Board Chair/CEO Update

Lori Gallegos, First Credit Union Board Chair, Chandler Chamber of Commerce

As we conclude our “call” for volunteers with an interest in serving on the Chandler Chamber Board of Directors, I reflect on the commitment of this important role. The Chamber Board of Directors is the oversight branch of the Chamber with responsibility to approve the budget, monitor the financials, review committee reports and make recommendations that guide the activities of the organization. Ultimately, the Board takes responsibility to ensure the policy direction and outcomes of the Chamber are aligned.

Collectively, the Board of Directors continues 112 years of progress, innovation and dedication to Chandler’s businesses and community. Before the city was incorporated, the Chamber advocated for roads, street lights and water usage. Today, the Chamber is still moving the city forward with partnerships for the advancement of autonomous vehicles, education in workforce development along with diversity and inclusion while promoting Chandler as a dynamic city for business investment to expand it’s economic development.

Board members are selected on several criteria which include leadership in their industry and the community, knowledge and experience in civic affairs, along with a vested interest in the continuous growth and development of the Chamber. On behalf of our current Board, I look forward to welcoming our new Board members that bring ideas and fresh perspective from our business community.

A sincere Thank You for your interest and best of luck to all of our applicants.

Terri Kimble, President/CEO Chandler Chamber of Commerce @terri_Kimble

On October 17th we are honored to have ASU President, Dr. Michael Crow at Chandler Gilbert Community College presenting ‘The State of Higher Education’. President Crow will talk about the global workforce and its impact on Arizona and the world. Learn what direction our colleges and universities taking to accommodate a prepared world workforce.

On October 29th we stay a little closer to home with Coffee with Mayor Kevin Hartke right here at the Chamber.

On November 6th we will be honoring Chandler’s Top 100 Businesses in downtown Chandler in the Oregon Street Parking Garage. Yes, that’s right, a parking garage, but not just any parking garage. You will have to attend to see what sets this downtown Chandler structure apart and catch all the fun and surprises instore for our guests. It will be nothing like you have seen before featuring The Taste of Chandler®, entertainment and plenty of excitement!

And on November 14th we take innovation and collaboration to a new level as we partner with the ASU Center for Smart Cities and Regions’ to present the Autonomous Vehicle Symposium. A full day of everything you need to know about Autonomous Vehicles—panel discussion, high tech demos and more. This will be held at Chandler Gilbert Community College.

Then on December 4th, it is the Economic Development Chandler Bus Tour. This guided bus tour is a member favorite and gives the latest scoop on what is coming to Chandler and the skinny on current projects in the working stages.

So as you can see, there is much to do, learn and see this fall with the Chandler Chamber. Register early as many of these events will sell out.

Chandler Mayor Update

Chandler Mayor Kevin Hartke
City of Chandler
@ChandlerAZMayor

Smart and efficient mobility systems are essential to the success of businesses, quality of life for residents and experience of our visitors. Mobility is the ability to go places, and Chandler is committed to providing forward-thinking transportation networks connecting residents and visitors not only to destinations within Chandler but also to the greater East Valley region.

As business leaders and residents of Chandler, mobility greatly affects your everyday lives, so I am asking for your input on the future of transportation within our community. There will be two opportunities in October to provide your feedback:

- Earlier this year, the City conducted two online surveys to gauge opinions on the electric scooter (“e-scooter”) and bike sharing services operating in cities across the country. A public meeting will be held at 5 p.m., Wednesday, Oct. 16, to solicit feedback on a proposed Shared Mobility Pilot Program based on the feedback from those surveys. The meeting will be held at the Chandler Museum, 300 S. Chandler Village Dr. After receiving additional input at this public meeting, City staff will present a proposal to the Chandler Transportation Commission, followed by a presentation to the City Council in early 2020. Public input will be welcome at these meetings, which will be posted on the City’s public meeting calendar at chandleraz.gov/events.
- Draft plans of two transportation studies, the Chandler Transportation Master Plan 2019 Update (TMP) and the Arizona Avenue Alternatives Analysis Study, will be presented to the public during a meeting from 5-7 p.m., Thursday, Oct. 24, at Chandler Community Center, 125 E. Commonwealth Ave. The City’s TMP was last updated in 2010 and since that time, the community has changed considerably, including population and employment growth, new residential and commercial development, and the introduction of autonomous vehicle technologies. For more information visit KeepChandlerMoving.com.

