Colton Spencer

Topic:

Managing Pastures and Hay Meadows Using
Herbicides.

I grew up on a registered Gelbvieh and Balancer cow/calf operation in Aurora, Missouri. After graduating from the University of Missouri, I moved to Texas and have worked for Corteva Agriscience as a Range and Pasture Specialist for 3.5 years in northeast and north central Texas. I am passionate about the agriculture industry and the beef industry specifically. I believe the cornerstone of a good operation is pasture management and enjoy assisting ranchers in accomplishing this goal!
