

LEADERSHIP FRANKLIN COUNTY COMMUNITY

Duane Bock – 2022 Alumni of the Year

Duane is a Chambersburg native, a husband to Tammy for 34 years, a Father to Austin and Marlee, a Vice President of Commercial lending with ACNB, a 2003 Leadership Franklin County graduate, a community leader, and an overall incredible human being. Duane is the definition of a servant leader – inspiring, empowering, selfless, genuine, patient, giving, humble, kind, and serving.

Duane is a well-rounded individual starting as a shoe salesman, dabbling in construction, returning to sales in both gas/petro and construction material industries, and finally settling in a career of 27 years in banking where he currently serves the community by providing commercial lending opportunities with ACNB. Duane serves the banking community well because of his experience in various roles prior to joining the banking industry. He is a relator and a listener. Those two key attributes are the reason he has a strong customer following. His customers have often been heard saying “Duane is top notch”, “you can count on Duane”, and “Duane listens and cares.” Duane has been awarded a few times for his Exceptional Customer Service. He is an incredible advocate for the business community.

Duane does not just serve his banking clients, but he also serves his community through volunteer efforts. Organizations who have been blessed by his impact include the Leadership Franklin County Youth Program where he serves on the steering committee and teaches the “Encourage the Heart” segment for the program. Duane also services on the Leadership Franklin County Alumni committee where he actively provides support to both the Run Your Ice Off event and Log on, Leash up event. An incredible leadership example was Duane stepping up to lead Log on, Leash up during tax season for the current chair because he knew that tax season for an accountant is all-consuming. Duane just stepped in because that is what Duane does. Duane is an active member of Grandpoint Church where he runs sound and volunteers in various capacities. He is also a board member for Home Mission Council for the Churches of God General Conference. If that isn’t enough, Duane can be found at various downtown events helping Downtown Chambersburg, Inc. Duane is not a current board member but has previously served in various roles for Habitat for Humanity including all board officer positions but currently serves as a member of the Family Selection Committee for the organization. There is so much more that Duane has done and so many more individuals both within the organization and externally that he has left an imprint on. Duane has a servant’s heart.

Many individuals who nominated Duane, described him as an individual who will always put the needs of others first. Many have said that “no” is not in his vocabulary when someone is in need. Duane is the type of leader who will roll up his sleeves to do the necessary or stand in the background to cheer someone or an organization on. He will do whatever is necessary with an ultimate core value of service to others. Duane is well-known, respected, and loved. Duane is a social leader, an influencer, and an example to many. He truly cares. He knows when to step up and lead in a dominant role when necessary. He has discovered where that fine line of work/life balance is and will often be heard encouraging others to find theirs. Many individuals described Duane as being humble and reserved. Duane would not expect to receive an award like this, which is another reason why he is so deserving of it. The LFC Alumni Committee received many wonderful nominations this year, but at this moment, there is not anyone more deserving than Duane Bock to receive the 2022 LFC Alumni of the Year Award.

Michele Ford – 2021 Alumni of the Year

Michele is a graduate of the 2010 Leadership Franklin County Class. She is currently employed at Patriot Federal Credit Union as an officer. She is married to a retired PA State Police Officer and has a daughter, Madi. Michelle earns her living in the financial industry currently at Patriot Federal Credit Union, but she makes her mark on each individual she crosses paths with by giving a sincere smile, a kind, encouraging word, and a helpful hand. Michele is an avid runner, teaches kickboxing, enjoys her time with her family, friends, and community.

Michele's friends and acquaintances have described her as being driven, empowering, passionate, inclusive, fun, generous, positive, and uplifting. There were so many more words to describe her, but the recurring comment we received was that she is strong, and her strength cannot help but pour out on the individual's who are fortunate to be touched by her light. Michele is described as a hard worker driven to success, but always putting her family first. Michele is generous with her time, her heart, and also to give back what she has worked so hard for.

