Terri Kimble, President/CEO

Chandler Chamber of Commerce

@terri_kimble

With the holiday season right around the corner, I just want to remind everyone to shop local and support our fellow business owners. I had the privilege to speak at the Tax Cuts Now assembly at the State Capitol recently and delivered some interesting facts about small business in the U.S.

There are 29 million small business owners in America and they employ 56 million people—meaning 85 million Americans depend on small business.

- Over 8 million small businesses are minority owned.
- About 10 million small businesses are owned by women.
- About 1/5 small businesses are family owned and operated.
- Small business owners are responsible for 2/3rds of new jobs.

Here at the Chandler Chamber, we are committed to helping our small business grow and prosper. Next week, our Holiday Blast will go out to thousands of our eMagazine recipients and new this year, we are partnering with the San Tan Sun and East Valley Tribune to promote offers in our Holiday Blast on their electronic versions giving our small businesses more exposure in the East Valley.

[Click here](#) to get your offers in for next week as the first one will go out Tuesday, November 14th.

Chandler Mayor Jay Tibshraeny

@jaytibshraeny

“Sounds like somebody has a case of the Mondays”

That’s a line from the movie, “Office Space.” The movie title came to mind (I actually like Mondays!) when I started to think about all the office activity occurring here in Chandler of late.

In mid-October ground was broken on two, Class A office projects in Chandler that will bring hundreds of jobs to the community. The first is The Offices at Chandler Viridian, developed by Hines. It is a six-story, 250,000-square-foot project that joins a Cambria Hotel, multi-family and commercial components within Chandler Viridian near the mall, off of Frye Road and the Price Freeway. Stantec, an architectural and engineering design firm, has already leased space in the building as it merges its Arizona operational base here in Chandler. It’s good to see that parcel finally develop as intended, and will be a boon to the Price Road Corridor.

The second project is located on McClintock Drive just north of Chandler Boulevard and is called the Chandler Corporate Center, a 115,000 square-foot project by VanTrust Real Estate. Each of these buildings offers significant speculative space, and it is heartening to see the confidence these developers have in Chandler. And why not? Our current Class A office vacancy rate is about 9.3 percent as compared to just under 14 percent Valleywide.

And downtown, that rate drops to about 3 percent, with more development on the way. That includes Overstreet Chandler that includes Flix Brewhouse Cinemas and a new parking garage that seemingly went up overnight. Within that project is another 17,000 square-feet of second-story office space that will overlook our downtown. Phase 2 of Overstreet will bring an additional 40,000 to 60,000-square-feet of office space. We hope to announce some additional projects for the downtown, our airport area and other employments centers in the coming months.

Finally, I want to thank the membership for your continued involvement in the many partnerships the City shares with the Chamber of Commerce. That includes “Coffee with the Mayor” that enjoyed record attendance at the October 24 event. It’s great to talk about all of the things happening in the City with the members of the business community. Thanks you for the investment you continue to make here each and every day.

Education and Workforce Development Forum

Join us when we roll out a revolutionary tool to help the workforce of the future find their path

November 9th is the date for our next look at the future of Chandler's workforce development. This year we are going outside the box introducing a revolutionary program that will transcend career information for students and people researching career paths.

Be there when we roll out this new program developed by the Chandler Chamber Education and Workforce Development Coalition. Find out how you can be a part of this program.

CHANDLER CHAMBER **AZ** PUBLIC POLICY RECAP

October Series Recap

Photo: Chamber President/CEO, Terri Kimble presents Senate President Steve Yarbrough with certificate. Mike Brienza with Earnhardt Auto Centers and Carly Daniels with Dorn Policy Group

The Chamber was delighted to host both **Jeff McBee, Vice President of Hospital Operations for Dignity Health Chandler Regional and Mercy Gilbert Medical Center, and Sean Bowie, Arizona's Legislative District 18 State Senator**, on the October 13th, 2017 edition of the Public Policy Seminar series.

