**Re: Letter of Support for : *Support For Yellowknife Businesses During The COVID-19 Pandemic***

To Whom It May Concern,

Our community is going through a difficult time and our local businesses are really hurting due to the crisis caused by the Covid-19. An initiative like the *Support For Yellowknife Businesses During the Covid-19 Pandemic* developed by the Yellowknife's Chamber of Commerce really represent a life line for many to be able to go through the crisis and come back strong.

The Northwest Territories in general and the City of Yellowknife particularly is at a crossroad for both the resilience through this difficult time and the reconstruction once we get passed the crisis. Many businesses will need extraordinarily measure and support remain open and start growing again. Our way of life and the future of this community is literally as stake.

Therefore, CDETNO stand strongly with the Yellowknife Chamber of Commerce sharing the recommendations presented to all three level of government as included in the *Support For Yellowknife Businesses During the Covid-19 Pandemic*

We remain convinced that a clear commitment from all levels of government coupled with concrete actions on the ground for our resilient business community will help Yellowknife come out stronger and eager to rebuild and move ahead.

By supporting this initiative, CDETNO is convinced that it represents a great step forward for the Northwest Territories and the city of Yellowknife.
