QUARTERLY
Anticipated Attendance:
50+

Advancing Your Mission

OVERVIEW

Quarterly leadership and management training for nonprofit professionals intended to enhance their capacity to lead their organizations that serve Hernando County.

AUDIENCE

Nonprofit leaders, professionals, and volunteer nonprofit Board Members.

Opportunities

Quarterly guest speaker/presenter on topics relevant to our nonprofit business community!

The Nonprofit Leadership Development Project offers quarterly workshops and/or learning exchanges to provide training to nonprofit business leaders that are specific to their unique needs.

Topics would include Grant Writing, Contract Management, Board Member Recruitment, Board Governance, Volunteer Management, Staff Management, Special Events/Fundraising, Planned Giving, QuickBooks for Nonprofits, and more! Very caring, giving professionals are attracted to work at nonprofit organizations and as they become managers and leaders often, they are lacking the “business” training that is so critical to running their nonprofit business. We hope these series of workshops and occasional learning exchanges will be helpful in developing the business skills of local nonprofit leaders.