Jane Hanson, Chief Operating Officer for Dignity Health Chandler Regional and Mercy Gilbert Medical Centers, opened by providing a brief insight of the future of both Medical

Jeff McBee detailed the master plan of the **Dignity Health Chandler Regional Medical Center** remodel, designed by the Devenney Group and contracted through **McCarthy Building Companies, Inc.** The remodel will include the following items: a four story, 96-bed tower including a basement; renovations to the existing building; the inclusion of key hospital outpatient departments; 36 intensive care beds and 60 telemetry beds with 24 shelled beds planned for the future; a new parking garage to accommodate 944 vehicles with additional surface parking to accommodate 205 vehicles; 8 new operating rooms. McBee noted that a "hospital interior and exterior can be confusing" and stressed that the master plan is incorporating a logical layout; in addition, it is estimated that Dignity Health Chandler Regional Medical Center will grow by **150 new jobs** within the first year and 235 new jobs by the fifth year. The presentation came to a close after an audience member stated that she had received wonderful customer service when attending Dignity Health Chandler Regional, "Hello Humankindness is not a motto, it's our culture" answered Jeff McBee.

Sean Bowie, Arizona State Senator of Legislative District 18, launched his presentation by noting a few of his accomplishments in the 2017 Legislative Session: he was the only Democratic Party member to support a bill ceasing frivolous ADA lawsuits; the Arizona Technology Council gifted Bowie with the Tech Warrior Award as a result of his pro-technological stances; his legislative efforts assisted with the passing of ADA compliance standards, additional funding for higher education institutions, and a manufacturing tax credit. Bowie moved the discussion forward into topics of increasing importance for the 2018 Legislative Session: water contracts, opioid addiction, and education funding. Certain water contracts are available to contractors on a bidding basis; however, the State of Arizona is seeking to retain various contracts in order to implement water conservation practices. Regarding opioid addiction, current legislative efforts are pushing towards the increase of funding for methadone clinics, implementing preventative measures, and requiring medical clinics to utilize electronic prescriptions in order for the information to be tracked. The State of Arizona currently ranks **49 in education investment** and the current education deficit appears to be from 50 million to 100 million; however, Bowie added that he is working towards potential workforce development investment in the community college system.

During the October 27th Public Policy meeting, the Chamber had the pleasure of hearing from both the Arizona Senate President **Steve Yarbrough** and **Candice Copple**, the Chief of Staff for the Maricopa County Board of Supervisors Chairman Denny Barney.

Senator Yarbrough provided an overview of the upcoming legislature and briefly spoke about the 2018-2019 budget. The Arizona budget is growing slowly and analysts predict that the state will have approximately an \$80-100 million structural deficit; furthermore, approximately \$148 million will be spent on education and \$159 million is likely to be allocated to Medicaid. The Arizona Department of Revenue recently ruled that **digital goods** are indeed subject to taxation and that has left a significant amount of business confused as to what constitutes a digital good. Senator Yarbrough suspects that clarification at the State level is likely to be an upcoming focus of the legislature in order to ease concerns from local businesses. It was noted that water policy and the jurisdiction of such will become a significant topic in 2018.

Candice Copple presented a brief overview of the current county state of affairs. **Maricopa County** is currently the fourth largest county in the United States based on population (4,242,000 people), the fourteenth largest County by land area (9,255 sq. miles) and the fastest growing county in the United States. Maricopa County is also the 6th largest employer in the State with approximately thirteen thousand employees. The budget for Maricopa County is approximately \$2,494,000,000 with public safety accounting for 53.46% of the budget. The County is also interested in expanding the "Mosaic" program, which assists in-custody inmates with substance abuse and behavioral problems. Copple outlined the following capital improvement projects for 2018: constructing an in-take-transfer-release facility to replace Durango Jail, repurposing Madison Street Jail into the new County Attorney's Office, and improving the public safety radio system.

