How many **NET** new employees hired since September 2017? \_\_\_\_\_

**\*NET:** Overall employee *growth*.

If you had two vacancies, unfilled or terminations and replaced those positions, those would not be NET.

However, if you hired a new position *in addition* to filling those vacancies, then you would have NET growth of one employee in your employee count.

Current number of employees? \_\_\_\_\_

### **About the Program – CORONA 2020**

The Corona Chamber, in partnership with the City of Corona will monitor and promote positive results in three main focus areas: **Employment | Healthcare | Infrastructure**.

This recognition specifically pertains to the Employment portion of the **Corona 2020**. We will be tracking and reporting to the Corona City Council each quarter on companies within our sphere of influence that have hired new employees. Our program began in September 2017 and runs through December 31, 2020. We are recognizing businesses with NET growth beginning September 2017.
