CHAIR REPORT

I had hoped to begin my term as Chair by meeting chamber businesses across our region in person to deepen my understanding and knowledge of the key issues, challenges and opportunities facing business of every size and sector through our comprehensive calendar of events. And I had hoped to be able to meet more Chamber Leaders and Members in person at my first Canadian Chamber of Commerce and Alberta Chamber of Commerce Annual General Meetings. Many of these goals have been delayed, given the ongoing public health restrictions we are living through.

Yet in the twelve months since I took on the position of Chair, I have had amazing opportunities to connect with Chamber members, stakeholders and elected officials virtually and through limited in person Grand Openings, Anniversary Celebrations and through my own business dealings. Through those conversations, three conclusions stand out for me. First, the role played by Chambers has never been more important. No other organization is more connected, more representative, or more dedicated to helping businesses on the ground – in both good times and bad. Second, the voice Chambers have through the Alberta Chambers of Commerce and Canadian Chamber is powerful and influential. When we come together to make things happen, Chambers are listened to at the highest level – and achieve tangible results. And third, Chambers and the Alberta Chambers of Commerce will be instrumental in shaping the economic recovery of the region and across the province. Together, we can put forward positive and optimistic proposals to restart, rebuild and renew our economy.

When I took office in March 2021, I learned quickly that it's impossible to plan too much in advance for what you want to achieve. My number one priority was to use my experience and knowledge of the principles of Governance. Good governance is at the heart of any high-performing and compliant organization. An important component of good organizational governance was the setting up of the right committees for our board. This past year we have seen the Board establish committees and Director's chair Finance, Membership, Advocacy, Indigenous Business and Governance. All have been incredibly productive and focused and this has been reflected through the engagement of our membership with representation on each of our committees and members wanting to be included in 2022.

2021 was certainly a year that tested the resilience and adaptability of business and organizations. I'm pleased to report that the Chamber came through the test with distinction. We are grateful for the continued strong support of our Members and the terrific efforts of everyone working at the Chamber, led by our CEO, Sarah Parry. Sarah accepted on all our behalf the Award of 'Chamber of the Year – large Chamber' presented by the Alberta Chamber of Commerce recognising the work of the Greater Parkland Chamber of Commerce. This recognition is one that we can all be proud.

In 2022 we will return to physical meetings and presentations but the Chamber will, as many of our Members are doing, continue to use the online capabilities that have been developed. By mixing in-person and online sessions we can make sure we are providing the broadest and most interesting speakers and content that we can.

As I write this, I am confident that business communities will be the cornerstone of our recovery – one

CEO REPORT

of the many reasons that I am proud to be a chamber member and chair of one of the best business organizations. I look forward to working with you further in the important months ahead.

Thank you for your trust in me, Directors and Staff and we look forward to serving and working with you in 2022.

Darcy Torhjelm

2021 was a year of continued challenge for business as together they faced the difficulties wrought by COVID-19. I am proud of the strength and resilience of our members and their continued support of the Chamber throughout the pandemic; they are the beating heart of our Chamber.

I have been honoured and proud to lead the operational team in 2021 that works hard to serve our business communities. Business strength and resolve is inspiring, and I could not be prouder of the response of the Chamber team who quickly activated campaigns and programs of support; they are an incredible team of staff members who consistently provide exceptional service, and who have demonstrated outstanding commitment, flexibility and perseverance during the pandemic. Our

Chamber Ambassadors: Kevin White, Pauline Laberge, Rik Kaminsky, Anthony Warbeck, Lauri MacKinnon, Debra DeBernardo, and Dean Chapman have shown amazing dedication, continuing to give their time and energy to support our work. Our volunteer Board of Directors has done focused work through their committee participation across Membership, Advocacy, Governance, Finance and Indigenous Business. Each committee has benefitted from the assignment of a staff member.

As a Chamber, we are delighted to have maintained majority of and grown our Membership during these taxing days. We will continue to innovate and collaborate directly with our members to provide them access to the opportunities to improve their business. We are embarking on a terrific programme for the year ahead especially with the return of more face-to-face events and we will see the launch of our Emerging Leaders who will work to ensure that 'we' remain relevant in 2022 and beyond. For years, chambers of commerce have proven valuable for small businesses across the region however, we know that unless we keep up with needs of our entrepreneurs, we will struggle to stay relevant.