Congresswoman Kyrsten Sinema *Her Journey*

You won't want to miss the incredible life story of Congresswoman Kyrsten Sinema. She struggled through homelessness as a child, graduated Valedictorian of her high school class at 16, earned a B.A. from BYU at 18 and holds a Masters, J.D. and Ph.D. She was a social worker from 1995 until 2002 and in 2004 she won the Democratic primary for AZ's 15th District where she was re-elected 3 times. In 2013, Sinema completed an Ironman Triathlon in a little more than 15 hours and later that year, she summited Mount Kilimanjaro. For Sinema, it truly is the climb—hear her tell her story as only she can tell it.

Congratulations to all of our Chandler 100 Businesses and Contributors. The Chandler Chamber of Commerce honored the top 100 companies in Chandler, at The State of the Business Community featuring the Chandler 100. This year's festivities were held in the Quantum Helicopters hangar in the Chandler Airpark with over 300 people in attendance.

Supplied with the spectacular aviation backdrop of Quantum's helicopters, red carpet interviews, high flying aerialists and the incredible sounds of the progressive electric string quartet, Urban Electra, Chandler Mayor Jay Tibshraeny delivered a bright forecast of the local business community siting many developments that will be taking place in Chandler in the near future.

If we're sitting here a year from now celebrating what a great year it's been for you in this role, what did you achieve?
Doing a great job mentoring new Chamber members.

When have you been most satisfied in your life?
When I was accepted to Babson College.

What are two important questions you ask your clients and why?
What age would you like to retire and how do you envision your retirement? The best way to hit goals is to begin with the end in mind.

What is your Superpower?
Being able to get 2-4hrs sleep per night and still have a ton of energy!

The holidays are approaching, what is the best gift you have ever gotten and why? What is the best gift you have given?
Not sure of the best gift I've ever gotten, there's been a lot. Best gift I've given would have to be giving Sandy her Engagement ring on New Year's Eve 1999.

What would you put in your emergency "Go-Bag"?
Cell phone, clean underwear, & what such.

What takes you out of your comfort zone?
Being on Facebook.

How do you choose to make a "phone call" rather than a text?
I text if someone asks me to or doesn't answer my phone call.

If you woke up and had 2,000 unread emails and could only answer 300 of them, how would you choose which ones to answer?
I would answer work related first, especially from my clients.

Who would win a fight between Spiderman, Superman and Batman and why?
Superman because he's Superman.

A penguin walks through the door right now wearing a sombrero. What does he say and why is he here?
Sounds like that would have been after a long night. He would probably be there to pick me up as my Uber driver.

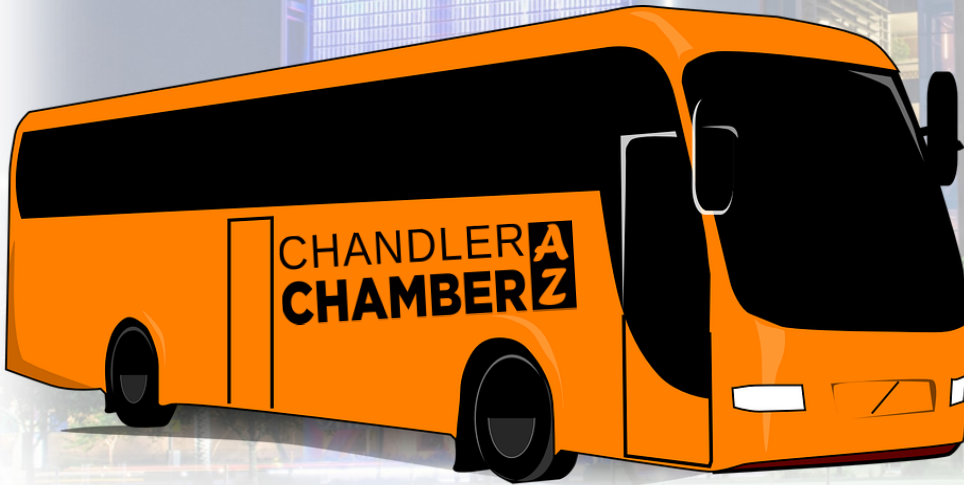

Tell us two things we don't know about you.
I enjoy being quiet & by myself at times.

