

One client hired Minneapolis-based metroConnections, Inc. to theme and execute a reception and dinner to celebrate their 25th Anniversary. Since the Meeting Planner is notorious for creating memorable experiences for her guests, she wanted something different for her event – not the typical “South Beach” theme that often is associated with Miami. So she requested metroConnections for this milestone occasion and the metroConnections team carefully calculated a crime scene and high-tech laboratory right out of the TV show “CSI: Miami” with the subtitle “25 years of Industry Leadership.”
