Re: Letter of Support for the **Vote Growth Platform**

To Whom It May Concern,

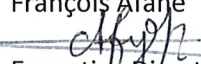

This letter is written in support of *Vote Growth*, the platform developed by the Yellowknife's Chamber of Commerce for the 2019 Territorial Election.

The Northwest Territories in general and the City of Yellowknife particularly is at a crossroad for the growth and prosperity of this community. With the main goal of growing our economy by attracting and increasing the population, new businesses and investments in the city, we stand strongly with the Yellowknife Chamber of Commerce in the vision shared through the 5 key issues developed all through the platform.

We believe that a clear commitment from our elected members of the legislative assembly and from the government of the Northwest Territories (GNWT) will provide the certainty and assurance that all stakeholders and partners involved with growing our economy are looking for in order to move ahead.

By supporting this platform, CDETNO is convinced that it represents a great step forward for the Northwest Territories and the city of Yellowknife.
