The Fleming School has a student population of 191, Pre K-12th grades. Kindergarten through 6th grades are self-contained, and the seventh through twelfth grades are departmentalized. We incorporate best practices which engage and support our students. Our small class size allows for teachers to really get to know our students, which creates a safe, supportive school environment with low student-teacher ratios.

> The Fleming school is "Accredited with Distinction" for 2017.
> Elementary school received a Governor's Improvement Award for 2017.

A great place to be!
