

## WIMBLEPONG!

Let's party! But let's also be honest, pulling off these types of programs for clients is often far from one big party. It's big work. It's hard work. But in the end - and in the beginning and middle for that matter - it's also good work. Meaningful work. Bringing people together around a collective cause and having them depart with more meaning and purpose in their work and lives. That's the good stuff!

This client approached us with several criteria for their offsite teambuilding program - it had to be actively engaging, it had to feel good, and because these attendees had seen and done everything, it had to be totally original while also tying into their meeting theme of "Changing The Game". Wimblepong was an innovative way to take a brand new, high-energy venue, and turn it on its head. Guests gathered over craft cocktails and creative noshes, and bonded over a spirited evening of camaraderie, charity, and fun. Round robin style tournaments were directed by comedically costumed Games Gurus, while our CSR partners simultaneously led smaller teams in the construction of custom sized Ping Pong tables which were then gifted to the Boys and Girls Clubs of Chicago. High fives and hoo-rahs all around!

“360 Destination Group came to the table with a hands-on and collaborative approach to the planning process. Their innovative event concepts and extensive knowledge of the city are just a few of the reasons we continue to partner with Michelle and her team year after year.”
