

Employee Ownership

Quick Fact Sheet

What is this?

The Center for Business Ownership Succession and Employee Ownership was established by Illinois legislation to support small businesses as they transition ownership or offer employee ownership opportunities. However, the center has never received funding, missing out on a crucial chance to assist small businesses and boost economic growth.

Why its Important?

Funding the Center for Business Ownership Succession and Employee Ownership is crucial for smooth business transitions. It offers counseling, workshops, and networking to promote employee ownership and succession planning, boosting local economic growth and sustainability.

How You Can Help?

Share information about the importance of funding the Center to your network. The more people know, the more pressure we can put on policymakers. Contact your local legislators and express your support for funding the Center. Let them know why this issue matters to you and your community. Follow us on social media to stay updated and show your support!
