**American Legion
Charlottesville and Albemarle: Post 74**

Mission:

National: The American Legion was chartered and incorporated by Congress in 1919 as a patriotic veterans organization devoted to mutual helpfulness. It is the nation's largest wartime veterans service organization, committed to mentoring youth and sponsorship of wholesome programs in our communities, advocating patriotism and honor, promoting strong national security, and continued devotion to our fellow servicemembers and veterans . . . The American Legion is a nonpartisan, not-for-profit organization with great political influence perpetuated by its grass-roots involvement in the legislation process from local districts to Capitol Hill. Legionnaires' sense of obligation to community, state and nation drives an honest advocacy for veterans in Washington. The Legion stands behind the issues most important to the nation's veterans community, backed by resolutions passed by volunteer leadership.

Post 74: Proud to be the Charlottesville-Albemarle County home of The American Legion, the world's largest veterans organization with over 2.4 million members. As wartime veterans, working through nearly 15,000 community level posts, we dedicate ourselves to God and Country and traditional American values; strong national security; adequate and compassionate care for veterans, their widows and orphans; community service; and the wholesome development of our nation's youth.

Darden Military Association (UVA Darden School of Business)

Mission: The Darden Military Association (DMA) exists to assist members in leveraging former and current military experiences to enhance career opportunities within the private sector, build esprit de corps and camaraderie within the Darden Community and host lively leisure events. DMA is open to all members (both current and former) of U.S. and foreign militaries, their partners and any individual who is interested in embracing leadership issues or learning about the military.

DMA aims to provide a familiar support structure that will help you and your family achieve a successful transition. The transition from military to civilian life generates new issues, concerns and questions. There are a lot of questions that many of us have had and will have during our time at Darden. Some are as general as learning about civilian industries and job opportunities, while others are as specific as how to translate military experiences into a solid résumé. DMA exists to share these issues and engage in dialogue that supports our individual goals.

Although this organization has members who are University of Virginia students and may have University employees associated or engaged in its activities and affairs, the organization is not a part of or an agency of the University. It is a separate and independent organization which is responsible for and manages its own activities and affairs. Chapter 30: We are dedicated to a single purpose: empowering veterans to lead high-quality lives with respect and dignity. We accomplish this by ensuring that veterans and their families can access the full range of benefits available to them; fighting for the interests of America's injured heroes on Capitol Hill; and educating the public about the great sacrifices and needs of veterans transitioning back to civilian life.

- Providing outreach concerning its program services to the American people generally, and to disabled veterans and their families specifically;
