On behalf of Nassau County Firefighters Operation Wounded Warrior, I wish to say thank-you for your \$1000 donation for our wounded warriors. Your support this year benefits America's Wounded Warriors. This assistance and your generous donations help NCFE-OWW reach our goals each year and helps our organization to conquer new objectives. We could not do this without the help of community minded organizations like yours. Most importantly, all of your efforts go to benefit wounded United States Soldiers who put their lives on the line each day for us. Your donation was not just to our organization, but today you have touched the life of a wounded warrior and their family. Your impact was significant to their life. Thanks so much and please pass along my thanks to all involved.

**Respectfully Yours,
Chief Joseph O'Grady**
