

Frankfort Chamber Member Spotlight

Rose Pest Solutions
664 E. State St., Hammond, IN

How long has your business been open?
Since 1860

The primary service of the organization:
Residential and commercial pest management and prevention services

What makes your business special?
Rose Pest Solutions is America's oldest pest control company, dating back to 1860. This year we are celebrating 160 years of integrity and quality service to help keep families and businesses healthy and free from pest threats.

We are a family businesses. We are committed to build long-lasting relationships with our employees, customers, colleagues and communities. We believe in working together to make our environment safer and healthier for everyone.

The Dold family goal at Rose Pest Solutions remains the same today as it was for Solomon Rose over 160 years ago: to maintain the highest standards of integrity while providing every customer with peace of mind.

Best thing you do/serve at your business:
We protect health and the environment

Something people don't realize about your business/services?
Most people have never heard of Rose or the fact that it's America's first documented pest control company. As a family business for three generations, we can guarantee that our history is authentic! Grandfather's office was on the second floor of what is still currently our Wicker Park, Chicago branch on North Avenue. He personally knew and purchased the business from Mr. Daniel Rose in the 1940's.

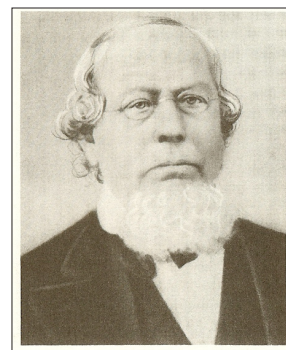

Since then, pest control methods have definitely evolved, making products much safer for kids, pets and sensitive environments. Rose's business values still remain the same and are more relevant now than ever before. Your health is our priority.

My favorite thing about being a Frankfort Chamber member is:

Learning about not only other Frankfort businesses, but the people, their personalities and drive to dedication. The other members care and want the best for each other, they share what you do, and truly appreciate when you use their business.

Owners Judy Dold, Bob Dold and Robert Dold