an **EXPERT**

How to Be a Great Boss
Jon Deiter, Solutions, LLC

Studies have repeatedly shown that a majority of employees are disengaged at work. But it doesn't have to be this way. Often, the difference between a group of indifferent employees and a fully engaged team comes down to one simple thing—a great boss. Jon will be sharing and discussing time-tested, practical tools from the book, "How to be a Great Boss", by Gino Wickman and Rene' Boer. No matter what title is on your business card, these tools will guide you to become the best boss you can be – not only for your employees, but for yourself and the future of your company.

Key topics will include:

The difference between leadership and management and why they're equally important

The five leadership practices and five management practices of all great bosses

How to create accountability

This hands-on session is for anyone who takes pride in their role and genuinely cares about their people and understands that great employees are one of their organization's best assets.

Dec 9, 2017

Featuring Chandler Symphony, Saber Knights Academy, 501st Legion, Mandalorian Mercs, Cosplay Contests, Rocket Launches, LibCon and more!

**Sponsorships
are still available**

The galactic feeling is strong in Chandler and come December 9, 2017, aliens of all shapes and sizes will take over downtown for an event that will change the space/time continuum forever! What is sure to be the Valley's epic Chandler Symphony FanFest will be held from 2 pm to 8:30 pm at Dr. A.J. Chandler Park East. This inaugural event is in partnership with the City of Chandler, Downtown Chandler Community Partnership and the Chandler Symphony Orchestra.

This free outdoor extravaganza will be 'fully operational' and exploding with entertainment, activities, food and music for the entire family! So you want to be a galactic hero? Don't miss the special training featuring electrifying 'Spar Wars duels' by the Phoenix Saber Academy, Syndicate Saber United and the Saber Legion. Witness the invasion of the Mandalorian Mercs, recognized by Lucas film as the 'Elite Mandalorian Costuming Organization' and the all mighty 105th Squadron in full gear. The fabulous 501st Legion will be watching out for the Outer Rim Brigade said to be creeping in from outer edges of the universe!

Calling all Cosplay costumers! Share your look, your life, your story with us in downtown Chandler! Enjoy two Cosplay costume contests - one for children under 15 and then the big Bantha blowout competition, the Craftsmanship Award Show with pre-judging and a cat walk.

There is something for everyone at this gathering of the galaxy! The kids will marvel at Orbital ATK's 'NASA in the Park' with over 40 engineers onsite working with kids for hands-on activities such as a real Rocket Launch every 30 minutes, Balloon Rockets Races, Cloud Chamber, and Wind Tunnel to name a few of the exciting opportunities.

Play-Well TEKologies will be bringing in 50,000 LEGO pieces where kids, young and old, can construct an alien universe throughout the day. Enjoy the Saber Toonz Kids play area and fun-tastic intergalactic demonstrations. Enter the 'Spaceport,' hosted by the Chandler Public Library with Cosplay story times, arts & crafts and Crafts from local Chandler Unified School District students and performances by children from the Kyrene School District just to touch on all the fun that will be held at Fanfest 2017.

All this excitement leads up to the incredible live under-the-stars performance of the music that has put goosebumps on a Wookiee, classics from Academy Award-winning composer, John Williams performed by the Chandler Symphony Orchestra and perfectly choreographed to an amazing Fireworks extravaganza!

So save the date for December 9th in downtown Chandler. Don't miss this chance to live in a universe far away for one incredible day! For more information visit www.csofanfest.com. May the Force be with
