

# Fear of Covid-19 Shrinks Labor Force

Around 4 million adults aren't looking for jobs due to virus; taming pandemic key to recovery

GWYNN GUILFORD

ing to go home. And I'm probably not going to come back," said Ms. McLau

too ill to take care of her two-year-old daughter

## LOOKING TO KEEP YOUR EMPLOYEES HEALTHY AND WORKING THIS SUMMER?

Many facilities have experienced temporary closures due to quarantined staff. Fully vaccinated people don't have to quarantine after exposure. As an employer, encourage your employees to get their shot or talk to their primary health care provider.

Scan this QR code to visit [www.bldhd.org](http://www.bldhd.org) or click the link for information and current clinic availability. Immediate appointments are available!
