About Escambia County Healthy Start Coalition

The Escambia County Healthy Start Coalition is one of thirty-two non-profit organizations across Florida dedicated to improving the health of pregnant women and babies. Our mission is to improve the health of babies through community partnerships. The Coalition relies on local community input to plan, implement, and evaluate a comprehensive system of care for pregnant women and children, up to age three, who might be at risk for a poor pregnancy or birth outcome. The Escambia County Healthy Start Coalition contracts Care Coordination services with the Department of Health Healthy Start program. Services include help finding a doctor, nutrition education, help with quitting smoking, childbirth classes, breastfeeding support and education, and inter-conception care.

If you are pregnant or have a child under the age of three and would like to participate in Healthy Start services, please contact our office at 850-696-2291. If you work with pregnant women or children and want to learn more about how to refer a client/patient, please contact us.
