Serendipity Beauty Lounge: Where beauty meets art

The art of using our medical background and the latest technologies to help enhance the beauty of our clients is a blessing." Serendipity Beauty Lounge was created by two passionate registered nurses looking to provide the best outcomes to clients within the local community.

Manpreet Khakh, MSN, RN

Manpreet is an experienced, Master's prepared registered nurse who enjoys serving others kindheartedly. She attended the University of San Francisco, earning a Master of Science in Nursing. She also received a California Clinical Nurse Leader Certification. Manpreet has over 11 years of experience in various healthcare settings. Her roles included neurology, urology, fertility, post op care and urgent care. As healthcare shifted during Covid-19, so did her desires to care for others. She took that passion and put it into shifting her focus to aesthetics. As a clinical nurse leader, Manpreet assesses and provides evidence-based care to all her patients while ensuring process improvement at all levels. Overall, she delivers the highest level of care.

Tamara Martin, RN, BSN

Tamara has 11 years of nursing experience ranging from school nurse for special needs students to urgent care and most recently a labor and delivery nurse for a major hospital in the Bay Area. She obtained her Licensed Vocational Nursing degree from City College in San Francisco, her associates degree in nursing from College of San Mateo, and her bachelor's degree in nursing from California State University, East Bay. Tamara's bedside manner is unmatched, and her skillset makes for a perfect care provider during your most vulnerable moments. After

working in the hospital setting for so many years, Tamara decided to mix things up a bit and branch out into the happy medicine that is aesthetics. She is committed to providing her patients with the best possible outcomes using the safest techniques.

Manpreet and Tamara are under the supervision of Dr. Kyon Hood, who is a board-certified physician that has practiced medicine for nearly 20 years. Serendipity Beauty Lounge provides a modern spa experience centered around providing clients evidence-based medical procedures. The spa is open by appointment only and specializes in full facial rejuvenation and harmonization, and offers medical grade and holistic grade skincare, dermal fillers, neuromodulators better known as Botox, micro needling, HydraFacial and more.