Transportation needs in Chandler are evolving with the City’s growth and with the changing trends in transportation and technology. Your input is a valuable and necessary component to ensuring we are planning efficiently for the future. I hope to see you at these upcoming meetings.

Wrap Up—Friday, September 27th 2019

The September 27th program featured Eric Anderson, Executive Director for the Maricopa Association of Governments (MAG), Matthew Contorelli, VP of Public Affairs & Rural Development for the Arizona Corporation Authority (ACA), spoke on the status of operations in economic development, transportation and diversification within Chandler and Arizona. Anderson presented the coordination among regional governments and businesses within MAG and how they are working towards stronger partnerships with international trade, reinforcement of Arizona transportation infrastructure as well the future of Prop 400, and unification of goals in Arizona's regions. Matthew Contorelli showcased the ACA's work in attracting international business, supporting established businesses and promoting projects to increase high-wage employment opportunities. We also heard from Representative Mitzi Epstein (LD 18), discussing goals in education and supporting mental health professionals, Chandler Mayor Kevin Hartke, updated the status of new budget surveys in November as well as the finalization of the new downtown parking garage, and finally, Vice Mayor Terry Roe, highlighted occasions such as Domestic Violence Awareness month.

The Chandler Chamber is very active politically at all levels of government. We realize the value of active participation and understand the importance that public policy plays in the success of our businesses. To view what the Chandler Chamber lobbied on successfully during the 2019 Arizona State Legislative Session, and to see how your local representatives voted, [click here](#).

The Chandler Chamber of Commerce was recently in Denver for the National U.S. Chamber of Commerce LEAD Conference.

The purpose of this conference was for Chambers across the country to come together in order to establish a cohesive set of legislative priorities that affect all businesses from the national to the local level and educate them on these issues. There were many policy issues on the agenda such as; criminal justice reform, autonomous vehicles, marijuana legalization pertaining to employers, healthcare for employers, intellectual property issues, energy, trade, infrastructure and employment law among others. All of which will impact the business community and the economy in the coming legislative session, both at the state or federal level.

The issue of data privacy could possibly have the greatest effect on business in the coming years depending on how it is legislated. California has recently passed a sweeping data privacy bill, the California Consumer Privacy Act, which potentially threatens businesses on several levels. Caveats such as fines, implementation, overly broad definitions and the scope of the legislation make the CCPA very worrisome for businesses. As the Information and Communications Technology (ITC) is deeply rooted in in the US economy, with more than 5 jobs (5.73 multiplier) tied to every one job in tech that could be affected, this issue is of paramount importance and requires well thought out and flexible legislation. Several states in the country have already followed the example of the CCPA, however, Arizona must find a path to data privacy that is unique to our needs and applied with greater prudence on all levels.

Criminal justice reform is also an issue that continues to influence the greater economy negatively and is also a work-force issue at the federal and state level, particularly here in Arizona. Representative Blackman (R) Snowflake, and Representative Toma (R) Peoria, have stated that they fully intend to introduce much needed criminal justice reform bills in the upcoming 2020 session to help address the burden the current justice system places on the for-mentioned issues.

