STD Awareness Week Luncheon

Presented by the Health & Human Services Committee

The Health and Human Services Committee of the Chamber invites you to join us along with Monarch Health Services and the Centers for Disease Control and Prevention (CDC) in recognizing April 10-16 as STD Awareness Week. Throughout the week, Monarch will be hosting and participating in screening and educational events to raise STD Awareness. A special luncheon is scheduled for Wednesday, April 13 at 11:30 a.m. in the Chamber Boardroom to learn more about this important topic. The guest speaker will be Dr. Olayemi Osiyemi, a board-certified infectious disease specialist and president/CEO of both Triple O Medical Services and Triple O Research Institute. Register online at PalmBeaches.org.

STD Awareness Week, provides an opportunity to raise awareness about STDs and how they impact our lives; reduce STD-related stigma, fear, and discrimination; and ensure people have the tools and knowledge to prevent, test for, and treat STDs.

Dr. Olayemi Osiyemi

Sexually transmitted diseases (STDs) are a major public health issue, with many who become infected unaware of their condition unless accurately diagnosed through testing.

Palm Beach County was ranked sixth for new HIV, syphilis and chlamydia diagnoses and seventh for new gonorrhea cases for the state of Florida in 2020, posing increased

public health challenges to our community. According to the Palm Beach County Health Department, more than 8,000 new cases of sexually transmitted diseases have been reported in the county each year since 2018.

To help prevent the spread of STDs in Palm Beach County, Monarch provides screening, counseling, treatment, education and condom distribution.

Monarch will partner and host several outreach events during STD Awareness week. Testing is free for HIV, HEP C and other STDs. This will be offered at Monarch's clinic and through mobile testing. No appointments or identification are necessary.
