If you would like to submit an accident for review, please [CLICK HERE](#) to access the official Eligibility Request form. *Note that the approval process will be handled by the ATA Safety Management Council / NTDC Eligibility Review Committee. The committee will need 5-7 business days to make their decision. A driver cannot be registered for the Ohio TDC until the committee has made their decision. Please plan accordingly.*

Competition Check-In & Driver Orientation

All TDC contestants must report to the Kilimanjaro Ballroom on Friday, May 15, 2026, by 8:00 am for competition check-in and orientation. Failure to register or attend orientation will result in disqualification. Do not sit next to another competitor from your company.

Attendance & Roll Call

TDC contestants must attend all roll calls. The initial roll call will be on Friday, May 15, 2026 at 8:00 am during competition check-in. Bullpen monitors will conduct roll calls for drivers upon entering the bullpens and throughout the competition.

Written Exam

All TDC contestants will be required to complete the written exam on Friday, May 15, 2026 at 8:30 am. The Ohio Trucking Association strongly recommends studying the American Trucking Association's *Facts for Drivers Handbook*. This is the study guide for the written exam and the driving competition. For a printed, digital, or audio version, visit the ATA Business Solutions website at <https://www.atabusinesssolutions.com/Shopping/>. *Facts for Drivers* books, notes, note cards, and any other preparatory materials are not allowed on the testing tables and should not be

utilized during the test. These items must be handed over to a committee member upon entering the orientation room.

Classes & Schedule

Drivers compete in one of the following classes: 3-Axle, 4-Axle, 5-Axle, Flatbed, Sleeper, Step Van, Straight Truck, Tank Truck, or Twin Trailers.

Half of the classes will complete their pre-trip and course competition on Friday, May 15, and the remaining classes will complete their pre-trip and course competition on Saturday, May 16. Drivers and safety managers will be notified via email of their course and pre-trip competition days no later than two weeks prior to the Truck Driving Championships. A sample schedule is included in this packet. No class or driver changes, including onsite, will be accepted after April 17, 2026.

Bullpens

Drivers must be in their designated class bullpen at the scheduled times. These times will be emailed to competitors and safety managers in advance, and announcements will be made during the event.

The room to which classes are assigned for both pre-trip and course events will be clearly marked outside of the room, as well as in the final schedule sent out before the event. Once called to a staging area, you may only bring the items necessary to complete that portion of the competition. Backpacks, study materials, notes, and similar items must remain in the bullpens.

All contestants must report back to the area they are advised to go to after finishing their pre-trip or course event. Drivers are not permitted to leave a designated area until a TDC representative has instructed them to do so.

Teams

Teams will consist of all drivers from the same company. Terminal teams are not permitted.

- ✓ Teams consisting of 3-4 drivers will be entered in the Small Team Competition, and only the top three competitors' scores will be considered.
- ✓ Teams consisting of five or more drivers will be entered in the Large Team Competition, and only the top five competitors' scores will be considered.

Meals

All drivers receive breakfast on Friday morning; those drivers completing their pre-trip and course competition on Friday will also receive lunch that day. Competitors completing their pre-trip and course competition on Saturday will receive breakfast Saturday morning.

Weather

TDC is a rain-or-shine event. The driving course and pre-trip area are outside; please dress appropriately according to the weather.

Safety Protocols

If you have tested positive for COVID-19, are waiting for COVID-19 test results, have COVID-19 symptoms, or if you have had close contact with a person who has tested positive for or who has symptoms of COVID-19, please do not attend the 2026 Ohio Truck Driving Championships.

Code of Conduct

Professionalism is required of all contestants, judges, volunteers, staff, and company and industry representatives. The Code of Conduct must be adhered to at all times, or the competitor could risk disqualification.

1. No alcohol is permitted in or around the competition area during the entire event; alcohol must not be consumed at any time during competition days, until the competition is over.
2. Kalahari Resorts & Conventions is a smoke-free area. Smoking is allowed only in designated areas.
3. No abusive or profane language will be tolerated.
4. Respect will be shown to all fellow contestants, judges, and volunteers.
5. No destruction of personal or private property will be tolerated.
6. All contestants and their families are expected to behave responsibly and in a professional manner.
7. Cell phones, smart watches, smart glasses, headphones, and earbuds are not permitted with the driver at any time during the competition (including the written test, pre-trip, course, and bullpens). Additionally, competitors are not permitted to wear any hat covering their ears. Volunteers must take calls outside of the competition area.
8. Any driving accident will result in immediate disqualification.
9. For all situations not addressed in this code, or for more stringent company policy, please see your company official or representative for clarification.

Violation of the Code of Conduct will result in immediate disqualification from this year's event. If a driver has completed any or all of the competition when the violation occurs, the driver's scores will be voided. Company officials will be notified, and depending on the severity of the violation, an individual or company may be denied entry to further TDC events.

The Contestant Ground Rules and Expectations and the Code of Conduct have been implemented to ensure safety for drivers, their families, and volunteers, as well as fair and equal opportunities for all drivers competing.

If a contestant has a concern or problem, it is to be reported to their bullpen monitor, a course or pre-trip judge, or an Ohio Trucking Association staff member. These individuals will be marked as such on their name badges. These individuals will then notify the TDC Chair and/or the committee if necessary.