Looking ahead, while it is safe to say a normal year may not be on the cards we are excited about our plans for the coming months. Through challenge and change comes innovation and we are pleased to continue to adapt and evolve the way in which we help connect and support local businesses. I look forward to collaborating with our incoming Chair as we emerge into this new phase.

In closing I would like to thank our resilient team for their support and dedication in 2021. The strength of our engagement and commitment to our members gives us cause for optimism for 2022 and beyond.

Many thanks to you, our friends, sponsors, partners and funders. You sustain the work we do and ensure that we can continue supporting those across our region.

We look forward to seeing you again in person as soon as we can.

Sarah Parry

CHAMBER PILLARS

Advocacy

Our focus has been:

- Develop an advocacy plan and define representation at different levels of government and Chambers (provincial and federal)
- Invest in education, engagement, and training expertise to ensure advocacy is done most effectively by the Board and staff
- Ensure GPRC is at the right table (municipal, provincial, organizationally)
- Become better at engagement with members on advocacy pieces

Organizational Excellence

Our focus has been:

- **Internal**
 1. Establish a good governance model
 2. Establish solid committees with defined roles, responsibilities, and terms of reference
 3. Recruit and engage Directors for a diversity of experiences and competency mix
 4. Have a strong renewal rate for committee and Board members
 5. Establish and streamline operational efficiencies
- **External**
 1. Define the brand, identity, social media, marketing, and communication

Membership

Our focus has been:

- **Division of membership into two distinct functions:**
 1. Membership sales, recruitment, and retention
 2. Membership services and programs
- **Develop an engagement strategy that would include:**
 1. Diversifying membership base
 2. Increasing rural memberships
 3. Events
 4. Benefits of members
 5. Value-added services and programming that membership would like to have

ABOUT

Ambassadors

We were pleased to be able to have our 7 Ambassadors join us at several events and grand openings throughout the year. These ambassadors are instrumental in connecting the community to the chamber through events as well as reaching out to new members to make them feel welcome and at home.

EVENT HIGHLIGHTS

For 2022 the Chamber events and programs will focus on being one of the best places in the region for our members and business leaders to meet, develop relationships and share ideas. Whether it's bringing in Ministers to discuss the inhibitors of doing business, discussing the benefits Red Tape reduction with our Municipalities and streamlining processes, or facilitating discussion among potential political leaders, we continue to provide services of value to our members and the community.

Small Business Week

State of the Region Address

Women of Influence

TRI-EXPO & MARKETPLACE

2ND ANNUAL GOLF TOURNAMENT

BUSINESS AWARDS OF DISTINCTION

SHOP LOCAL

CHAMBER MARKET

Chamber Market is an initiative of the Alberta Chambers of Commerce in collaboration with local Chambers of Commerce province-wide. To advocate for shopping locally and supporting more small business, Chamber Market is an Alberta-wide e-commerce site where consumers can find and support small businesses outside of their own home-town. It gives business-owners an opportunity to network and expand their reach across the province, and consumers the chance to support multiple Alberta businesses on one website. Shop from local businesses in Stony Plain, Camrose, and Whitecourt with a single checkout, and discover a multitude of other stores and Chambers.

To help our businesses join this project, we have created both an Instagram and Facebook account to spread the word and update businesses on happenings in the Market, created a brochure that businesses can hand out to consumers, and assisted multiple business owners create and launch their Chamber Market account.

Over 30 businesses have signed up under GPRC, and we are continuing to assist businesses onto the Market to expand their reach.

I am delighted to have been a part of this project, and to watch Chamber Market grow.

- Grace Cowan, e-commerce project lead.

COMMITTEE REPORTS

Indigenous Business Committee

Tansi nitotemtik! It has been an honour to serve as the Chair of the newly formed Indigenous Business Committee since its inception in October 2020. At this time, the Greater Parkland Regional Chamber of Commerce took the historic and meaningful step in creating its Indigenous Business Committee. This committee has a strong desire through the GPRC Board of Directors, its members, and vested stakeholders to enhance Indigenous business' participation in the economic development of the region by promoting sustainability and diversity, further encouraging social and economic growth in the Greater Parkland Region. I would like to thank our committee members for their contributions and much-needed dialogue on Indigenous business issues. I would particularly like to thank Sarah Parry and Jodie Macpherson, GPRC staff, for their diligent work in

preparation for striking this committee, and for all of their efforts since inception to establish and deepen relationships in this area.

