

I'm pleased to announce Danica Phillips has joined Escambia County as the Media and Public Information Manager. She brings 10 years of public affairs experience, including serving five years in the US Navy. She served as a mass communication specialist aboard the USS Theodore Roosevelt aircraft carrier, while managing a media shop of 22 providing journalism, photography, broadcast, videography production, social media and website content. She earned a Navy-wide award for Graphic Designer of the Year. She continues to serve as a Navy Reservist in Pensacola. She also has experience working in public affairs at the Navy Postgraduate School, the University of California, San Diego, a full-service PR agency and most recently at Five Star Properties. Her husband is in the Army stationed at Eglin, which brought Danica from California to Florida. She's not a stranger to Florida though, she earned a Bachelor's Degree at Florida State University and earned her Master's Degree at Liberty University.

Today is her first day being on-call. 😊