As Chandler remains a national leader in the Autonomous Vehicle (AV) space, legislation that will affect everything from liability issues, hierarchy and uniformity of authority and regulation, to how AV's are introduced into the greater traffic flow of regular drivers, needs to be carefully considered and crafted with an exceptionally wide range of stakeholders. The Chandler Chamber of Commerce is at the forefront of the issue with stakeholders considering the policy implications. The Chamber is hosting a one-of-a-kind Autonomous Vehicle Symposium to inform and educate the public on November 14, 2019 in coordination with the larger Smart City Consortium. This will not only feature the foremost companies in this field but safety, policy and tech experts who are leading the nation/world in Autonomous Vehicle field. Demonstrations of this technology will be showcased as well, don't miss it! [Click here](#) to register.

These are just a few of the issues that the Chandler Chamber is focused on. We are constantly reaching out to experts in the field for the latest and most up-to-date information and policy makers to express our concerns and positions. We advocate for our member's needs, work with educators to ensure a strong workforce while our Board of Directors confirms we are meeting our directives. If your business needs assistance, or you have concerns with other policy issues, we encourage you to reach out to our to the Chamber.

We thank you for your membership, support and participation.

CHANDLER CHAMBER

Small Business Health Care Video Series

Frequently asked questions about small business health care options.

Very soon, the Chandler Chamber will be unveiling its one-stop-shop video platform on the Chamber's website to answer some of your Small Business Health Insurance questions. We have assembled an extensive list of expert panelists, who, in addition to answering those critical questions that Small Businesses must know when looking for insurance options, will connect you with the Chandler Chamber's best brokers and insurance professionals.

CUSD Bond Vote in November

The Chandler Chamber would like to extend its support for the approval of the upcoming Chandler Unified School District bond to be voted on this November. The bond will allow CUSD to continue to provide a high-quality education system that produces graduates who can fulfill the evolving and demanding workforce needs of Chandler Businesses. This plays a large role in attracting and retaining companies that drive the city's economic vitality.

Must be registered by October 7th.

November 1st, last day to mail in ballot.

You can drop off your ballot on Election day, November 5th.

WOMEN IN LEADERSHIP

Intergenerational Mentoring

Have you tried mentoring the traditional way, and found something missing? Is your mentoring relationship “one way”? Do you always impart wisdom or act as the senior in a mentoring relationship? Perhaps you are newer in your career and you “soak up” the advice of more tenured business contacts.

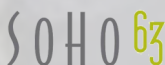

Increasingly, intergenerational mentoring is encouraging give and take relationships, where we learn from each other. The traditional mentor-protégé relationship is evolving into a two way partnership that provides mutual benefits, infusing energy into your work and strengthening work relationships.

Class 36 Education Day

On Friday, September 20th, the Community Foundation Leadership Institute Class began their day at Basha High School. They were welcomed by Chandler Unified School District Superintendent, Dr. Camille Casteel. The class then toured

Basha High School and learned about their cutting edge cyber security program and accelerated middle school.

After the tour, the class received a powerful presentation from the YES Stewardship Students, directed by Dr. Adama Sallu who is the director of Diversity, Equity and Inclusion. The class members were then divided into groups and had the opportunity to tour many of the great Chandler Unified Schools. The showcased schools and facilities were Arizona College Prep Oakland, Hartford Elementary, Chandler Care Center, Auxier Elementary, Perry High School, Transportation Yard, Tarwater Elementary, Bogle Junior High and the CUSD Warehouse.

The class came back together to the Central Kitchen Training room for a tour and to have lunch with the CUSD Governing Board and Executive Cabinet. The food was provided by the CUSD Food & Nutrition/Aramark. The rest of the afternoon was filled with great presentations representing many aspects of Chandler Unified

School District. The class heard from Director Tawnya Smith regarding school safety and security to learn how the students are being protected. Then, Executive Director Jen Hewitt discussed the Chandler Education Foundation. Lastly, the school budget and finance was presented by Chief Financial Officer, Lana Berry. The day was jam packed with a focus on reflective and innovative leadership. The class was provided an overview of the diverse opportunities for students and the various support services available within the Chandler Unified School District.

On October 18th Class 36 will attend their last issue day of the year. The day will focus on infrastructure and environment in Chandler.

Dream Big, Live with Purpose, Be Unstoppable