Michele manages to find time to run events such as Run Your Ice Off. Michele was the previous LFC Alumni chair and chaired the Run Your Ice Off event for multiple years growing the race as successful add-on to Chambersburg's annual Icefest. When she passed the torch as alumni chair in 2019, she agreed to continue to chair the Run Your Ice Off event. She has grown this race by runners and dollars which raised money for LFC scholarships, Council for the Arts, Downtown Chambersburg, Inc, and the American Cancer Society. In 2020 (pre-pandemic), the race had over 300 runners. In 2022, after a year off due to the pandemic, the race participants were restored to the same level and brought in \$ 5,800. Michele mentored the 2021 LFC project team when they had to pivot from their original project to creating a virtual 5K called Log on, Leash up. This event raised nearly \$6,200 for Leadership Franklin County alumni, the American Cancer Society, and the Cumberland Valley Animal Shelter. There's so much more to her contribution to our community, but the most inspiring was her passion to raise awareness for a disability called ataxia by organizing a race on her own that ran through Norlo Park in honor of her daughter Madi.

Michele is that leader you want to follow. She goes about her day touching lives, giving, helping, uplifting, encouraging and turning the negative into positives. She has been described as super woman because of her "never give up" attitude. Michele is so deserving of this award by embodying the essence of what LFC strives to represent in our community.

David Grant—2020 Alumni of the Year

His responsibilities increased quickly and during his time there he had responsibility for the Pharmacies, Respiratory Care, Nursing Informatics, Infusion Services, and the Emergency Departments.

After 21 years with Summit Health, Dave accepted a position at Keystone Health as their Chief Operating Officer. It goes without saying that his leadership skills were put to the test in the past year as the community looked to our major health care organizations to help us maneuver thru the pandemic. Most of us will never know what you and your health care colleague did or sacrificed to help this community - especially the most vulnerable amongst us. THANK YOU!

We do know you specifically spent time involved with decision making for COVID-19 testing and worked directly with Keystone Urgent Care staff to ensure they had what was needed and worked to bring in volunteers to help with COVID-19 testing. Dave also served as a health care resource at several Chamber virtual events to better educate our business community about what was going on and explain the data available.

Dave is dedicated to this community serving on the Healthy Franklin County Board, the Opioid Task Force, the Greater Chambersburg Chamber of Commerce BOD, LFC Youth Steering Committee, Penn State Mont Alto Health Care Administration Steering Committee and works with local Boy Scouts.

In his spare time, Dave is working on his MAS in Population Health Management at Johns Hopkins. His sights are set on the future and he uses data to drive decision making.

Dave is a proficient and prepared leader always ready to jump in to help. He is a HUMBLE professional, an inspiration, great listener, a creative/innovative problem solver, sets an example and does everything with a positive attitude – respecting everyone he encounters.

Dave embodies the essence of LFC and all it strives to represent in our community. It is with great pleasure that the Alumni Committee presents this award to you.”

Angi Quigley - 2019 Alumni of the Year

"The true price of leadership is the willingness to place the needs of others above your own."
~Simon Sinek

Angi volunteers for several organizations, serving on the boards as well as "just" providing assistance and support where needed. She has served on the Chambersburg Chamber Foundation Board and currently chairs the Downtown Chambersburg Inc. board leading efforts with their mission and fundraisers like CrabFest. Angi was the mentor for my LFC project team and was always available, regardless of what else she might have had going on. She provided a gentle hand of guidance where needed but showed us that she trusted us to figure things out on our own. The fruits of her efforts are evident in how the members of my team have gone on to serve in various volunteer roles also.

She shows commitment to her community through her volunteer efforts in addition to her commitment to her profession. Angi has been in an accounting role since 2004, including while finishing her degree. She joined SEK CPAs in 2010. Angi is a Certified Public Accountant and has advanced to become a manager at SEK. The standards are high to earn and maintain the CPA credentials, and Angi represents them well. As a manager, she works directly with her clients, oversees the work of others, and mentors' junior staff in their professional development.
