

South Carolina Driver of the Month Nomination Form

Basis for Nomination

A truck driver is expected to be courteous, efficient, and safe. Consistent professional conduct over the span of a career is not an expectation, it is the rule in today's truck transportation system.

Drivers who have successfully dedicated their careers as true professionals should be congratulated. Those who regularly go beyond the normal call of duty deserve reward. And, those who have found themselves involved in acts which fall into the category of exceptional or heroic certainly deserve special recognition.

Also, active involvement in civic affairs, family, and other activities which contribute to the person as a whole warrant consideration.

The SCTA Driver of the Month and Driver of the Year program was established to single out those outstanding drivers who deserve that special recognition.

Qualification Criteria

- All outstanding South Carolina domiciled drivers are eligible.
- Out-of-state drivers are eligible if they performed an outstanding or heroic act in SC.
- Nomination may be made by any party, but must be approved by employer or employer representative.
- Exceptional or heroic actions must be documented by letters or statements of recognition, news clippings, etc.

- Any and all supporting documentation

Nominations are valid for six months.

Recipients will be notified by letter to their home addresses with a copy sent to their supervisor.

Those awarded Driver of the Month are presented certificates and belt buckles at the Fall Joint Annual Safety Management and Technology & Maintenance Council Meeting. They are also recognized and presented with plaques at the Spring Safety Awards Banquet for the South Carolina Trucking Association (takes place in the Spring after the completion of the year). At the Safety Awards Banquet, the Driver of the Year is announced. We encourage companies of Drivers of the Month to allow drivers to participate in both events. Registration for the driver and one spouse/guest is covered. All travel and hotels are left to the company/driver.

If your driver is selected as a Driver of the Month, we strongly encourage you to submit additional letters of recommendation and supplements to be included with their packets so that the Driver of the Year Selection Committee has more substance to review.
