

THE U.S. DEPARTMENT OF ENERGY'S OAK RIDGE RESERVATION

Global expertise. National missions. Tennessee impact.

The U. S. Department of Energy's (DOE) Oak Ridge Reservation has grown from the Manhattan Project-operations of its past into a critical asset for the nation and global community. Pivotal to our national security, Oak Ridge manages our nuclear capabilities and nonproliferation efforts. A world leader in transformative science and technology, Oak Ridge is at the forefront of research to tackle the environmental and technological challenges of the future.

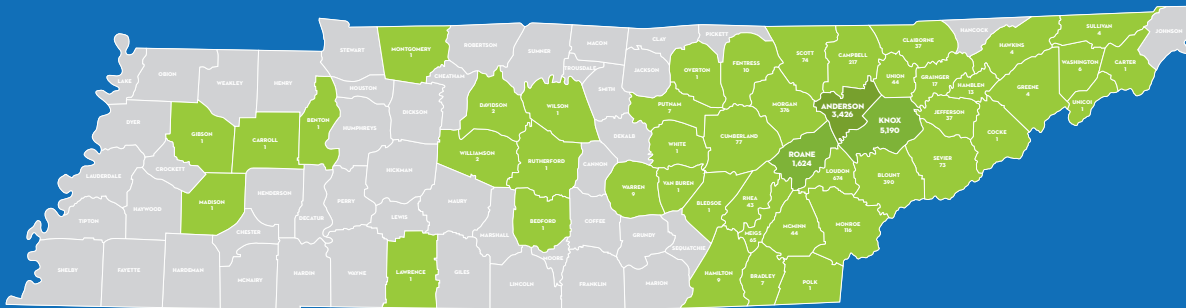

DOE is an important part of Tennessee's economy. The Oak Ridge Reservation is a job-creating machine for the Volunteer State. It injects billions into the state economy and cements Tennessee's stature as a global scientific leader. Discover the full scope of DOE's FY2017 impact in Tennessee at ETECONLINE.ORG
