CTE HEALTH SCIENCES LNA PROGRAM

Nursing Assistant Program

New Hampshire is expected to see a significant increase in healthcare-related job opportunities. Healthcare practitioners and healthcare support occupations are projected to account for approximately 9,500 new jobs by the year 2030, which represents nearly 20 percent of all the new jobs expected in the state during that decade.

The **After Hours** Licensed Nursing Assistant (LNA) training program is designed to equip eligible candidates with the necessary skills and knowledge to work as nursing assistants in a professional capacity. Upon successful completion of the program, students will be fully prepared to take the state certification examination. Additionally, they will have the necessary qualifications to apply for an LNA license through the Board of Nursing.

AfterHours
CTE HEALTH SCIENCES LNA PROGRAM

After Hours is an exciting joint initiative piloted by the Dover Adult Learning Center and the Dover Regional Career and Technical Center. Through this collaborative effort, students will engage in hands-on experiences that form an essential part of Career and Technical Education (CTE.) They will gain valuable real-world knowledge that directly applies to their future job prospects and careers — and also can provide the opportunity to earn credit towards a high school diploma.
