Nominee Name: **Shannon Walker, Nu Trans Movement**

DETAILS

Shannon Walker of Nu Trans Movement has been pivotal in supporting the Black Transgender community. She has been a tremendous asset for those that are seeking to have their official government documents updated and changed. In my previous role with the Dallas Police Department, she was amazing in assisting with training for our new recruits. This training consisted of her sharing her story of interactions with police officers as a Transgender woman. I commend her for her tireless work in the community and her willingness to support those who need it most.
