with another governmental entity can be difficult

Service Providers

- Private Contractors
 - Private Business are in place to make a profit
 - Public service will not be the primary concern
 - Controlled by others, perhaps even one person, whose goals may be very different from yours
- Oversight of private contractors can be challenging.

Specific Goals

- Performance Criteria
 - service area
 - types of services provided
 - regulatory compliance/operations standards
 - response time (how to measure, etc.)
 - personnel (training, number of people, etc.)
 - compliance with ESD policies/laws
 - ownership and maintenance of assets
 - records and reporting to ESD and others

Specific Goals

- Financial Provisions
 - Audit requirements
 - Ownership of Assets
 - §775.073(d) Requires Retention of Ownership of Assets Purchased with ESD Fund
 - Purchasing limitations/requirements
 - Budgeting and Strategic Planning
 - Payments\ Process

Specific Goals

- Insurance
 - Covering Risk
 - Tort Claims Act maximum liability limits for local governments and “emergency service organizations”
 - \$100,000 for each person
 - \$300,000 for each single occurrence for bodily injury or death, and
 - \$100,000 for each single occurrence for injury to or destruction of property.

Specific Goals - Liability

- Assigning Risk or Assuming Liability
 - Tort Claims Act waives immunity from liability for employees of governmental “units” in certain situations.
 - A “governmental unit” includes “emergency service organizations,” i.e. VFDs
 - TTCA does NOT apply to “employees” responding to emergency calls, if response is not in compliance with the law or is done recklessly or with “intentional disregard”

Specific Goals

- Length of Relationship
 - Term of Contract
 - Termination
 - Assignment

 - Health
 - Disability
 - Liability
- Payroll Systems

Compensating Volunteers

- “A *fire department* may not compensate, reimburse, or provide benefits to a person the department has designated as a volunteer ... to the extent that the person would be considered fully paid fire protection personnel.”
- Tex. Gov. Code sec. 410.0322(c)

Paid Firefighters

- Paid fire protection personnel are required by state law to be certified by the Texas Commission on Fire Protection.
 - Volunteers and individuals not affiliated with a paid or volunteer department can choose to be certified by the Commission on a voluntary basis.
 - The Commission certifies fire protection personnel to multiple levels (basic, intermediate, advanced and master) in several different disciplines.
 - Additionally, the Commission certifies training facilities.
- From the [TCFP Compact with Texans](#)

Paid Firefighters

- The Texas Commission on Fire Protection does not regulate volunteer firefighters.
- Commission's statute limits only the number of hours a *part-time* fire protection employee can work to maintain his/her *part-time* status.
- Part-time firefighter = not more than 24hrs/wk or 500hrs/calendar year
- Full-time firefighter = more than 24 hrs/wk or 500 hrs/calendar year

The Fair Labor Standards Act

- Originally enacted in 1938 to set a national minimum wage, provide for overtime pay and prevent child labor.
- Has been amended many times
- Is the cornerstone for determining wage and pay issues
- The Act covers private, as well as federal, state and local government employers.

Wage and Hour Opinion Letters

- The US Department of Labor, Employment Standards Administration, Wage and Hour Division interprets the FLSA and publishes opinion letters based on questions posed to the DOL.
 - These letters are posted online at <https://www.dol.gov/agencies/whd/opinion-letters/request/existing-guidance>

Nominal Fee

- Individuals do not lose their volunteer status if they receive a nominal fee from a public agency.
- A nominal fee could be paid on a per call or per assignment basis to a volunteer.

Nominal Fee – the Simple Test

- There is no absolute dollar value assigned to the term “nominal.”
- Would the payments cause any volunteer (including a volunteer firefighter) to earn more than 20% of the amount a paid employee (or firefighter) working that same number of calls/shifts would earn?
