NCBIO Wants you to know

**Bio Business
Solutions**[®]
More saving. More research.

Special Benefits to Help with Business Continuity While Working Remote

As the world has been dealing with the implications of the COVID-19 pandemic, BIO has been working with our partners and member companies on business continuity, mitigation and contingency planning. As part of BIO Business Solutions Cost Savings Program, we have several benefits to help you run your business, access resources and reduce spending.

Office DEPOT[®]

**Working from Home Solutions - Save up to 80% on
select office products**

Through the BIO-Office Depot program, you can order all that your employees need to be productive from their home office - desks, chairs, toner, office supplies, technology products and more at the negotiated contract

price. [Click to register and place orders on-line for delivery.](#)

Your Virtual Research Lab

Design, purchase & manage outsourced experiments whether you are in the office or at home. Access the resources you need to develop new treatments for COVID-19 and other diseases from 3,300+ global suppliers. Free dashboard via Trial Insights for researchers and healthcare professionals currently working to find a vaccine for COVID-19. [Click Here to access the dashboard.](#)

Decontamination and Disposal of virus-infected sites

CleanHarbors offers fast, professional decontamination and disposal of virus-infected sites and materials. Training and service methodologies are based on OSHA standards and the highest biosecurity principles, offering a proven track record of success. [Click Here to Learn More](#)

Risk Management

Aon raises key questions your organization needs to answer, such as:

- Have you reviewed your Insurance policy for coverages?
- Have you reviewed and tested your Business Continuity Management plans?
- Have you considered the implications to supply chain and have you identified other suppliers?
