“ I am honored to be a founding member of the Professional Women in Building. It’s absolutely amazing to see the power of what we can do collectively to empower and support the women around us every day. I’m most excited about our mentoring program, community service, and the friendships that are yet to come!

# WHAT IS THE PROFESSIONAL WOMEN IN BUILDING COUNCIL?

The Homebuilders Association of Metro Denver Professional Women in Building Council represents women who are actively involved in all aspects of the building industry - as builders, developers, remodelers, suppliers, architects, marketing experts, interior designers, Realtors, mortgage lenders and trade contractors. The Council is an affiliate of the NAHB PWB Council, and membership in the HBA is required.

## OUR MISSION

The HBA of Metro Denver Professional Women in Building Council is dedicated to promoting, enhancing and supporting home building and women within the industry. We will do this by:

- Providing professional development resources
- Encouraging career development within the industry
- Promoting and supporting community involvement
- Providing networking opportunities with leaders in every facet of our industry

“ I just recently joined the HBA and could not be more excited about finding such a fabulous group of women to be a part of! Being new to the building industry, the PWB Council offers extensive opportunity for growth, an outlet where I can develop new relationships and if that isn't enough, I have so many great mentors at my fingertips!

— Ashley Carlson, Century Communities, New Home Specialist