2021 has been a difficult year to navigate – meeting new people via zoom is challenging. As with all relationships which the chamber has, at first positive relations must be established, and then we can proceed to have discussions about how we, as a chamber, can help businesses to grow and flourish. We are continuing work in this foundational area, and have several key relationships established, through which we are gradually expanding our reach, especially for more rural business owners. COVID-19 has caused us to shift our committee meetings to an online platform in order that all committee members could continue to participate safely. We look forward to the time when we can meet in person again and break bread together.

The pandemic also caused us to switch our inaugural Indigenous Business Connections event from an in-person, outdoor event, to a virtual event held on June 18, 2021. This was a professional development opportunity that included presentations on business etiquette, building relationships, and cultural demonstrations. We welcomed Mackenzie Brown, Project Manager at Indigenous Tourism Alberta, Rick Wilson, Minister of Indigenous Relations, drumming group Chubby Cree, and Rocky Sinclair from Aksis-Edmonton's Professional and Business Association, who hosted a round-table discussion. Elder Philip Campiou started us off in a good way, with prayer. This event was very well received and well attended, and I am proud to report that we received a lot of very positive feedback on this event. Our Chamber is so very grateful for the support and development of this project by our sponsors and event planning partners. The recording of this event is still available to watch on our website under our Events tab, and also on our Chamber YouTube channel, for those who missed the original broadcast.

Our Indigenous Business Committee also sponsored and participated in Devon's Treaty Days celebration and the Tri-Expo & MARKETPLACE in August, an Economic Reconciliation workshop in October, and collaborated with Aksis for the Steak, Beer and Networking event held at the River Cree Casino in December.

For 2022, our committee is continuing foundational work by the planning of much-needed committee

COMMITTEE REPORTS

and Board Professional Development opportunities, curating an Indigenous business and contacts list, planning our next Indigenous Connections Event for June, and coordination of further initiatives that the GPRC has underway. Please do not hesitate to reach out to myself or GPRC staff with any inquires about our committee, its work, or how you can join!

Ekosi maka.

Paula Adamitz, Indigenous Business Committee Chair

Membership & Retention Committee

We welcomed over a hundred new members in 2021, many of whom joined to access our benefit programs which range from our extended dental and health care coverage to our other cost-saving affinity programs that help members improve their bottom line .

The Chambers Group Insurance (CGI) Plan is available to all members regardless of their size or membership level . The program is #1 in the country for extended health care benefits for small business, and 2021 saw the program become even more popular with close to 30 new members . In 2021, Greater Parkland Regional Chamber members also benefited from:

- Payment Processing Machines (POS) through Elavon & ATB Financial which are leaders in the electronic payment processing industry .
- Fuel Saving Discount Cards through Esso and Petro Canada which both offer discounts on gas and diesel fuel exclusively to Chamber members .
- SafeDay (a partnership through the Alberta Chambers of Commerce) an Edmonton based PPE company provided education, services and supplies to over 25,000 business across Alberta .
- Payroll Processing Software through Payworks, a Canadian owned company that offers discounts to Chamber members who subscribe to their HR services that offer employee time-management solutions .
- Johnson Insurance offering Chamber members discounted home and auto insurance.

A full list of opportunities listed on the GPRC website. Our Membership Committee met regularly to discuss several initiatives with primary focus on membership fees and return on investment for our members. As a regional Chamber of Commerce, we exist to support the interests and goals of each member and this focus has been critical during these challenging times. We believe that our revamped membership packages provide opportunities for all levels of business; from the small to the large and offering a range of social and education engagements to our membership. As the largest and most influential business organization in the region our members are the lifeblood of our organization and quite simply without YOU we do not exist.

COMMITTEE REPORTS

I have been proud to Chair the Membership & Retention Committee and I wish the next Chair every success.

Paul Befus, Membership & Retention Committee Chair

Governance Committee

I have thoroughly enjoyed my time as Governance Committee Chair and enjoyed the conversation and healthy debate. The committee has been focused on the foundational documentation of the Chamber through 2021 and will continue in to 2022. Our Chambers governance includes all the practices, processes and policies that helps us guide our organization in the right direction.

