Are you ready to Golf?

The AGC Annual Golf Tournaments are taking place this year in **Anchorage on June 19** at Moose Run Golf Course and at Chena Bend Golf Course in **Fairbanks on July 10** and we would appreciate your support! Here are some ways for your company to get involved:

✓ **Sponsor** the Golf Tournament.

[Click here to Sponsor the Anchorage Golf Tournament](#)

[Click here to Sponsor the Fairbanks Golf Tournament](#)

✓ **Donate Door Prizes or Goody Bag Items** We love to give our golfers door prizes. So if you have something you'd like to donate, or put into our golf goody bag (220 for Anchorage & 180 for Fairbanks), please contact Kimberley for the Anchorage Tournament and Brittany for the Fairbanks Tournament. **(What a great way to have your company name and/or logo seen by our golfers.)**

✓ **GOLF Anchorage:** As we are a Tee Time Tournament for the 2020 Anchorage Golf Tournament this year, we are able to have a few additional teams. If you would like to be added to the waitlist, please contact Kimberley at kimberley@agcak.org in the Anchorage AGC office.

✓ **GOLF Fairbanks:** For information about **Sponsorship Opportunities and Golf Teams** for the **Fairbanks Golf Tournament**, please click [HERE](#) or email Brittany at brittany@agcak.org.

The AGC office is open to the public Monday through Friday, 8:00 am to 5:00 pm. To allow for a safe and responsible workplace we encourage you to wear a mask and maintain a 6ft 'social distancing' while in the office.

AGC of Alaska Hard Hat Award Nomination Form

The Hard Hat Award is AGC of Alaska's most prestigious award and was originally established by the Chapter to recognize an individual who has demonstrated outstanding contributions to the Alaska construction industry. This award, now in its 56th year, will be given out at the annual AGC conference in November.

Nominations should be sent to the AGC Anchorage office at 8005 Schoon St., Anchorage, Alaska 99518, or faxed to (907) 562-6118 and received no later than **July 24, 2020**. [Click here for the registration form](#). Check your AGC Membership Roster for a listing of previous Hard Hat Winners. For more information, please contact **Kimberley Gray** at 561-5354 or Kimberley@agack.org.

AGC’s 2020 Member Directory Roster

Good news! AGC’s 2020 Member Directory Roster is coming your way. Due to the COVID situation, production of AGC’s annual member directory was delayed at the printing house, however they should be landing in your mailbox within the next few weeks. If there is updated company information that you’d like to see in your business listing for the 2021 Member Directory, please send those edits to Clare Kreilkamp, clare@agcak.org.

New Labor Agreements

AGC mediates labor agreement negotiations between industry representatives and union representatives, and members benefit greatly from the 'strength-in-members' negotiating position provided by the association. These negotiated agreements are utilized by the State of Alaska to determine prevailing wage requirements for public projects. The Pacific Northwest Regional Council of Carpenters signed a Letter of Understanding (LOU) extending their CBA for one year. [You'll find the documents here](#).

Coronavirus and Construction OSHA Updates Controversial COVID-19 Record-Keeping Guidance

The U.S. Occupational Safety and Health Administration has revised [its guidance](#) for determining whether confirmed cases of COVID-19 qualify as recordable illnesses. Issued May 19, the guidance provides detail to enforcement requirements released in mid-March that construction industry groups and others criticized as being impractical for linking employee exposure to the disease with workplace activities. [Click here to read OSHA's enforcement memo](#)

OSHA Issues Guidance to Help Construction Workers During the Pandemic

On May 26, OSHA launched a [webpage](#) with coronavirus-related guidance for construction employers and workers. The guidance includes recommended actions—many of which AGC members have likely already incorporated in their safety plans—to reduce the risk of exposure to the coronavirus. One item AGC members should take note of is how the guidance details specific construction tasks with exposure risk levels (from low to very high). AGC of America will continue to monitor how the current pandemic progresses to keep members up to date.

Have you checked out AGC's crisis response and communication resources?

AGC has cataloged a wealth of tools that any construction firm can use before, during and after any crisis situation on a dedicated [web page](#). Navigate to resources specific to: Crisis Management Planning, Incident Response, Controlling Communication and Reputation, Workplace Mental Health and Wellbeing, and Managing Natural Disaster Impacts on Construction. You will find presentations, editable reference card and flowchart templates for the jobsite, podcasts, checklists, articles and more. Be sure to check out Crisis Driver: an industry-focused incident response software solution that enables AGC member companies to quickly and efficiently respond to and manage negative events.

House-Passed Bill Making Needed Improvements to Paycheck Protection Program Will Allow Construction Firms to Save More Jobs

Construction Official Urges Senate and White House to Quickly Pass and Sign Into Law the Paycheck Protection Program Flexibility Act, Noting the Measure Provides Greater Relief to Hard-Hit Industry

The chief executive officer of the Associated General Contractors of America, Stephen E. Sandherr, issued the following statement in reaction to the passage in the House of Representatives today of the Paycheck Protection Program Flexibility Act of 2020:

“Members of the House appreciate that one of the best ways to protect the economy from further harm is to make needed improvements to the federal Paycheck Protection Program. While the loans have helped prevent countless construction layoffs during the past several weeks, their benefits have been limited by several problems that have become apparent since the original program was crafted. These problems include the fact the loans are only supposed to cover an eight-week period, set an unrealistic formula of payroll versus other legitimate expenses and are supposed to mature in two years.

“The House-passed measure corrects many of the problems with the original Paycheck Protection Program by extending the coverage period to 24 weeks, revising the eligibility formula to 60 percent payroll costs and 40 percent non-payroll, extending the maturity period for the loans from two years to five, and allowing loan recipients to defer payroll taxes through the end of 2020. Combined, these improvements will save construction jobs and provide greater relief for many construction firms struggling to survive the COVID-19 pandemic and related economic lockdowns.

“Moving forward, we urge the Senate to quickly pass this vital economic relief measure and the Trump administration to rapidly sign it into law. Any additional delay in improving the Paycheck Protection Program will result in needless new job losses and additional financial hardships for many small, family-owned construction firms.”

Last year, a group was formed to oppose a flawed oil tax ballot measure. That group is OneALASKA. AGC has joined the effort of OneALASKA and is asking you to join too. As a membership organization, participation in pushing back against unwarranted overreach like this would not be possible without support from members like you. Please sign up today, both your company and/or as an individual and show support for OneALASKA. Let OneALASKA know if you have a group of employees that would benefit from hearing the **facts** on this important issue.
