CHAMBER HISTORY

ON BEHALF OF THE DEFIANCE AREA CHAMBER OF COMMERCE – WELCOME!

The Chamber enjoys a long and successful history of serving our business community. Originally founded in 1938 by three local businessmen as The Defiance Civic Club, Inc., the organization's initial mission was "to promote unity of action for the welfare of the city of Defiance, Ohio." In 1941 the nonprofit became known as The Defiance Chamber of Commerce and evolved to The Defiance Area Chamber of Commerce in 1966.

Defiance is a great place to live and work - a vibrant and progressive community that is rich in history, small town experiences, strong educational systems, and a superior quality of life built on

family values. For more than 80 years the Chamber has been serving the greater Defiance area as an effective community development organization. The Chamber is a vital connector and has remained true to its purpose of promoting industrial, commercial, professional, civic and general interests of the community.

The Chamber is strongly committed to continuing to help build an even greater community through our efforts to serve, connect and promote our members, improve the business climate, offer educational support for the workforce, and advance the development of the area.

CHAMBER MEMBERSHIP

Joining the Chamber is one of the most important decisions you make for your business. Whether you are a young entrepreneur working from home, a mid-size business experiencing tremendous growth or even a large corporation wanting to connect its employees to the area, we have resources available to help you expand your network and grow your business.

Our staff is experienced in helping new members achieve their professional goals.

We offer different levels of membership and work with you to ensure that you receive the benefits you are seeking with your membership, and at an investment level within your budget.

We invite you to come visit our office and discuss the resources available to your business as a Chamber member. If you can't get away from your office, we are happy to come to you!

WHY JOIN?

WHY JOIN A CHAMBER?

A national survey of 2,000 adults revealed that **being active in a local chamber of commerce is an effective business strategy** because two-thirds of consumers believe that such companies use good business practices, are reputable, care about their customers, and are involved in the community.

INCREASED AWARENESS & IMPROVED REPUTATION

The study, conducted by the Schapiro Group, an Atlanta-based strategic consulting firm, found consumer perceptions of chamber members to be positive in many ways:

- Companies enjoy a **68% increase in their reputation** when consumers know they are a member of a chamber of commerce.
- Consumers show a **73% increase in awareness** of a small business when a business is a member of a chamber of commerce.
- When consumers know that a small business is a member of the chamber of commerce, they are **80% more likely to purchase goods and services** from the company in the future.

Small businesses are the largest segment of the Defiance Area Chamber of Commerce membership and the study indicates that chamber membership has consistent and powerful benefits for small business members - if consumers are aware that the small business is involved with its local chamber. We have many ways that you can let consumers know that you are a member of the Defiance Area Chamber.