Our Board Policy Manual has been the focus of our attention and we continue to review each section through our committee meetings. Whilst this is an onerous task it is one of great importance that provides education and knowledge sharing that builds a far more engaged Board of Directors. This work is a vital part of good governance and something that will set the board and operations for years to come. Good Governance ensures we stay ahead of risks, improve compliance and improve trust and reputation.

Brienne MacLeod, Governance Committee Chair

Finance Committee

As Treasurer of the Greater Parkland Regional Chamber of Commerce my primary focus and responsibility is for oversight of the Chamber's financial condition, providing reports to the Board of Directors monthly and Chair the Finance Committee. A diversity of revenue streams for any Chamber serves to keep the annual membership fees low and the membership value high. Members typically join to support the advocacy/lobbying work we do, the marketing and promotion we can provide, and the education and professional development opportunities we offer. Whatever your reason, we genuinely appreciate your support of the Chamber.

As you can see by the 2021 Auditor's Report, the Chamber has had a profitable year. This is encouraging as the Board and Staff underwent a significant review of the Chamber's value proposition and communications strategy and will be looking closely at relevancy during 2022. We will be looking at appropriate programs and services to reach more of our members with more value.

I take my position as Treasurer very seriously and this past year, CEO Sarah Parry and I have worked very closely to review, update and establish all aspects of the organization's fiscal management, recording

COMMITTEE REPORTS

and reporting to ensure the well-being of our members, stakeholders and funding partners dollars.

The production of a robust, fit for purpose set of financial reports proved challenging through the accounting system the chamber has historically used; with that in mind we have taken the step to change accounting systems and we have done this through due diligence of information gathering with our Accountant and Bookkeeper. A comprehensive review of General Ledger codes has also taken place and will be an area of focus for the operational team in 2022. These focus areas will provide greater clarity and accurate financial information to support decision making.

My goal as Treasurer and Chair of the Finance Committee is to ensure the membership and donated funds we are entrusted with are used to provide the highest quality services and supports possible. Whilst we are incredibly grateful for our members support and trust and attracted funds through grants, sponsorship and partnerships, we continue to operate in an environment of restraint and focus to manage within a balanced budget and prudent fiscal management. Our Operational Team led by Sarah Parry has been able to balance the vision of supporting the goals and requirements of our Board with our financial responsibilities. The results over the past few years demonstrate how difficult it is to maintain this balance.

Ongoing support from our members, the generosity of individual and Municipal sponsors, the dedication of our board, staff and ambassadors, and the dedication of our staff make it possible for us to deliver innovative and member-directed services and supports.

Thank you for your support; we know that you have options of where to invest your dollars and we are grateful for your desire to support the businesses that make up the Tri-Region.

Landis Vanthuyne, Finance Committee Chair

Advocacy Committee

It has been an honor to serve as the Advocacy Chair for the past year. We started the year by ensuring a diverse committee which would allow us to espouse broader perspectives in our decision making. Our committee in 2021 was made up of Chett Wild (Agriculture), Tyler Riel (Manufacturing), Kelly Rose (IT), Paulla Adamitz (Finance), and Melissa Johnson (Janitorial) who served as Vice Chair. I believe our successes this year are directly linked to the strength of the committee that came together.

To support efforts of advocating for our members, the Advocacy Committee has a goal of holding closed doors meetings with each of our elected officials on an annual basis intended to foster stronger relationships that can be leveraged when required for lobby issues. These meetings allow for a candid conversation and were very beneficial in creating the trusting connections that are needed when there is an issue we need to get traction on. This year we expanded the scope of these meetings to include all elected officials in our region, including our elected indigenous leaders of the area. We look forward to continuing to build these key relationships, for the benefit of our members and the business community as a whole.

COMMITTEE REPORTS

As the voice of business in the region, our advocacy committee was incredibly active for the past year. We created an online portal to allow members to submit issues and concerns for us to consider. To date, this has resulted in:

- Nineteen advocacy letters on behalf of business
- Seven in-person meetings to support individual local businesses
- Five advocacy surveys
- Five political forums during the election
- Two Round-table discussions on the skills and labor shortages in the region
- One policy submission to the Alberta Chamber of Commerce
- One policy submission to the Canadian Chamber of Commerce
- One State of the Region Round Table

It is exciting to see the strong entrepreneurial spirit in our community which is evidenced by the continuing growth and number of new businesses that we celebrate at each grand opening. Beyond our strong small business environment, our region also welcomed the Amazon YEG2 Slingshot facility which is an automated, five story, 2.9-million square foot warehouse sortation facility which started construction in 2020 and is expected to be complete in 2022. Facilities like this represent more jobs, community growth, and further opportunities for all local businesses.

We continue to strive to become more efficient at hearing from you, our members, and finding ways that we can add tangible value to your business. We recognize that the last number of years have redefined what challenging in business can mean. We will continue to work to understand how to support each of the businesses in our region as together we strive to safely navigate through these troubling times.

Dan Duckering, Advocacy Committee Chair

Emerging Leaders Committee

Due to the various unexpected circumstances in the past year, the Emerging Leaders Committee decided to delay our inaugural event to when the economy reopens. Instead, we have been using this time to form up the vision and mission for the group and are excited to get things moving in full force during the following chamber year. With plans to have regular open and exciting events where emerging leaders can learn from local mentors and network with local businesses, as well as plans to encourage involvement in advocacy and the chamber as a whole, I am certain the following year will be an exciting year for this new chamber group. With our vision of being a member driven team to help businesses with networking, advocacy and mentorship, we look forward to having our first inaugural event in the following months with some of the up-and-coming business leaders in the Parkland Region.

Kelly John Rose, Emerging Leaders Committee Chair

STATEMENTS

Auditor Statement

To the Members of Greater Parkland Regional Chamber of Commerce

Opinion

We have audited the consolidated financial statements of Greater Parkland Regional Chamber of Commerce (the “Chamber”), which comprise the consolidated statement of financial position as at December 31, 2021, and the statements of operations, changes in net assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies. In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of Greater Parkland Regional District Chamber of Commerce as at December 31, 2021 and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Chamber in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with those requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Chamber’s ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Chamber or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Chamber’s financial reporting process.

Auditors’ Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered

STATEMENTS

material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Chamber's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Chamber's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Chamber to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

CHAMBER SUPPORTERS

ANNUAL PLATINUM SPONSOR

ANNUAL GOLD SPONSOR

COMMUNITY BUILDER MEMBERS

VISITOR INFORMATION CENTRE

Stony Plain and Spruce Grove VIC

The Visitor Information Centres located in Spruce Grove and Stony Plain have been welcome centres designed to provide information and aid to any current or potential visitors within our region and its surrounding areas and beyond. The centres function as the main point of contact for visitors' and residents' travel planning inquiries, as well as a place where local businesses and community organizations can promote their products and services.

Our vision is to collaborate with stakeholders and partners to shape and develop visitor services for the region while understanding that tourism drives growth and visitor satisfaction drives repeat visits. Many VICs across the province worked to re-open once again in April of 2021. The Chamber VIC team worked together to deliver an exceptional visitor experience, which motivated visitors to experience Stony Plain, Spruce Grove, Wabamun and the region, and to share their stories. We wanted to instill civic pride and visitation experiences which inspired people to choose the communities of Stony Plain, Spruce Grove, Wabamun and the wider region as a great place to visit, play, do business and live.

VIC Goals

1. Create a safe and welcoming environment
2. Work towards increasing the number of repeat visitors
3. Continue to develop Spruce Grove and Stony Plain as the friendliest places to visit
4. Support and promote a year-round visitor economy
5. Work towards increasing the number of people who recommend Spruce Grove, Stony Plain and the tri-region as a place to visit

VIC SOCIAL MEDIA

@spruceandstonyinfo

2021 Weekly Posts included Weekly Wonders, posted every Monday at 9:00am, and the Park Hopping Series, posted every Thursday at 12:00pm. Other events/happenings such as the Golf Tournament, the weekend the bathrooms were out of order, etc. were also posted when applicable.

Weekly Wonders: Provided a list of activities for every day of the upcoming week, so people could easily find events. These posts featured farmers markets, Summer Sessions, the outdoor movie, etc.

Park Hopping: Every week we visited a new park, alternating between Spruce Grove and Stony Plain, to spread awareness of the beautiful parks we have and give people places to go this summer!

READY FOR SUMMER SESSIONS!!

LAST ONE OF THE SEASON, SO DON'T MISS IT!
